GENERAL.

The 5th January 1923.

No. 527.—In exercise of the powers conferred by rule 5 of the Fundamental Rules, the Governor in Council and the Governor and Ministers are pleased to direct that the following additions shall be made to the rules published with Punjab Government notification No. 1058, dated the 13th January 1922:—

(*i*) In rule 2 of the rules under Fundamental Rule 103 (*a*), serial No. 12-after the words "Government servant" in line 1 *insert* "except a member of the work-charged establishment of the Public Works Department."

(*ii*) In rule 2 of the rules under Fundamental Rule 103 (*c*), serial No. 15, after the words "piece work system" *insert* "or a daily labourer employed in the Public Works Department."

The 6th January 1923.

No. 752.—In supersession of all previous orders on the subject the Governor in Council and the Governor acting with his Ministers are pleased to make the following rules regarding the grant of grain compensation allowance. These rules will be considered to be of permanent application and will come into force with effect from the 1st February 1923 :—

(1) Grain compensation allowance is a compensatory allowance given only to whole time Government servants under the administrative control of the Punjab Government whose pay lies within certain limits to compensate them from time to time for the high prices of food grains.

(2) In these rules Kasauli in the Ambála District is to be considered as a separate district.

(3) The allowance will be admissible according to the following scales :—

RATE OF PAY OF WHOLE TIME GOVERNMENT SERVANTS.		AMOUNT OF GRAIN COMPENSATION ALLOWANCE ADMISSIBLE IF AVERAGE PRICE OF PRINCIPAL FOOD-GRAINS OF THE DISTRICT IS	
Not more than	But more than	Dearer than 7 seers per rupee but not dearer than 6 seers per rupee. (1st scale).	Dearer than 6 seers per rupee but not dearer than 5 seers per rupee. (2nd scale).
Rs. per month.	Rs. per month.	Rs. per month.	Rs. per month.
32	31	...	1
31	30	1	2
30	16	2	3
16	0	1	2

NOTE.—The term "pay" does not include a compensatory allowance, *vide* Fundamental Rules 9 (5) and 9 (21).

No allowance will be admissible if the average price of the principal food-grains of the district is not dearer than 7 seers per rupee.

(4) The principal food-grains of a district will be taken to be those shown in the following table under the district concerned. They include all those shown opposite "obligatory grain" and two of the grains shown opposite "optional grains." The selection of the two optional grains will rest with the Deputy Commissioner of the District concerned who will select the two cheapest grains available in sufficient quantities.

	Kasauli.	Simla.	Karnal, Shahpur, Ráwalpindi, Jhang, Multán and Dera Gházi Khan Districts.	The Ambála District, excluding Kasauli, and all other districts.
Obligatory grains ...	Wheat ...	Wheat ...	Wheat ...	Wheat.
	Gram ...	Gram ...	Gram ...	Gram.
	Maize ...	Barley ...	Jowar ...	Barley.
Optional grains ...	Rice (Begum) ...	Bathu ...	Bajra ...	Jowar.
	Rice (Jhingan) ...	Masur ...	Maize ...	Bajra.
	Rice (Jira) ...	Maize ...	Rice ...	Maize.
	...	Rice ...	...	Rice.

(5) For calculating the average price the average retail rate prevailing, as ascertained from the fortnightly prices current, published in the *Punjab Gazette*, or, in the case of Kásauli only, similar rates as reported by the Cantonment Magistrate, Kasauli, during the last fortnight of the month preceding and the first fortnight of the month for which the allowance is due, will be taken.

(6) These prices are recorded in seers and chhitacks per rupee and the average price will be taken as the average of these recorded quantities.

(7) If in any month any one of the obligatory grains is not available the cheapest of the optional grains prescribed should be substituted for it.

(8) For Government servants serving in Indian States the average price of the principal food-grains will be taken to be —

For the Phulkian States and Kalsia, as for Ambála.
For Baháwalpur, as for Multán.
For Faridkot, as for Ferozepore.
For Maler Kotla, as for Ludhiána.
For Loháru, as for Hissar.
For Dujána, as for Rohtak.
For Pataudi, as for Gurgaon.
For Kapúrthala, as for Jullundur.
For Sirmúr and the Simla Hill States as for Simla.
For Mandi, Suket and Chamba, as for Kángra.

(9) It is pointed out that Grain Compensation Allowance will be admissible to whole time Government servants holding temporary posts and therefore regard must be had to this fact in fixing the pay of such temporary posts.

FAZL-I-HUSAIN,
Minister for Education.

HARKISHAN LAL,
Minister for Agriculture.

Punjab Government Notifications and Orders.

LEGISLATIVE DEPARTMENT.

The 13th January 1923.

No. 20. In pursuance of the provisions of sub-section (3) of section 81 of the Government of India Act the following Act of the Local Legislature of the Punjab, having been assented to by the Governor on the 23rd November 1922 and by the Governor-General on the 6th January 1923, is hereby published for general information:—

The Punjab District Board (Amendment) Act, 1922.

PUNJAB ACT XI OF 1922.

An Act to amend the Punjab District Boards Act, 1883.

Preamble. WHEREAS it is expedient to amend the Punjab District Boards Act, 1883, in the manner hereinafter appearing, and whereas the previous sanction of the Governor-General has been obtained under sub-section (3) of section 80-A of the Government of India Act, it is hereby enacted as follows:—

Title and commencement. 1. (1) This Act may be called the Punjab District Boards (Amendment) Act, 1922.

(2) It shall come into force on such date as the Local Government may by notification appoint in this behalf.

Numbers of sections. 2. The sections referred to by number hereinafter mean the sections as so numbered in the Punjab District Boards Act, 1883, unless it appear to the contrary.

Omission of section 4. 3. Section 4 shall be omitted.

Amendment of section 5. 4. In sub-section (1) of section 5 between the word "exceeding" and the word "ten" shall be inserted the words "twelve and not less than."

Amendment of section 10. 5. In section 10 shall be inserted a comma followed by the words "small town as defined in the Punjab Small Towns Act, 1922" between the word "cantonment" and the word "or."

Amendment of section 11. 6. In the proviso to sub-section (2) of section 11—

For clause (b) the following clause shall be substituted, namely:—

"(b) of the appointed members not more than one-half or six, whichever is less, shall be salaried officers of Government."

New section. 7. After section 11 the following new section shall be inserted, namely:—

Oath of allegiance. "11-A. Notwithstanding anything contained in the Indian Oaths Act, 1873, every person who is elected or appointed to be a member of the district board shall before taking his seat take or make, at a meeting of the board, an oath or affirmation of his allegiance to the Crown in the following form, namely:—

I, A.B., having been elected/appointed a member of this Board do solemnly swear (or affirm) that I will be faithful and bear true allegiance to His Majesty the King Emperor of India, His heirs and successors, and that I will faithfully discharge the duty upon which I am about to enter.

Provided that—

(a) if any such person omits or refuses to take or make such oath or affirmation, his election or appointment as the case may be shall be deemed to be invalid;

(b) in the case of such invalid election the person if any who obtained the next largest number of votes from amongst those who failed to secure election, shall be deemed to have been duly elected, or if the election was uncontested a fresh election shall be held, or in the case of such invalid appointment the Local Government shall appoint another person in the manner prescribed in sub-section (2) of section 11;

(c) no person whose election or appointment has been deemed to be invalid under this section shall be eligible for election or appointment to any District Board for a period of two years from the date on which he ought to have taken or made such oath or affirmation."

Amendment of section 19. 8. In sub-section (1) of section 19 between the word "one" and the word "of" the words "or two," and between the word "members" and the word "to" the words "not being salaried officers of Government" shall be inserted; and for the comma after the word "vice-chairman", shall be substituted a comma followed by the words "or vice-chairmen, and when two vice-chairmen are elected on the same date, shall declare which of them shall be the senior."

New sections. 9. After section 19 the following new sections shall be inserted, namely:—

Power to delegate. "19-A. Notwithstanding anything contained in this Act, every District Board may, with the previous sanction of the Local Government by resolution delegate to the chairman, vice-chairman, secretary, civil surgeon, medical officer of health or any officer of the department of Public Instruction all or any of the powers conferred upon the board under sections 20 and 27.

19-B. (*1*) In cases of emergency the chairman or in his absence or during the vacancy of his office, a vice-chairman may direct the execution of any work or the doing of any act which the district board is empowered to execute or do, and the immediate execution or doing of which is, in his opinion, necessary for the service or safety of the public, and may direct that the expense of executing such work or doing such act shall be paid from the district fund ;

Extraordinary powers of chairman, vice-chairman and Deputy Commissioner in cases of emergency.

Provided that every direction given under this section shall be reported to the next following meeting of the board.

(*2*) The chairman or vice-chairman shall not act under this section in contravention of any order of the board.

(*3*) The chairman or, in his absence or during the vacancy of his office, a vice-chairman may prohibit, until the matter has been considered by the board, the doing of any act which is in his opinion undesirable in the public interests provided that the act is one which the board has power to prohibit.

(*4*) If the chairman or vice-chairman as the case may be omits to take action under sub-section (*1*) or sub-section (*3*) the Deputy Commissioner may by written notice require him to do so, and if he refuses or fails to take such action, the Deputy Commissioner may exercise the powers described and limited in sub-sections (*1*) and (*3*).

(*5*) If the expense of executing the work or of doing the act as described in sub-section (*1*) is not paid as directed, the chairman, vice-chairman or Deputy Commissioner as the case may be may make an order directing the person having the custody of the balance of the district fund to pay the expense or so much thereof as is, from time to time, possible from that balance in priority to all other charges against the same.

(*6*) No direction given under this section shall be questioned in any court on the ground that the case was not one of emergency.

19-C. Every officer or servant employed by a district board whether for the whole or part of his time and drawing remuneration of not less than thirty rupees per mensem, and every member of a board shall be deemed to be a public servant within the meaning of section 21 of the Indian Penal Code."

Officers, servants and members to be public servants.

10. After section 20 the following new section shall be added, namely :—

New section.

"20-A. Subject to such terms as may be agreed upon beforehand the district board may—

Power to delegate to Village Panchayat.

(*a*) delegate any of the following duties to a Panchayat duly established under section 5 of the Village Panchayat Act, 1921—

(*i*) any matters under the direct administrative control of the board ;

(*ii*) the construction, maintenance or improvement of any property under the control or management of the board, other than property covered by clause (*i*) ;

(*iii*) the control and management of cattle pounds ; and

(*b*) appoint a village panchayat duly appointed under the said Act to be a School Attendance Committee under section 16 of the Punjab Education Act, 1919."

11. In section 26 between clauses (*e*) and (*f*) the following new clause shall be inserted, namely :—

Amendment of section 26.

"(*ee*) the powers conferred under sections 20 and 27 that may be delegated to the chairman, vice-chairman, secretary, civil surgeon, medical officer of health or any officer of the department of Public Instruction."

12. (*1*) To sub-section (*1*) of section 27 the following words shall be added, namely :—

Amendment of section 27

"Provided further that the appointment of a secretary to the board shall be subject to the approval of the Local Government."

(*2*) To the same section the following sub-section shall be added, namely :—

"(*3*) When the Deputy Commissioner is a member of the board, the Commissioner and the Local Government shall take the place of the Deputy Commissioner and the Commissioner, respectively, for the purposes of this section."

13. In sub-section (*1*) of section 29 for the word "ten" the word "twenty" shall be substituted.

Amendment of section 29.

14. For section 30 the following shall be substituted, namely :—

Amendment of section 30.

"30. A district board may impose—

(*1*) with the previous sanction of the Local Government any tax scheduled as exempted from the provisions of clause (*a*) of sub-section (*3*) of section 80-A of the Government of India Act by rules under the said Act ;

Power of taxation.

Provided that the Local Government may empower any district board to impose without such sanction one or more of such taxes subject to such limitation as it may prescribe.

(*2*) With the previous sanction of the Governor-General any other tax ;

Provided that no tax imposed under this section shall be imposed in respect of any property subject to the local rate."

15 Section 46 shall be omitted, and the figures and letter 19-B shall be substituted for the figures 46 wherever they occur in sections 48 and 49.

Omission of section 46.

16. (*1*) In sub-section (*1*) of section 54 between the word "authority" and the word "and" the words "or Small Town Committee" shall be inserted.

Amendment of section 54.

(*2*) In sub-section (*4*) of the same section a comma shall be substituted for the word "or" and after the word "authority" shall be added the words "or Small Town Committee."

Amendment of section 55.

17. In section 55—

(*1*) sub-section (*1*) shall be omitted.

(*2*) sub-section (*2*) shall be renumbered (*1*) and in the sub-section so renumbered the words "by notification" shall be inserted between the word "may" and the word "for" and after the words "rules for" the following new clause shall be inserted, namely:—

"(*a*) prescribing the manner in which the oath or affirmation of allegiance under section 11-A shall be administered."

(*3*) after the said sub-section the following new sub-section shall be added, namely:—

"(*2*) Rules made under clause (*d*) of sub-section (*1*) may among other matters provide—

(*i*) for the investigation of allegations of corrupt practices or intimidation at elections;

(*ii*) for making void the election of any person proved to the satisfaction of the Local Government to have been guilty of corruption or intimidation or to have connived at or abetted the exercise of corruption or intimidation on his behalf by any other person;

(*iii*) for rendering incapable of district board office for a term of years any person whose election may have been made void as aforesaid for corruption or intimidation or for connivance at or abetment of the same;

(*iv*) for the definition of the practices at district board elections which are to be deemed to be corrupt or to amount to intimidation;

(*v*) for prescribing the authority by which questions relating to the matters referred to in clause (*d*) of sub-section (*1*) shall be determined;

(*vi*) for authorising the officer deciding any objection to an election to order the objectors to pay the costs of all proceedings taken upon such objection if the latter be in the opinion of such officer frivolous or vexatious; and

(*vii*) for authorising courts to take cognizance of the breach of any such rules on the complaint of the Deputy Commissioner or some person authorized in writing by the Deputy Commissioner.

Explanation.—Any order passed under a rule made under sub-clause (*vi*) shall be final.

Provided that no rules or alterations of rules made under the said clause shall come into operation until three months after they have been notified."

(*4*) The concluding paragraph of the section shall be omitted.

18. In sub-section (*1*) of section 58 the words "by name or office" shall be inserted between the word "authorized" and the word "by."

Amendment of section 58.

19. The following four new sections shall be inserted at the beginning of Part I of Chapter III, namely:—

New sections.

"58-A. Any person wilfully obstructing the board, or any officer or servant of the board, or any person authorised by the board, in the exercise of the powers conferred by this Act, shall be punishable with a fine which may extend to fifty rupees.

Penalty for obstructions.

58-B (*1*) Save as provided in section 70 all moneys claimable by a district board under this Act may be recovered on application to a Magistrate having jurisdiction in the district, or in any other place where the person from whom the money is claimable may for the time being be resident, by the distress and sale of any movable property within the limits of his jurisdiction belonging to such person. The costs of such proceedings shall be recoverable in the same manner as the said moneys.

Recovery of moneys claimable by the board.

(*2*) An application made under sub-section (*1*) shall be in writing and shall be signed by the chairman or the secretary of the board but it shall not be necessary to present it in person.

58-C. The district board may make compensation out of the district fund to any person sustaining damage by reason of the exercise of any of the powers vested in the board, its officers and servants, under this Act, and shall make such compensation when the damage was caused by the negligence of the board, its officers or servants and the person sustaining the damage was not himself in default in the matter in respect of which the power was exercised.

Payment of compensation.

58-D. (1) The district board or with the authorisation of the board its chairman, vice-chairman or secretary may accept from any person against whom a reasonable suspicion exists that he has committed an offence against this Act or any rule or regulation made thereunder, a sum of money by way of composition for such offence.

Power to compound offences.

(2) On payment of such sum of money the suspected person if in custody shall be discharged, and no further proceedings shall be taken against him in regard to the offence or alleged offence so compounded.

(3) Sums paid by way of composition under this section shall be credited to the district fund

(4) Authorisation under sub-section (1) to accept composition for alleged offences may be given by the board either generally in regard to all offences against this Act or the rules made thereunder or particularly only in regard to a specified offence or offences of a specified class and may be at any time withdrawn by the board."

Omission of section 65.

20. Section 65 shall be omitted.

Omission of section 66.

FINANCE DEPARTMENT.

BUDGET.

Review of the Annual Accounts of the Punjab for the year 1921-22.

Proceedings of the Governor in Council, Punjab, Finance Department, No. 1725-B, dated 15th January 1923.

READ—

March Final Accounts for the year 1921-22.

REMARKS.—The year under review was the first year of the Reform financial scheme. Under the system previously in force receipts from various sources of revenue were assigned in whole or in part to the Provincial Government and expenditure under various heads of account was debited in whole or in part to Provincial Government. In addition to this the Provincial Government received large sums (frequently referred to as 'doles') by way of assignments from Imperial to Provincial revenues. Thus in the previous year (1920-21) these assignments amounted to Rs. 50,24,000 recurring and Rs. 5,08,000 non-recurring. Apart from the assignments the sources of Provincial revenue were half the receipts under Land Revenue, Stamps, Excise, Assessed Taxes and Major Irrigation Works (these heads being known as the "divided" heads) and all the receipts under Provincial Receipts, Forests, Registration, Interest, Courts of Law, Jails, Police, Education, Medical and Sanitary, Agriculture, Scientific and Miscellaneous Departments, Superannuation Allowances, Stationery and Printing, Miscellaneous, Minor Irrigation Works and Navigation and Civil Works. The province had to pay for all the expenditure under Land Revenue, Provincial Rates, Forests, Registration, Interest, General Administration, Courts of Law, Jails, Police, Education, Medical and Sanitary, Agriculture, Scientific and Miscellaneous Departments, Superannuation Allowances, Stationery and Printing, Miscellaneous, Minor Irrigation Works and Navigation and Provincial Civil Works and half the total expenditure under Stamps, Excise, Assessed Taxes, and Major Irrigation Works and also to the extent of ¼th for Famine Relief. In the interests of provincial autonomy, which has been recognised to be a fundamental feature of the Reforms Scheme, all divided heads of revenue and expenditure have been abolished; revenue and expenditure under any given head are either wholly provincial or wholly central; Assessed Taxes (Taxes on Income) have been made wholly central on the revenue and expenditure sides and the other heads mentioned above remain wholly provincial. In addition the province has to pay an annual recurring assignment of Rs. 175 lakhs to the Government of India and now receives no assignments of the kind previously in force.

2. The table in the appendix shows in detail for 1921-22 the receipts and expenditure under various heads of account along with the corresponding original budget estimates and, in the case of revenue, the revised budget estimates prepared about December 1921 and under expenditure the modified grant at the end of the year. By "modified grant" is meant the original grant voted by the Legislative Council for any department in the budget session of the Council in the case of voted expenditure plus the original amount allotted by the Local Government for non-voted expenditure plus supplementary grants or transfers from other heads to that head sanctioned by the Legislative Council or the Standing Finance Committee in the case of voted expenditure, or by the Finance Department in the case of non-voted expenditure, minus any amounts similarly transferred from that grant to other grants or surrendered by the executive.

3. Calculations have been made to show what the Provincial revenues would have been in 1921-22 if the old financial system had remained in force. The following tables give the salient features of these calculations and also indicate the principal difference between the old system and the new. It is assumed that the Punjab Government would have continued to receive recurring assignments totalling 50 lakhs from the Central Government and that the latter also would have continued to meet Capital Irrigation expenditure.

It will be seen that if the old system had remained in force the Provincial revenue would have been 6,55 lakhs and the expenditure 9,01 lakhs and the deficit for the year would have been 2½ crores, instead of 1⅓.

4. The following table exhibits the Provincial Revenue and Expenditure and the Closing Balance for each year from 1914-15 to 1921-22, and here again for purposes of comparison it is assumed that the old system of accounting had remained in force in 1921-22 :—

(All figures in thousands of rupees.)

Year.	Revenue.	Expenditure.	Closing Balance.
1914-15	4,76,06	4,94,76	52,21
1915-16	4,88,51	4,77,18	63,55
1916-17	5,17,69	4,58,49	1,22,75
1917-18	5,50,30	4,78,53	1,94,52
1918-19	5,73,76	5,37,33	2,30,95
1919-20	6,59,95	6,31,26	2,59,64
1920-21	6,83,03	7,49,83	1,92,84
1921-22	6,54,80	9,00,98	...

These figures show that the revenue for 1921-22 would have been slightly less than what it was in 1919-20, but the expenditure in 1921-22 would have been about 43 per cent. greater than it was in 1919-20 and nearly double what it was in 1916-17.

5. The following table, however, exhibits what were the actual transactions of the year under the Reforms system of accounting :—

Statements of the Receipts and Disbursements of the Punjab Government for 1921-22.

(All figures in thousands of rupees.)

RECEIPTS.		DISBURSEMENTS.	
1. Revenue	8,94,07	1. Expenditure (exclusive of Irrigation capital expenditure) ...	10,49,90
2. Debt, Deposits and Advances—		2. Irrigation Capital Works not charged to Revenue	18,95
3. Loans and Advances by the Provincial Government ...	14,14	3. Debt, Deposits and Advances—Loans and Advances by the Provincial Government ..	63,30
Total Receipts ...	9,08,21	Total Disbursements ..	11,32,15
Opening Balance ...	1,39,95	Closing Balance ...	— 83,99
Grand Total ...	10,48,16	Grand Total ...	10,48,16

The minus figure in the closing balance of 1921-22 indicates that the province had exhausted all the accumulated balances of the war years and was in debt to the Government of India to the extent of 84 lakhs at the end of the year.

6. The next table shows receipts collected in the Punjab under the main heads of Revenue for each year since 1914-15 :—

(All figures in lakhs of rupees)

Year.	Land Revenue	Stamps.	Excise.	Forests.	Irrigation (Major Works)—Working Expenses not deducted.	
					Direct receipts.	Indirect receipts.
1914-15 ...	2,85	54	69	14 (5·5)	2,44	1,02
1915-16 ...	2,80	58	71	17 (8·0)	2,38	1,08
1916-17 ...	2,86	60	76	17 (7·5)	2,78	1,20
1917-18 ..	3,12	60	86	21 (9·6)	2,71	1,07
1918-19 ..	2,85	61	1,05	22 (3·5)	2,77	1,36
1919-20 ...	3,12	76	1,29	38 (14·3)	3,24	1,25
1920-21 ...	3,02	82	1,48	38 (2·3)	3,34	1,34
1921-22 ...	2,40	82	1,16	50 (5·1)	3,32	1,64

In the column headed "Forests" are shown in brackets the net receipts after deducting Forest expenditure. The salient features of this table are over the whole period dealt with, the failure of the land revenue demand to keep pace with the general prosperity of the country, and in the year under report the decrease as compared with 1920-21 of 62 lakhs under this head. The latter is due to the extraordinarily bad climatic conditions which made the *rabi* crop of 1921 exceptionally poor, but taking the period as a whole it may be said that the important Government asset represented by Land Revenue does not develop in proportion to the developing wealth of Agriculture. Also the increase in Excise up to the end of 1920-21 is an indication of the greater surplus purchasing power of the people, and the subsequent large decrease under this head may be attributed partly to vicissitudes of prosperity and partly to the fact that 1921-22 witnessed a great deal of active opposition to the vend of liquor and spirits. It is too early to predict if the decrease will be permanent, but it is safest to assume that it will be. The figures for receipts from Irrigation show some steady increase, but not one proportional to the increase in the development of irrigation and the increase in the money value of harvests.

7. Last year's review of the annual accounts of the Punjab for 1920-21 contained a table showing receipts of a non-recurring nature due to the sale of Government estates and the sale of waste land (these receipts being almost entirely on account of land made available for cultivation in the Canal Colonies and also receipts from the sale-proceeds of town sites, due to the crreation of new towns in the colony areas). It was there emphasised, a fact which ought not to be lost sight of, that these receipts, due to the disposal

of Crown land, are of a capital nature and ought to be reserved for capital expenditure. The table is here repeated with the figures for 1921-22 included :—

(All figures in thousands of rupees)

Year.	Sale of Government estates.	Sale of waste land.	Sale-proceeds of town sites.
1	2	3	4
1914-15	4,11	16,09	19
1915-16	3,24	12,30	1,52
1916-17	3,28	11,39	3 80
1917-18	3,70	13,48	1,76
1918-19	4,53	15,22	2,14
1919-20	6,74	16,09	10,24
1920-21	3,87	10,15	5,82
1921-22	2,38	10,06	8,33
Total ...	31 85	1,03,78	33,80

The figures in columns 2 and 3 represent in each case half the total amount realised in the province as this was the Provincial share prior to 1st April 1921. For the purposes of comparison of 1921-22 figures under columns 2 and 3 are also half the totals. These figures indicate that Provincial revenues have benefited to the extent 1,82 lakhs through the sales of such lands and sites between the 1st April 1914 and the 31st March 1922. It is to be feared that receipts of this nature will show a rapid reduction in the future until new areas become available for sale in the Sutlej Valley Colony.

8. The following table shows the total expenditure under each of the main heads of expenditure since 1914-15 :—

(All figures in lakhs of rupees.)

1921-22 ...	97	24	66	35	1,11	88	40	1,36	93

Some explanation is necessary regarding the figures under Land Revenue, General Administration and Law for 1921-22. These do not tally with the figures given in the Appendix, the reason being that from the 1st of April 1921 various classes of expenditure were made debitable to heads other than those under which they had been previously shown. For the purpose of comparison with previous years the figures for these three heads are shown in the above table according to the old classification. A great increase under all heads is disclosed. The expenditure in 1921-22 was (with the notable exceptions of Law

and Medical and Sanitary, where the increase is nearly 50 per cent.), roughly, about twice what it had been in 1914-15 under each head. The main cause of the recent increases is that the general revisions of all establishments sanctioned from various dates in 1920 did not become fully operative until the year 1921-22. The average annual increase in revised pay of non-gazetted establishments alone, as compared with pay excluding temporary and war allowance prior to revision, was 140 lakhs per annum, not allowing for any increases in establishments. The corresponding figure for gazetted establishments is approximately 25 lakhs. The prevailing high prices of grain also affected the estimates to no small extent. The retail price of wheat in Lahore was 7¼ seers per rupee on 1st January 1921, 6¾ seers on 1st April, 6 seers on 1st June, from which rate it dropped rapidly to 4½ seers in the middle of August and reached 4 seers at the end of September in the neighbourhood of which extraordinarily high rate it remained throughout most of the remaining months of the financial year. This necessitated very heavy expenditure on Grain Compensation Allowance. The position was so serious that a third scale of Grain Compensation Allowance was sanctioned from the 1st August 1921 for those on a pay of Rs. 50 per mensem or less when the average retail price of food-grains in a district was dearer than 5 seers per rupee. This new scale was estimated to cost about 1 lakh per month more when in force throughout the province than the scale in force when the retail price was dearer than 5 but not dearer than 6 seers per rupee. It probably cost the province an additional 5 or 6 lakhs altogether. The total expenditure in the year on Grain Compensation Allowance was 12½ lakhs.

On account of the general increase in prices, rates for travelling allowance and horse allowances were raised roughly about 50 per cent. or even more in some cases above the rates previously in force.

Expenditure under Jails and Medical is also considerably affected by the high prices of food-stuffs as a large amount is expended on the diet of convicts in jails and on inmates of hospitals.

High rates of labour also meant a large increase in the expenditure under Civil Works and Irrigation Working Expenditure under Repairs and Maintenance.

The following table shows the actual expenditure on Original Civil Works for various departments and Repairs to Punjab Government buildings and on Communications. The figures are in thousands of rupees, and do not include any share for Establishment and Tools and Plant charges:—

The very large increase in cost of repairs under "Communications" is a feature of some interest.

9. The figures shown in the Appendix under original budget estimates, revised estimates and modified grants do not in all cases agree with the figures laid before the Legislative Council in its budget session. There are large discrepancies under the following heads :—

II.—Taxes on Income.

XL.—Miscellaneous adjustments between Central and Provincial Governments.

2—Taxes on Income.

14—Works for which Capital Accounts are kept—Interest on Debt.

19—Interest on Ordinary Debt.

51—Contribution to the Central Government

52—Miscellaneous adjustments between Central and Provincial Governments.

These discrepancies however do not connote any real departure from the financial position indicated in the figures laid before the Legislative Council. They are merely accounts alterations introduced because the original budget figures provided for various complicated adjustments which were really unnecessary and the final figures shown under these heads represent just what took place, namely on the payment of contribution of 1,75 lakhs and interest charges of Rs 73,19,000 to the Central Government for capital Irrigation expenditure on canals. The complicated adjustments connected with income-tax made, in accordance with Devolution Rule 15, resulted in neither loss nor gain to the province and so have been omitted in order not to obscure the real magnitude of revenue and expenditure.

10. The abnormal circumstances of the year rendered the budgetting somewhat defective. The original budget estimate of Revenue was 10,26 lakhs. The revised estimate was 1,10 lakhs less at 9,16 lakhs. The actual receipts were 8,94 lakhs or 22 lakhs less than revised estimates. These deficiencies occurred mostly under the heads Land Revenue and Excise. It has been shown that the famine conditions resulted in a drop of about 60 lakhs in Land Revenue below the normal. They also resulted in the disbursement for *taccavi* being about 40 lakhs above normal so that these two heads alone, quite apart from additional expenditure under other heads, caused a deterioration in the ways and means position to the extent of 80 lakhs in the year. It is probable that the deterioration in the ways and means position which resulted from the famine conditions of 1921 exceeds a crore.

11. The budget estimate of Provincial expenditure was 10,63 lakhs. The final grants at the end of the year at the disposal of Controlling Officers were 11,05 lakhs. The actual expenditure, however, turned out to be 10,69 lakhs, almost the same as the original budget estimate, showing that most of the supplementary demands which were made to the Council were unnecessary, and that a sum of about 36 lakhs lapsed owing to its not having been expended before the 1st April 1922.

12. The outstanding financial feature of the year is that expenditure (apart from Irrigation Capital Expenditure) exceeded revenue by 1,56 lakhs and the Provincial closing balance became a minus quantity. The fact that the deficit for the year would have been 2½ crores if the pre-Reforms financial system had remained in force indicates that though the province has had to pay an annual assignment of 1,75 lakhs to the Government of India instead of receiving Imperial assignments for special purposes shows that the grave deterioration in the financial position is not due to the new system. The factors which have contributed to the decline appear to be as follows, roughly in order of importance :—

(a) Revision of salaries of the non-gazetted establishments owing to rise in prices.

(b) Decrease in land revenue owing to adverse climatic conditions.

(c) Decrease in excise revenue.

(d) Increase in travelling allowance rates.

(e) Revision of salaries of the gazetted establishments.

(f) General rise in prices and wages.

(g) Expansion of activities.

Of these (a), (c), (d), (e) and (g) appear to be of a permanent or *quasi*-permanent nature ; (b) is only a temporary factor ; (g) is a factor which is dependent on the policy of Government.

13 If the land revenue receipts had been normal (say 3,00 lakhs) the deficit on revenue account on the year's working would still have been 94 lakhs. This cannot be regarded as financially satisfactory, particularly in a year when receipts from the sale of land and houses brought in 33 lakhs.

14. At the same time it must be observed that the above statement of accounts does not fully represent the financial position of the Punjab Government in that it does not distinguish between capital and revenue income and expenditure. On the revenue side Punjab Government is undoubtedly under an obligation to make its year's expenditure fall within its year's income, but it is not under any obligation to finance capital expenditure from revenue income. There may, therefore, for the purpose of ascertaining the true position of the provincial finances, be deducted from the expenditure of the year the expenditure on productive works under head 16 which truly belongs to the Capital account. This amount is 18,95.

The position may be exhibited as follows :--

Deduct actual overdraft ...	...	83,99

15. This however does not alter the fact that the revenue deficit makes it plain that unless Provincial revenues are substantially increased there must be not merely the retrenchment of unnecessary expenditure, which is in any case inevitable, but the arrestment of all beneficent activities in expenditure.

ORDER.—Ordered, that a copy of the above review, together with the statement of Provincial Revenue and Expenditure, be published in the *Punjab Government Gazette*; also that a copy be forwarded to the Accountant-General, Punjab, for information.

By order of the Governor in Council,

MILES IRVING,

Secretary to Government, Punjab, Finance Department.

No. 1436.—In supersession of Punjab Government notification No. 144, dated 5th April 1916, the Governor in Council is pleased to make the following rules under section 3 of the Punjab Forest (Sales of Timber) Act, 1913 (III of 1913) and to declare that they shall come into force with effect from the date of this notification :—

RULES REGARDING THE REGISTRATION OF TIMBER DEPÔTS UNDER SECTION 3 OF THE PUNJAB FOREST (SALES OF TIMBER) ACT, 1913 (III OF 1913).

1. In these rules—

(i) "Timber" includes only the following kinds :—Deodar (*Cedrus deodara*) vernacular, deodar, diar ; Blue Pine (*Pinus excelsa*), vernacular, kail, ander, anander, biar ; Chir pine (*Pinus longifolia*), vernacular chil ; Spruce (*Picea Morinda*), vernacular tos partal ; Silver fir (*Abies Pindrow*), vernacular, rai, partal.

(ii) "Depôt" means any building or place where timber is brought or stored for sale.

2. No person shall establish or maintain a depôt unless it is registered in accordance with these rules

3. Any person wishing to establish or maintain a depôt shall register the same in the office of the Forest Division in which the depôt is situated, and shall give in respect of such depôt such details in regard to origin of timber as may be required by the Conservator of Forests. Every person registering a depôt shall be and remain responsible for the observance of all rules which may from time to time be notified by the Local Government under section 3 of the Punjab Forest (Sales of Timber) Act, 1913, provided that the Divisional Forest Officer, with the approval of the Conservator, may exempt by order in writing any timber dealer from the operation of such rules as he may consider necessary. Each depôt registered under this rule shall be assigned a number by the registering officer. In the case of persons having depôts at the date of the publication of these rules a period of six months from such date will be allowed within which the depôts existing on such date shall be registered.

4. The Officer-in-charge of a Forest Division may refuse registration at discretion for reasons which shall be stated in writing, but an appeal against an order refusing registration shall lie to the Deputy Commissioner. No owner of a depôt, in the following mandis, in existence at the time of the introduction of these rules, shall be refused registration :—

Jhelum, Wazírábad, Lahore, Marála, Beás, Dhilwán, Phillaur, Doráha, Chak Nizám Khushháb, Rám Nagar, Chiniot, Khánki, Jhang, Multán, Ferozepore and Verowál.

5. Every person having a registered depôt shall register his sale hammer-mark in the office of the Forest Division in which the depôt is situated.

No fee shall be paid for the registration of the sale hammer-mark.

6. No person shall be allowed to register a mark already registered in favour of another person, nor any mark used by Government, and the Officer-in-charge of a Forest Division may refuse registration of any mark which in his judgment so closely resembles a mark used by Government or registered in favour of any person as to be easily altered to counterfeit such mark.

7. The registration of a mark under rule 6 shall hold good for a period of three years from the date of such registration.

8. The owner or person in charge of a registered depôt may at the discretion of the Divisional Forest Officer be required to maintain correctly either or both of the following forms :—

(i) A register of receipts of timber, showing—

5. License fees shall be as follows :—

(*i*) For all kinds of fishing mentioned in rule 4 ...	Rs. 6 per season.
(*ii*) For Rod and Line fishing only ...	... Rs. 2 „ „

Full fees shall be charged for any broken periods.

6. It shall be a further condition of every license that the licensee shall be bound to report to the Deputy Commissioner, Tahsildar or any officer of the Fisheries Department any breach of the rules that comes to his notice.

7. The licensee shall not employ or engage any person (other than his own children under the age of 16) to help him with his nets, unless the person so employed is also a license-holder.

8. The licensee shall not be entitled to erect fixed engines (except in the case of Stake nets when they are temporarily fixed in water for use in conjunction with drag nets) dams or weirs, or to divert water for catching any fish.

9. All apparatus erected or used for fishing in contravention of these rules may be seized and taken to the nearest Police Station by any person empowered under section 6 of the Act to arrest without warrant for offences under the Act, and all such apparatus may be forfeited on conviction of the offender under section 5 of the Act.

10. The Deputy Commissioner of the district concerned or the Warden of Fisheries, Punjab, may cancel the license of any person convicted of the breach of these rules or under any section of the Indian Fisheries Act, 1897.

GOVERNMENT OF THE PUNJAB.

PUBLIC WORKS DEPARTMENT, IRRIGATION BRANCH.

No. 91-R. I.

Dated Lahore, the 16th January 1923.

Resolution of the Governor in Council of the Punjab and its Dependencies.

Read—

Review by the Chief Engineer of the work of Irrigation Department, Punjab, during the financial year 1921-22.

CAPITAL OUTLAY.

1. The Capital invested to date (Direct and Indirect) on Productive Irrigation Works, amounted to Rs. 24,29,68,308 including Rs. 1,57,79,305 contributed by Native States, while that on the Unproductive works for which Capital and Revenue Accounts are kept was Rs. 9,02,994, inclusive of a contribution of Rs. 2,90,401 from the Bikaner State for construction of the Ghaggar Canals.

2. During the year the Capital expenditure incurred on Productive Irrigation Works amounted to Rs. 25,62,864. Of this amount 6·43 lakhs were spent on the old canals and 13·84 lakhs on the Colony canals, while 4·12 lakhs were expended on the construction of the Sutlej Valley Project and 1·24 lakhs on works carried out in the Central Workshops Division.

Of the expenditure on the Colony canals about 8 lakhs were spent on improvements to the Lower Chenab Canal headworks at Khánki and on the remodelling works that are being carried out on the Lower Jhelum Canal.

The expenditure on the Triple Canal system amounted to Rs. 5·84 lakhs incurred on works which are detailed in paragraph 11 of the Chief Engineer's review.

NATURE OF SEASONS, ETC.

3. *Kharif 1921.*—The failure of the previous monsoon of 1920 and the winter rains of 1920-21, followed by a practically rainless period from April to July, brought matters to a serious state. Rivers were unusually low and supplies in canals, below requirements. The fodder scarcity which had arisen owing to the long continued drought became very acute, and canal water was used to the last drop to avert the threatened famine. The shortage of supplies at sowing time and the necessity for growing fodder lead to a serious contraction in the area under cotton and other important crops. The monsoon ultimately broke on the 11th of July and may be said to have been normal for the remaining portion of the season. Although there was then an improvement as regards the fodder scarcity, it was too late for any large increase to be made in the area put down under Kharif crops.

Rabi 1921-22.—The climatic conditions may be said to have been very satisfactory during the Rabi season.

The well distributed rainfall in the second half of the the monsoon and during the third week of October was most favourable for Rabi sowings.

Large areas had remained unsown from the Kharif, and full advantage was taken of the favourable conditions to put down a bumper Rabi crop.

There was no rain during November and December, but river supplies were well maintained, with the result that the area irrigated was considerably greater than in the previous year.

The rain which fell in February and March was well distributed and helped considerably towards maturing the large Rabi area.

AREA IRRIGATED, ETC.

4. The area irrigated by works of all kinds was approximately 11¼ million acres out of the total cropped area of 31·02 million acres in the whole Province, *i.e.*, 36 per cent.

Of the total area irrigated the Productive Irrigation Works accounted for 10,401,814 acres or 896,181 acres more than in the previous year. The irrigation effected by the Unproductive and Non-Capital works, all of which are inundation canals, was 843,959 acres as against 768,174 acres in 1920-21.

As compared with the triennial period ending 1920-21 the Productive Irrigation Works showed an increase of 1,281,078 acres, while the Unproductive and Non-Capital works exhibited an increase of 49,251 acres.

On the Triple Canal system the area irrigated amounted to 2,007,466 acres showing an increase of 208,292 acres, on the figures of the previous year of 142,831 acres on the figures estimated in the revised estimate and of 59,466 acres on the forecast of the Completion Report issued in 1919. The expansion of irrigation on these canals is continuous and satisfactory.

FINANCIAL RESULTS, ETC.

5. The gross receipts from the working of the Productive Irrigation works amounted to Rs. 5,15,94,402 and the working expenses to Rs. 1,69,37,519, giving a net revenue of Rs. 3,46,56,883 or 15·25 per cent. on the total Capital outlay of Rs. 22,70,11,796 as against 14·51 per cent. in 1920-21 and 14·43 per cent. in 1919-20. This favourable result was due to a larger area irrigated by the perennial canals during Kharif 1921, and Rabi 1920-21, the assessment on which was realised during the year under review, and had it not been for a decrease in the area irrigated on the inundation canals owing to unfavourable climatic conditions and low river supplies, the result would have been still more favourable.

6. The percentage of net revenue on Capital outlay on the various larger canals were :—

Western Jumna Canal	7·34
Sirhind Canal	14·97
Upper Bari Doab Canal	21·06
Lower Bari Doab Canal	10·70
Upper Chenab Canal	14·05
Lower Chenab Canal	42·05
Upper Jhelum Canal	1·03
Lower Jhelum Canal	16·83
Upper Sutlej Inundation Canals	5·29
Sidhnai Canals	5·24
Indus Inundation Canals	—4·7

The net profit after defraying interest charges was 11·97 per cent. of the total outlay as against 11·25 per cent. in the preceding year. These figures take into account Indirect as well as Direct Receipts. Based on Direct Receipts only the net profit after defraying interest charges amounted to 3·6 per cent. of the Capital outlay against 5·26 per cent. in the year 1920-21. This reduction is largely attributable to increase in the cost of establishment and maintenance without any corresponding increase in occupiers' rates.

7. The Triple Canal system continues to make good progress. During the year under review the Upper Chenab Canal earned a net revenue of Rs. 50,05,718, the Lower Bari Doab of Rs. 24,27,008 and the Upper Jhelum Canal of Rs. 4,59,146 giving, for the whole system, a total of Rs. 78,91,872, or a return of 7·67 per cent. on the total outlay of Rs. 10,28,51,149. These figures are less by Rs. 5,27,378 than those anticipated in the Completion Report, but greater by Rs. 14,77,068 than those of the Revised Estimate.

These canals have yet to clear off their accumulated interest debt, amounting to Rs. 129 lakhs.

8. The operations of the Unproductive and Non-Capital works resulted in a net revenue of Rs. 2,38,513 as against Rs. 2,89,842 in the preceding year.

GENERAL.

9. Owing to the introduction of Reforms the Public Works Department heads of accounts were re-classified under orders from the Government of India and this report is based on the new classification introduced.

10. Only seven miles were added to the length of channels in operation, thereby raising the total from 19,722 miles at end of March 1921 to 19,729 miles at end of March 1922.

11. Sanction of the Secretary of State for India was received during the year to the Sutlej Valley Project. A third Chief Engineer (Mr. E. R. Foy) was appointed and entrusted with the coustruction work of this Project. At the close of the year 4 Circles of Superintendence with 13 Divisions and 20 Sub-Divisions were constituted, and preliminaries have been, and are being settled to push on construction work vigorously. In addition to local purchases urgent orders have been and are being placed with the High Commissioner in England for European stores, machinery and plant which are needed for use on this Project.

12. The estimated average value of the crops raised on all canals during the year works out to Rs. 67,20,65,032, giving an average rate of Rs. 63 per acre assessed. The total value, according to this estimate, amounts to a little over 2·9 times the total Capital outlay on all the canal systems up to date.

13. The posts of the Chief Engineer have been held during the year by—

(ii) If he/she fails to pass or fails to appear in the special examination he/she may be permitted to appear again in that one subject in

the examination of the following year, under the same conditions as laid down in paragraph (*i*) and provided that $\frac{he}{she}$ can produce certificates proving that $\frac{he}{she}$ has, subsequent to $\frac{his}{her}$ last failing, attended one course of lectures in each subject of the examination and one course of instruction in Practical Pathology, and passed the School Sessional Examination in those subjects.

(*iii* A candidate who fails to appear or who fails to pass in the Examination mentioned in paragraph (*ii*) will be declared to have failed in the whole examination and must appear in all subjects after one academic year, and produce certificates that $\frac{he}{she}$ has attended all the lectures and practical instruction laid down for the examination.

6. The courses of study prescribed by the Local Government are specified in the Syllabus laid down in Appendix B.

This Syllabus can be modified by the Governing Body with the approval of the Local Government.

TRANSITORY PROVISION.

Candidates who have passed the First Professional M. P. L. Examination of the King Edward Medical College prior to the institution of the Punjab State Medical Faculty will be admitted to this examination.

The Final Professional Examination.

1. Every candidate for the Final Examination shall apply through the Head of the School of which $\frac{he}{she}$ is a student to the Secretary in the form prescribed by the Governing Body with a fee of Rs. 50 at such times before the examination as may be fixed by the Governing Body.

$\frac{He}{She}$ shall also furnish the following certificates :—

(*a*) That $\frac{he}{she}$ has passed the Third Professional Examination not less than one academical year previously.

(*b*) That $\frac{he}{she}$ has, subsequent to passing the Second Professional Examination, regularly attended the following courses of lectures at a recognised School :—

(*i*) One course of 100 lectures each in (1) Medicine, (2) Surgery.

(*ii*) One course of 50 lectures in Midwifery and Gynæcology.

(*iii*) One course of 30 lectures and five Out-door practical demonstrations in Hygiene, including vaccination.

(*iv*) One course of 50 lectures in Ophthalmology, and Diseases of the Ear, Nose and Throat, and that $\frac{he}{she}$ has attended a course of instruction in Operative Surgery of not less than 12 attendances and received instruction in the administration of Anæsthetics.

(*c*) The $\frac{he}{she}$ has attended at least six practical demonstrations in the *post-mortem* room of a recognised hospital during a period of not less than three months.

(*d*) That $\frac{he}{she}$ has attended at least six labours.

(*e*) That $\frac{he}{she}$ has regularly attended Hospital and Dispensary Practice for two years, subequent to passing the Second Professional Examination, and during that period has completed the following—

(*i*) Six months' attendance in the Out-door Departments (Medical and Surgical) of a recognised hospital including vaccination practice.

(ii) Six months' attendance in the Medical wards of a recognised hospital with Clinical teaching during such attendance.

(iii) Six months' attendance in the Surgical wards of recognised hospital with Clinical teaching during such attendance.

(iv) That $\frac{\text{he}}{\text{she}}$ has written up twelve Medical and twelve Surgical cases during the terms of Clinical Clerkship and Surgical Dressership.

(v) That $\frac{\text{he}}{\text{she}}$ has attended six Clinical Demonstrations in a recognised hospital of infectious diseases.

2. Every candidate shall be examined in the following subjects :—

(a) Medicine, including Medical Pathology and Therapeutics.

(b) Surgery, including Surgical Pathology and Operative Surgery.

(c) Midwifery and Gynæcology.

(d) Hygiene, including Vaccination.

(e) Ophthalmology and Diseases of the Ear, Nose and Throat.

3. The Examinations shall be Written, Oral and Practical :—

(1) The Examination in Medicine and Therapeutics shall consist of—

(a) a written paper ;

(b) an oral examination ;

(c) a clinical examination.

(2) The Examination in Surgery shall consist of—

(a) a written paper ;

(b) an oral examination ;

(c) a clinical examination ;

(d) Minor Operative Surgery.

(3) The Examination in Midwifery and Gynæcology shall consist of—

(a) a written paper ;

(b) an oral and practical examination.

(4) The examinations in Hygiene and Vaccination shall consist of—

(a) a written paper ;

(b) an oral examination.

(5) The Examination in Ophthalmology and Diseases of the Ear, Nose and Throat shall consist of—

(a) a written paper ;

(b) an oral examination ;

(c) a clinical examination.

4. A candidate who fails to pass or present $\frac{\text{himself}}{\text{herself}}$ for examination shall not be entitled to claim a refund of the fee. Any candidate who fails to pass may be admitted to one or more subsequent examinations on payment of a like fee of Rs [illegible]0 on each occasion, and on producing a certificate that $\frac{\text{he}}{\text{she}}$ has since the last examination received further instruction in the subject or subjects in which $\frac{\text{he}}{\text{she}}$ has failed to the satisfaction of the head of the institution.

5. The following is the scale of marks allotted to each subject :—

				Marks.
Medicine	...	...	...	200
Surgery	...	...	...	200
Midwifery	...	...	...	150
Diseases of Eye, Ear and Throat			...	100
Hygiene	...	...	...	100

6. The minimum number of marks required to pass this examination shall be 33 per cent. in each subject both in written, oral and practical parts of the examination, and 50 per cent. of the aggregate number of marks in all subjects.

Candidates who pass the Examination and gain 80 per cent of the marks in any subject shall be declared to have passed " with honours " in that subject.

7. (*i*) A candidate who fails in not more than two subjects, and has obtained 50 per cent. of the aggregate number of marks in all the subjects of the examination, may be permitted to appear in these subjects only at a special supplementry examination, to be held at such time as the Governing Body may determine, on payment of the same fee as for the whole examination.

If he/she obtains 50 per cent. of the marks in each subject he/she shall be deemed to have passed the Final Professional Examination.

(*ii*) If he/she fails to pass or fails to appear in the examination mentioned in (*i*) he/she may be permitted to appear again in the subjects in which he/she has failed, in the next examination, under the same conditions as laid down in paragraph (*i*), and provided that he/she can produce certificates proving that subsequent to his/her last failing, he/she attended a course of lectures in the subjects in which he/she has failed to the satisfaction of the head of the institution and has attended the medical and surgical practice of the hospital during a period of six months.

(*iii*) A candidate who fails to appear or who fails to pass in the examination mentioned in paragraph (*ii*) will be declared to have failed in the whole examination and must appear in all subjects after one academic year, and produce certificates that he/she has attended all the lectures and practical instruction laid down for the examination.

TRANSITORY PROVISIONS.

Candidates who have passed the Second Professional M. P. L. Examination of the King Edward Medical College prior to the institution of the Punjab State Medical Faculty will be admitted to this Examination.

Appendix A.

SYLLABUS IN PATHOLOGY FOR THE MEMBERSHIP EXAMINATION.

Lectures.

General Pathology.—Health and disease. Ætiology. Heredity and environments Defects of development. Processes of Infection and Immunity. Disorders of Nutrition and Auto-intoxication. Dropsy. Disorders of the blood and circulation. Processes of inflammation and repair. The process of fever. Degenerations and retrogressive changes. Tumours and specific granulomata. The more important structural changes produced in the organs and tissues by disease as recognised by the naked eye and microscopical investigations.

Bacteriology.—The Morphology and Biology of the following Micro-organisms:—Phogenic Cocci, Pneumococcus and Gonococcus; B. Coli Communis; B. Anthracis; B. Diphtheriæ; B. Lepræ; B. Tetani; B. Tuberculosis; B. Typhosus; Vibrio Choleræ Asiaticæ; B. Pestis; Streptothrix Actinomycosis group; B. Dysentericus; M. Melitensis; Diplococcus Intracellularis Meningitidis; B. Influenzæ Spirillum Obermeieri; Spirochæte of Syphilis; Pathogenic moulds.

Parasitology.—The Morphology and Biology of the following:—Hæmatozoon Malariæ; Amœba Coli; Amœba dysenterica; Trypanosomes; Distomum Hepaticum; Distomum Crassum; Ascaris; Lumbricoides; Oxyuris vermicularis; Trichina Spiralis; Ankylostomum duodenale; Filaria Sanguinis; Hominis; Dracunculus Medinensis; Tricocephalus Dispar; Tænia Solium; Tænia Mediocanellata; Tænia Echinococcus; Bothriocephalus latus; Bilharzia; hæmatobia; Parasite of Kala-azar; Amphistomum Hominis; Acarus Scabiei; Pediculi.

Practical Course.

Technique of collection and pathological examination of morbid material such as Blood, Gastric and Intestinal contents, Urine, Pus, Sputum and Exudates.

A practical knowledge of the apparatus used for bacteriological work, *viz.*, Hot air Steriliser, Steam Steriliser, and Incubator, Preparation of culture media. Culture and inoculation methods.

Preparation, section-cutting, staining and mounting of pathological tissues and their microscopical examination with a view to their recognition.

Appendix B.

EXAMINATION FOR THE LICENSE.

SYLLABUSES OF THE COURSES OF STUDY.

Chemistry.

Lectures.

Chemical and Physical changes. Indestructibility of matter. Elements and compounds. Mechanical mixtures. Chemical. Symbols and Formulæ. Laws of chemical combination. Atomic theory. Simple methods of preparation and principal properties of the following:—

Oxygen, Hydrogen, Nitrogen, Carbon, Chlorine, Bromine, Iodin, Fluorin, Sulphur Phosphorus, Ammonia, Nitrous Oxide, Nitric Oxide, Nitric Peroxide, Nitric Acid, Carbon Monoxide, Carbon Dioxide, Hydrochloric Acid, Hydrobromic Acid, Hydriodic Acid, Hydrofluoric Acid, Sulphur Dioxide, Sulphuric Acid, Sulphuretted Hydrogen, Oxides and Sulphides of Arsenic, Boric Acid, Hydrocyanic Acid.

A study of the following:—

Water, Air, Marsh Gas, Bases, Acids and Salts.

General properties of the following metals and preparation and properties of their undermentioned compounds:—

Potassium.—Its hydroxide, carbonate, nitrate, chlorate, iodide, bromide, permanganate and cyanide.

Sodium.—Its hydroxide, carbonate, bicarbonate, chloride and sulphate.

Calcium.—Its oxide, hydroxide, carbonate and chloride.

Magnesium.—Its oxide, chloride and sulphate.

Zinc.—Its oxide, chloride and sulphate.

Mercury.—Its oxides and chlorides.

Lead.—Its oxides, nitrates.

Iron.—Its oxides, chlorides and sulphates.

Preparation and properties of the following organic compounds:—

Alcohol, ether, chloroform, chloral hydrate, acetic acid, oxalic acid, carbolic acid.

A study of the following:—

Fats and oils, saponification. Carbohydrates, starch, dextrine, cane sugar, grape sugar, Urea, Purine compounds, Proteins, Fermentation, Glucosides, Alkaloids.

N. B.—The whole subject of Chemistry will be treated in an elementary way.

Physics.

(*a*) *States of Matter.*—General properties of solids, liquids and gases.

(*b*) *Hydrostatics.*—Floating bodies. Specific gravity. Hydrometers. Osmosis.

(*c*) *Pneumatics.*—Atmospheric pressure. Barometers. Boyle's laws. Air pumps, Syphon.

(*d*) *Heat.*—Sources and effects of heat. Temperature.

Measurement of temperature. Thermometers, maximum and minimum thermometers, the clinical thermometer, Radiation, conduction, convection. Latent heat.

(*e*) *Light.*—Sources of light. Reflection, refraction and dispersion of light. Plan and concave mirrors. Simple lenses and prisms. The solar spectrum. The eye as an optica instrument. Long and short sight. The microscope.

(*f*) *Sound.*—Production and propagation of sound. Reflection of sound. Velocity of sound. Musical sounds. Intensity pitch and quality. Tuning forks.

(*g*) *Electricity and Magnetism.*—Elementary properties of magnets. Electrification by friction and induction. The Electrophorus. Gold leaf electroscope. The Leyden jar. Electric Conductors. Dynamic Electricity. Voltaic cell. Electro magnet. Simple galvanometer. Induced currents. Medical batteries.

N.B.—The subject of Physics will be treated in an elementary way.

Practical course in Chemistry and Physics.

The qualitative examination of single substances : of salts, acids, basis, oxides, elements and of a few typical organic substances *viz.*, starch, sugar, fats, soap, urea, uric acid, salicylic acid, chloral. The salts will be confined to those derived from the metallic and salt radicals named in the following list :—

Silver, mercurous, mercuric, cupric, lead, arsenic, ferrous, ferric, magnesium, potassium, sodium, ammonium, lithium, carbonate, hypochlorite (bleaching solution), nitrite, chloride, bromide, iodide, sulphate, nitrate, phosphate.

Simple volumetric analysis.—Chemical examination of the urine. Test for sugar bile, albumin. Use of simple instruments such as :—syphon, barometer, thermometer, microscope, induction coil, magnets, batteries, burettes, pipettes.

Materia Medica and Pharmacy.

1. (*a*) Definition of the various technical terms used in describing the action and preqaration of Medical agents and drugs.

(*b*) The uses and methods of preparation of the various official pharmaceutical preparations.

(*c*) Knowledge of the British and Metric weights and measures.

2. The sources, characters, composition, preparations, doses, incompatibilities, pharmacological action and therapeutic uses of the various drugs of the British Pharmacopœia.

3. Elementary instruction in the common general therapeutic measures such as Hydrotherapy, Electrotherapy, hyeræmic treatment, etc.

Practical course.

1. Recognition of crude drugs and their more important preparations.

2. Reading and writing of prescriptions in English, labelling and marking doses, and writing of directions, etc.

3. Practical pharmacy and dispensing.

Physiology lectures.

Introductory.—Biology and its sub-divisions.—Botany and Zoology, meaning of the terms Morphology, Physiology, Anatomy and Histology.

The importance of Physiology to the Medical student.

Elementary Structures.—Cells.—The nature and properties of protoplasm. The structure, forms and modes of growth of cells.

The tissues—Epithelial Tissue, its structure, distribution and functions.

The connective tissues.—Their classification, structure, distribution and functions.

Muscle Tissue—Its forms, structure and functions.

Nerve Tissue— Nerve Fibre, and Nerve cells. Functions.

The Blood and its circulation.—The Blood. Its microscopic appearance, quantity and distribution.

The coagulation of the blood—The chemical constituents of the blood. Hæmoglobin—Plasma—Gases—The functions of the blood. The apparatus of the circulation. The heart and its Anatomy. The action of the heart—the beat, sounds and work of the heart, its nervous control.

The blood vessels—Structure of arteries, capillaries and veins. The circulation of the blood, the systemic and pulmonary circulations—the circulation in the arteries—the pulse blood pressure—the circulation in the capillaries—vascular and non-vascular tissues—the circulation in the veins—the rapidity and nervous control of the circulation—vasomotor mechanism.

Respiration.—The apparatus of breathing—the trachea—the bronchial tubes and air cells of the lungs—the pleura—the diaphragm.

The movements of breathing—inspiration and expiration—types of respiration—tidal, supplemental, complemental and residual air. Nervous control of respiration.

The purpose of breathing—gases of the blood—exchange between the blood gases and the air in the lungs—diffusion of gases. Tissue respiration—composition of inspired and expired air.

Ventilation.—Morbid respiratory acts—coughing, sneezing, sighing, yawning, hiccough, laughing, crying and sobbing.

Respiratory states—Dyspnœa. Asphyxia—apnœa.

The chemical constitution of the human body.

Chemical elements and compounds in the body—the division of the compounds into (1) water, (2) salts, (3) organic substances, (4) nitrogenous, (5) non-nitrogenous, (6) the proximate principles of the body.

Food and its digestion.—General sketch—the course of the food through the alimentary canal—the alimentary canal and its divisions.

Food—the necessity for food and kind required—the proximate principles of food. The classification of foodstuffs and their relative importance. Percentage composition of foodstuffs.

The quantity of food required—conditions affecting the quantity.

The destination of food.

Endosmosis—Digestion—the purpose of digestion : Secretation.

The digestive apparatus.—The mouth—the teeth and their structure—dentition—the tongue—the salivary glands—the pharynx—the œsophagus—the stomach—the intestines—the blood vessels of the alimentary canal—the liver and pancreas.

The digestive process.—Mastication—Insalivation—deglutition—digestion in the stomach—digestion in the intestines by the pancreatic juice, bile and intestinal juice. The character of these juices. The absorption of the digested food in the stomach and intestines. The nervous relations of digestion. Hunger and thirst. The structure and functions of the liver.

The glandular absorbent system.—Lymphatic vessels and glands—their structure—the thoracic duct—the nature of Lymph. The process of absorption.

Blood glands—the spleen—its structure and function. The thyroid gland. Thymus gland. Suprarenals. Peyer's glands. Tonsils. Pituitary and pineal glands.

Excretion—Kidneys and bladder.—The kidneys—their structure—the functions of the kidneys. The urine and its composition. The ureters and bladder.

The skin, hair and nails.—The skin—its structure and function. The hair and its gland, the sweat—regulation of the temperature by the skin. Absorption by the skin.

Animal heat—Nutrition.

Nutrition—Balance of income and expenditure of the body.

The meaning of nutrition, sources of loss and gain.

Motion and locomotion.

The nervous system :—

General sketch—the spinal cord, its structure and functions, the cord as a conductor and as a reflex centre.

The brain—its general Anatomy and minute structure—its weights and size—the functions of the brain and its ganglia. The maintenance of equilibrium. The connection between the brain and spinal cord through the spinal bulb—functions of the bulb. Localisation of function.

The cranial nerves and their functions. The sympathetic system. Sleep and dreaming.

The senses and sense organs.

The condition of sensation. Special and general sensation.

Terminal organs. Subjective sensations. Fusion of impressions.

The organ of touch—tectile corpuscles—end bulbs and Paccini's corpuscles—the sense of touch—localisation of touch—sense of contact, of pressure, of temperature,—the muscular sense.

The organ of taste, and taste.

The organ of smell, and smell.

The organ of vision. The structure of the eyeball—eyelids and tear gland—the sense of sight—action of a convex lens formation of images on the retina—comparison between the eye and the photographic camera—accommodation and convergence—emmetropia—myopia—hypermetropia—presbyopia—single vision with two eyes—visual field—colours—the perception of colour—after images.

The organ of hearing and its structure :—

Reproduction and lactation—

Reproduction—various forms of reproduction—sexual reproduction—male and female elements in reproduction.

Practical Physiology.

(a) The microscope. Use and care of microscope drill.

(b) The cell and its structure, examination of stained and unstained cells—amœbæ—The warm stage.

(c) Histological study of the important tissues and organs of the body.

(d) Staining and mounting of sections of the above.

(e) Preparation and staining of blood films, including staining with Leishmans and Giemsa's stains. Recognition of the corpuscular elements in fresh and stained specimens.

(f) Use of the Hæmoglobinometer, Hæmocytometer, Sphygmograph, Sphygmometer, Spectroscope, Cardiograph.

(g) Examination of the urine, including—

(1) The qualitative tests.

(2) Quantitative estimation of Urea, sugar albumin.

Anatomy.

The whole subject—and dissection of the whole body, once, carefully.

General Pathology.

Lectures.

I. A knowledge of—

(a) Processes of Inflammation and repair.

(b) Process of fever.

(c) Processes of infection and immunity (elementary).

(d) Disorders of blood and circulation.

(e) Disorders of Nutrition and Auto-intoxication.

(f) Degenerations and Retrogressive changes.

(g) The progressive tissue changes including Neoplasms.

(h) The important infectious diseases.

Elementary Bacteriology and Parasitology.

II. To embrace the study and morphology of the following :—

Pyogenic Cocci.—Gonococcus, Pneumococcus, bacillus typhosus, Bacillus Coli Communis, Bacillus Pestis, Bacillus Tetani, Bacillus Tuberculosis, Vibrio cholera, Hæmatozoon malariæ. Amœba Coli, Parasite of Kala-azar, Trypanosomes. Spirochæta pallida of Syphilis,

Vermicularis. Ankzlostomum Duodenale, Filaria, Sanguinis hominis, Tænia, Solium and Saginata, Bothriocephalus latus, Acarus Scabiei, Pediculi, House flies, fleas, mosquitoes.

III. Morbid, Anatomy and Histology.—The more important structural changes produced in organs and tissues by the more common diseases.

Practical Pathology.

(a) The Microscope.

(b) Identification of Pathological specimens from microscopical sections of the commoner affected organs and tissues, and including neoplasms.

(c) Preparation and staining of blood films.

(d) Recognition of Malaria and other blood parasites in stained and unstained specimens. Differential Leucocyte counts in common diseases.

(e) Examination of sputum for tubercle bacillus, plague bacillus, pneumococcus, etc. The B diphtheriæ.

(f) Technique for collecting and despatching specimens of Pathological fluids and tissues to a Laboratory for examination—urine, fæces, pus, cerebrospinal fluid, and the microscopical examination of the same.

(g) Elementary instruction in the methods of preparation and uses of culture media.

(h) Filling and sealing of a blood capsule for agglutination test ; and the technique of collection of blood from a vein for bacteriological examination.

(i) Widal's Reaction.

(j) Recognition of the commoner Pathogenic bacteria in stained films.

Medical Jurisprudence.

1. Unnatural and sudden death—giving of medical evidence—medico-legal reports and certificates.

2. Death—Chief forms of unnatural death, accident, suicide, homicide, poisoning, signs of death. *Post-mortem* lividity—Rigor mortis—putrefaction—mummification. Time elapsed since death. *Post-mortem* examination in medico-legal cases.

3. Identity of the living and the dead—Age in its medico-legal aspect. The teeth, Ossification—union of important epiphyses—sexual characteristics of the skeleton.

4. Wounds and mechanical injuries—Definition and varieties—Distinction between *ante* and *post-mortem*, suicidal and homicidal wounds. Results following wounds.

Causes of death from wounds. Injuries of special regions.

Examination of weapons and identification of materials as adherent to weapons.

5. Death from asphyxia, hanging, strangulation, suffocation and drowning.

6. Deaths from burns, scalds, heat, cold, electric discharge, and starvation.

7. Signs of virginity, rape, sodomy.

8. Signs of pregnancy—Quickening—period of human gestation—prolonged gestation—superfœtation—viable age —Signs of delivery—recent and remote.

9. Criminal abortion and infanticide. Signs of live birth. Signs of death from violence, and criminal neglect or omission.

10. Poisons— actions of—diagnosis and treatment of cases of common poisoning *Post-mortem* appearances in cases of poisoning. Preservation and transmission of viscera for analysis from suspected poisoning cases.

11. Toxicology, Mineral acids, alkaline corrosives, corrosive sublimate. Carbolica acid, Oxalic acid, Phosphorus. Arsenic and its compounds. Lead. Alcohol. Chloral Hydrate. Carbon Monoxide. Carbon Dioxide. Kerosene oil. Opium, Cannabis Indica. Datura. Belladonna Cocaine. Strychnine and Nux Vomica, Oleander. Snake poison.

Hygiene and Vaccination.

1. Air —Composition of—Vitiation and impurities, suspended and gaseous—Examination of air—Ventilation, natural and artificial methods—Diseases due to overcrowding.

2. Water—Composition of—Hard and soft waters. Sources, requirements, collection and storage—Uses—Impurities and their origin—Water purification—Collection of samples for analysis.

3. Disposal of waste products—Composition of waste matter—Disposal of solids and liquids and—Conservancy—Methods in villages, jails, towns and cities—Septic tanks incineration, sewage, farms, trenching, water carriage, latrines and drains—construction of.

4. Climate and soil—Varieties—their influence on health.—Rainfall—Atmospheric pressure—Temperature. Various kinds of thermometers—Humidity—subsoil water. Building sites—drainage.

5. Food and diets, classification and varieties of subsistence diets—composition of important foodstufs—methods of cooking and their effects—pasteurisation—preserved and tinned foods—Fermented beverages—Milk and its relation to infectious diseases. Inspection of animals before slaughter—Inspection of meat,—fish, eggs, etc.—Adulteration of food—Diseases conveyed through different foods and their prevention.

6. Personal Hygiene—cleanliness, clothing, exercise, rest and sleep.

7. Communicable Diseases—their prophylaxis—Endemic and epidemic—plague, cholera, enteric, tuberculosis, malaria, kala-azar, elephantiasis, rabies, anti-rabic inoculation, dysentery, intestinal worms.

Role of flies and suctorial insects in spreading diseases.

Role played by human caries in spread of diseases—Anti-fly and anti-insect measures—fleas, lice, sandflies, mosquitoes

8. Disinfection.
9. Small-pox and vaccination.

10. Vaccines and sera in diseases prevention.

N. B.—The subject of Hygiene will be dealt with in a general way and will not include all details.

RESOLUTION No. 5022 B.

The 12th February 1923.

READ the report of the Retrenchment Committee, received with letter No. 721—1099 (1) 1106, dated 23rd-25th January 1923, from the Secretary to the Committee.

RESOLVED, that it be communicated to all Heads of Departments with the request that they will report by an early date their views on the recommendations of the Committee.

RESOLVED, further, that it be published in the *Punjab Government Gazette* and copies be supplied to Members of the Legislative Council, and to the Press, and be made available for purchase by the Public.

By order of the Governor in Council,

MILES IRVING,

Secretary to Government, Punjab,
Finance Department.

Report of the Retrenchment Committee.

Constitution of the Committee.

1. The Retrenchment Committee owes its origin to a resolution which Mian Muhammad Shah Nawaz desired to move in the Provincial Legislative Council to the effect that Government should appoint a Committee consisting of a majority of non-official members of the Council to advise Government on retrenchment in public expenditure. The resolution did not come before the Council, but Government accepted the suggestion and on July 30th, 1921, appointed by name a Committee "to advise on retrenchment in public expenditure." The Committee consisted of the following members of the Legislative Council :—

Sir PATRICK FAGAN, K.C.I.E., C.S.I., I.C.S.,—*Chairman*,
C. M. KING, Esquire, C.S.I., C.I.E., I.C.S.,
E. JOSEPH, Esquire, I.C.S.,
B. T. GIBSON, Esquire, I.C.S.,
D. J. BOYD, Esquire, I.C.S.,
MANOHAR LAL, Esquire, M.A., Bar.-at-Law,
Diwan Bahadur Raja NARENDRA NATH,
GANPAT RAI, Esquire, Bar.-at-Law,
Mian MUHAMMAD SHAH NAWAZ, Bar.-at-Law,
Saiyad MUHAMMAD HUSSAIN SHAH,
Maulvi MUHARRAM ALI, CHISHTI, Vakil, and
Sardar DASAUNDHA SINGH.

The deliberations of the Committee have been private, and their recommendations have been kept confidential.

2. The Committee held their first meeting in August 1921. Rules of business were drawn up, and it was decided that enquiries should be made as to their method of procedure from similar committees appointed in other provinces. It was recommended that Government should separately address Heads of Departments, and call upon them to suggest measures by means of which they could reduce sanctioned charges by 20 per cent. The Committee advised that members of the Legislative Council also be asked to submit to them any suggestions they might have for retrenchment. Letters were issued in accordance with these recommendations.

Replies were called for by the 31st of October, but it was January of the following year before all were received. Heads of Departments addressed subordinate officers and the replies of district officers were submitted by Commissioners with their own comments to the Financial Commissioners, by whom they were transmitted to the Committee. The Commissioner of Jullundur stated that, with a very minor exception, no reduction in expenditure was possible in the districts under his control or in his office. The other Commissioners made certain suggestions on points of detail, but it was obvious that no very great retrenchment could be effected in district expenditure. The point of view of the district officer was clearly set out in the reply of the Deputy Commissioner, Attock, an extract from which runs as follows :—

> "It will be seen that out of a budget of 189 thousand rupees, 110 thousand are salaries. I do not know if I am desired to propose reductions in either the number of appointments or of the salaries attached to them. At any rate, I do not feel competent to do so. Both these matters have been dealt with recently by Government after exhaustive enquiry, and it would be absurd for me to attempt to make proposals for reduction. On the other hand, it is equally absurd to suggest taking the whole reduction of 38 thousand out of a contingent expenditure of 79. There is indeed no item of contingencies which is capable of reduction if the existing services are maintained. Class A contingent grants are generally insufficient. It is obviously impossible, for example, to reduce diet of witnesses or expenses of jails and lock-ups without altering the character of our judicial administration. We can only reduce expenditure on bungalows by giving them up, and the Copying Agencies is a source of income which should be dealt with by raising rates rather than reducing expenditure. It would be possible to cut down travelling allowance and tentage expenditure, but all could not be cut down without materially altering the character of our administration. The fact is that our administration is a cheap one* Petty economies apart It is not practically possible to do what we are doing for less money. If it is desired to economise we must do less."

The response to the letter issued to the Members of Council was disappointing. Only one non-official, Khan Muhammad Abdulla Khan, M.L.C., sent a reply. All the points brought to notice by him which fell within the purview of this Committee have received careful attention, and resolutions regarding them will be found in the body of the report, *viz.*, those concerning the possibility of reduction in the Excise and Education Departments ; the abolition of the post of Circle Inspectors of Police; reduction of Revenue staff; reduction in the clerical staff of district offices; the question of Travelling Allowances and the question whether by reason of the appointment of a Minister one of the posts of the Financial Commissioners could not be reduced.

At the second meeting of the Committee held on January 16th, 1922, the replies received from officials and that from Khan Muhammad Abdulla Khan, M.L.C., were considered. After a long discussion it was resolved to ask Government to appoint a small committee consisting of two officers on special duty and one non-official member to collect preliminary data. Government accordingly appointed H. A. Casson, Esq., C.S.I., Financial Commissioner, Colonel Buck, I.A., Deputy Commissioner, and Ganpat Rai, Esquire, M. L. C. Bar.-at.-Law, for this purpose.

The third meeting of the Retrenchment Committee took place in April 1922, under the presidency of Mr. Casson. A long list of agenda, each of which involved some petty reduction, was considered. The resolutions passed will be found in Appendix D. The Committee eventually appointed a sub-committee consisting of Mr. King, Mr. Ganpat Rai and Maulvi Muharram Ali, Chishti, to discuss the proposals before the Committee with Heads of Departments.

* We regret we cannot agree with the remarks of the Deputy Commissioner, Attock, that the administration in this Province is run on cheap lines.

The public opinion in India has questioned this allegation for a long time, and our own observation and experience gained by associating with Government within the last 22 months as members of the Legislative Council takes us towards the side of the public opinion.

(Signed) MUHAMMAD HUSSAIN.

(Signed) GANPAT RAI.

3. It will be observed that up to this point the Committee had not followed any definite line of enquiry. This was chiefly due to the difference of opinion existing within the Committee itself as to the exact interpretation of the somewhat vague terms of reference. Some members were of opinion that they were called upon to report only as to economies possible under existing conditions, while others held that it was open to the Committee to make suggestions which might involve large changes in the policy of Government in its various Departments. Up to the end of April 1922 the former opinion prevailed. In May 1922 the difficulty was referred to Government. At the same time it was pointed out that three of the members of the Committee had left India, and that no formal appointments had been made to fill the vacancies thus created. Government in reply nominated Mr. C. M. King, officiating Financial Commissioner, Chairman of the Committee, *vice* Sir Patrick Fagan, and appointed to the Committee as members E. R. Abbott, Esq., C.I.E., I.C.S., officiating Financial Commissioner, H. D. Craik, Esq., I.C.S., Officiating Chief Secretary, and Miles Irving, Esq., O.B.E., I.C.S., Financial Secretary, *vice* Sir Patrick Fagan, E. Joseph, Esq., and B. T. Gibson, Esq.

Policy and terms of reference.

The Financial Secretary was originally nominated as Secretary of this Committee, but owing to his being unable to spare the time necessary for this important work, the duties of Secretary were in fact performed by the Senior Secretary to the Financial Commissioners, the greater part of the work being done by Mr. C. C. Garbett. The Committee wish to place on record their appreciation of the manner in which Mr. Garbett has performed this work which was entirely outside the duties of his appointment, and to thank him for the trouble he has taken generally during the sessions of the Committee and more particularly in helping to draft the report and in seeing it through the press.

The terms of reference were framed on those of the Government of India to the Inchcape Committee and were as follows :—

"To make recommendations to the Local Government for effecting forthwith all possible reductions in the expenditure of the Local Government, having regard especially to the present financial position and outlook. In so far as questions of policy are involved in the expenditure under discussion, these will be left for the exclusive consideration of the Government, but it will be open to the Committee to review the expenditure and to indicate the economies which might be effected if particular policies were either adopted, abandoned or modified."

The scope of the Committee was thus so widely enlarged that the Committee may be treated as starting afresh in June 1922, when meetings were commenced under the new conditions. The Committee have been able to profit by the valuable work done by the sub-committees which preceded them: and have also had the advantage of considering the reports and procedure of Retrenchment Committees appointed in other provinces. The cost of the Retrenchment Committee in travelling allowance to non-official members amounted to Rs. 3,128.

4. At the first meeting held in June 1922, procedure was discussed. It was considered that the object of the Committee would most effectually be obtained if, sitting as a deliberative body, they examined, in the presence and with the active assistance of the Head of the Department concerned, every budget which *primâ facie* called for criticism. It would thus be possible to consider the financial history of the Department; while the Head of the Department, being co-opted as a member, would assist in the deliberations and would have all the privileges of a member except the right to record a vote. This procedure was adopted. In many cases it was found that Heads of Departments had already anticipated the Committee and taken steps on their own initiative for retrenchment. In others they have accepted suggestions of the Committee, sometimes in principle, sometimes in detail.

Procedure of New Committee.

The Committee have endeavoured to put themselves as it were into the position of the master of a large estate who, finding that his expenditure has exceeded his income, sits down and, taking up his account books, takes a decision as to the directions in which reduction should be made. They have therefore avoided suggesting in minute detail technical reductions : they have indicated the subject and extent of the retrenchment they recommend : the rest they would leave to the Departments concerned. Recommendations very naturally have not been invariably unanimous. Heads of Departments have not always agreed with decisions reached, but they have been helpful, and the Committee take this opportunity of placing on record their appreciation of the assistance which they have afforded.

The Committee have not attempted exactly to calculate all possible contingent effects of their recommendations, such as the extent to which compensation may have to be given where posts are reduced. It is clear that if a post can be dispensed with, it is generally cheaper in the long run to abolish it at once even at the cost of some compensation. Their recommendations have been grouped for convenience under budget heads. The Committee have not printed a tabulated budget statement contrasting pre-war expenditure, post-war pre-reforms expenditure, and post-war post-reforms expenditure, because, owing to the considerable degree of reclassification in the budget which has been necessitated by constitutional changes, the items covered by a budget head in one year do not necessarily exactly correspond with those covered by the same head in another. Such a statement would therefore prove misleading. The resolutions of the Committee will therefore be found to include—

(1) proposals which had been already brought to the notice of Departments and on which action is being taken ;

(2) proposals, action on which was within the competence of Heads of Departments and has been ordered by Heads of Departments as a result of their deliberations with the Committee ;

(3) proposals recommended by the Committee to Government which require the sanction of Government before action can be taken ;

(4) proposals which appear to the Committee likely to result in economies and regarding which they recommend a further enquiry by Government.

5. Attached to this report will be found—

PART II.

BUDGET HEAD 5—LAND REVENUE.

1. The Committee considered at great length and with the assistance of the Director of Land Records a proposal that a reduction be made in the number both of Extra Assistant Commissioners or other Revenue and Settlement Officers appointed for the revision of records, and also of patwaris, and that the post of Director of Land Records should be abolished.

The expenditure on patwaris amounts approximately to twenty-four lakhs and on the Director of Land Records' office to eighty thousand rupees per annum.

In addition to his revenue record work the revenue patwari has to do so much work of a miscellaneous character, essential to the good of the country, that it is impossible to abolish him altogether, or even to reduce the number of patwaris very greatly without serious administrative inconvenience.

The Committee observed that the determining factor in the size of patwari circles is almost invariably the area which at the time of girdawari can be efficiently inspected.

The Committee are of opinion that in the new colonies, where killabandi exists and where tenures are simplified, it is possible for patwaris to undertake larger circles than are at present normally allotted to them and that where these conditions prevail, or where for other reasons there is little change in the land records, there the introduction of eight-yearly instead of four-yearly jamabandis deserves investigation. They consider that it would not be possible without endangering the accuracy of the land records system, of which the Punjab is so justly proud, to advocate any general reduction in the number of ordinary patwari circles outside Colony areas. They therefore recommend that the possibility of reduction in the number of patwaris in some of the colony areas should be investigated by Government. They hold that the post of Director of Land Records should not be abolished, but they consider that should the scheme for the separation of judicial from executive functions come to maturity and should Executive Officers, relieved of judicial work, be able to divert attention to revenue inspection and control of revenue affairs, then the post of Personal Assistant to the Director of Land Records could be abolished.

Anticipated saving Rs. 32,000.

2. After consulting Commissioners, who were not unanimous but showed a disposition to accept the proposal, the Committee recommend that, except in two or three districts where special necessity is proved, the posts of Reader to Deputy Commissioner be abolished.

3. The question of the possibility of amalgamating (*a*) canal revenue patwaris with the existing land revenue patwaris, and (*b*) the Canal Revenue Department with the Land Revenue Department, was fully discussed. It was explained that though both canal and revenue patwaris bear the same designation yet their duties are distinct, and that both staffs are necessary: it was suggested that the "fasalana" of the canal patwari will be taken by whoever holds the key of the water gates, be he revenue or canal official, and that transfer of control from one department to another will make no difference in the amount levied and this whether "fasalana" be considered an innocent tip or a wrongfully exacted bribe. The old arguments forand against amalgamation set out in the Colonies Report came under examination. The six years' experiment condemned as a failure by Sir John Maynard and Sir Patrick Fagan was reviewed. But nevertheless unofficial opinion remained unanimously convinced that if the Canal Department were reconstructed and the Engineering work only retained by that Department, while revenue work were to be handed over to Revenue Officers under the control of the Collector, there would be an immense saving to the resources of the zamindar.

The Committee observed that in the experiment of 1911 to 1917 the work of the Land Revenue Department was made over to the Canal Department. What non-official members now ask is the exact reverse, *viz.*, that the canal revenue work be handed over to the Land Revenue Department. They anticipate that this step will lead to better administration and ultimate economy because they believe that it will be possible to reduce in number the total of revenue plus canal patwaris, Tahsildars and Naib-Tahsildars plus Zilladars and Extra Assistant Commissioners plus Deputy Collectors. Having regard to the weight of non-official sentiment, the Committee recommend that, as an experiment to last five years on a unit of area as large as may be practicable but in any case not less than one Rajbaha, the entire assessment staff be placed under the control of the Collector and that the canal

which they could propose.

staff be responsible only for the maintenance of the canal generally and in particular for the supply of the stipulated head of water at the various outlets. The Committee suggest that the whole of the area in British Territory served by the Western Jumna Canal might be made the subject of this experiment.

4. The attention of the Committee was drawn to the fact that district copyists are paid by the piece and that this system is not popular with the copyists or remunerative to Government. The Committee recommend that copyists in District Offices be entertained as Government servants on time scale. The Committee believe that copyists will welcome the security of tenure thus afforded, and are of opinion that there will result a gain to Government.

BUDGET HEAD 6—EXCISE.

The Committee observed that the expenditure on Excise has increased from 2 lakhs in 1913-14 to 3½ lakhs in the current year's budget. The Committee examined S. Bishen Singh, Excise Superintendent, in great detail and were satisfied that it would be unsafe to propose any reduction in expenditure. On the contrary, they find reason to apprehend that any such reduction would be followed by a more than corresponding decrease in receipts, income from Excise having multiplied very much more rapidly than expenditure thereon.

BUDGET HEAD 7—STAMPS.

(i) A generous commission on the sale of stamps was originally necessary in order to popularise their use. This reason no longer applies as the general public are familiar with the main provisions of the Stamp Law.

The Committee recommend that the commission on sale of stamps be reduced, especially in the case of court-fee stamps, a form of taxation which it is practically impossible to evade.

(ii) The Committee discussed a proposal that no commission on sale of stamps be paid to Treasurers or Agents, provided that no other license for such sale be given within a radius of a quarter of a mile from a Government Treasury or Sub-Treasury.

The suggestion appears to the Committee likely to result in economy and is recommended to Government.

BUDGET HEAD 8—FORESTS.

(i) Discussion revealed the fact that there exists a very grave misapprehension among the public as to the working of the Forest Department, a misapprehension for which the apparent increase in budget expenditure from 10¼ lakhs in 1913 to 55½ lakhs in 1922-23 would seem responsible. Forest accounts as issued at present do not distinguish between capital and revenue items and therefore do not present a clear picture of the facts, while satisfactory scrutiny is impossible. The Committee rejected, as likely to be expensive in time and money, a suggestion that all forests should be valued and separate accounts kept of each, based on that valuation.

They recommend that, in future, forest accounts should so be kept that items of capital expenditure be deducted from the total annual expenditure, that the balance, which represents true current expenditure, be restricted to a certain proportion of the income, and that in this item of annual current expenditure should be included interest charges on all capital expenditure up to date. The Chief Conservator of Forests stated that for his part he was prepared to accept the proposal and suggested that the ratio of 7 to 10 should be maintained as between expenditure and income. The majority of the Committee, after hearing the Conservator, were satisfied that the department is working efficiently and concurred in the ratio which he suggested. The criticisms in the minority report appear to them to be based on a misunderstanding of facts.

(ii) The Committee also considered the "truck" system of working in the Forest Department, but after hearing the explanations of the Chief Conservator unanimously decided that there was no retrenchment in this direction which they could propose.

BUDGET HEAD 22—GENERAL ADMINISTRATION.

(*i*) The Committee discussed the abolition of one of the posts of Financial Commissioner, and, alternatively, the abolition of the post of Revenue Secretary to Government, Punjab. The duties and responsibilities of the Financial Commissioner (Development) and the history of the post were explained.

The Committee are definitely satisfied that neither of the Financial Commissioners should be brought under reduction. They realise the disadvantage in principle of combining in a single individual the posts of Head of a Department and Secretary, but they feel that these objections cannot apply with their usual force to the case of the Financial Commissioners whose varied experience should make it possible for them to retain the initiative required in a Head of a Department, while exercising the critical faculty demanded of a Secretary. They feel therefore that it is feasible that the Financial Commissioner should be made Secretary to Government and should undertake part of those duties which the Revenue Secretary has hitherto performed. The excise work of the Secretary, Transferred Departments, should then be transferred to the Financial Commissioner as Secretary to Government. This will result in the saving of the pay of one Secretary.

Anticipated saving Rs. 31,800.

(*ii*) The abolition of the post of Commissioners was considered at great length. The necessity of an intermediary between Government and the District officers, the value to junior district officers of the advice and unofficial assistance of senior officials, the advantage of having officials of ripe experience in immediate touch at once with the people, the District Officers and Government, the necessity of arranging for appellate courts in revenue matters, and the large amount of miscellaneous work impossible of statistical expression, which falls to the lot of Commissioners—all these arguments were canvassed.

Eventually on a proposal to reduce the number of Commissioners to two the Committee were evenly divided but by 7 to 4 votes (one member remaining neutral) the Committee resolved to recommend that the number of Commissioners be reduced from 5 to 3.

Anticipated saving Rs. 1,52,000 per annum.

(*iii*) The Committee discussed a proposal that the pay of certain officials, *e.g.*, President, Legislative Council, High Court Judges, Assistant Legal Remembrancer and Public Prosecutors be reduced.

The Committee resolved that the salary of the President should not be recommended for retrenchment. They observed that the salary of High Court Judges was a central subject and outside their purview. They rejected the suggestion that the pay of the Government Advocates and of the Assistant Legal Remembrancer should be reduced, but they are of opinion that the emoluments of the Public Prosecutors in the Province as a whole should be reduced to the extent of Rs. 50,000. The Committee suggest to Government that this can most suitably be done by introducing a system of fixed salaries, a position accepted by the Legal Remembrancer.

Anticipated saving Rs. 50,000.

(*iv*) A suggestion was advanced that new Indian Members of the Indian Civil Service should be locally recruited and should receive not more than ⅔rds of the pay of Indian Civil Servants recruited after examination in England.

The Committee recommend that if it be a fact that the Indian Civil Service no longer attracts Englishmen from England, and that the service is becoming rapidly Indianized, and may become so completely in a short time, it seems unnecessary to continue a rate of salary for Indians entering the service that was intended to attract Englishmen from abroad ; and it would seem that the appropriate scale should be about ⅔rds the present scale.

(*v*) The Committee considered the post of Council Secretaries. They appreciate the reason which led Government to create these posts : but having regard to all the circumstances they consider that they should be abolished forthwith.

Anticipated saving Rs. 8,000 per annum.

(*vi*) It was pointed out that non-official Sub-Registrars cost Government Rs. 1,20,000 per annum.

The Committee recommend that in future non-official Sub-Registrars should not be appointed except in a very few tahsils and district head-quarters, in which registration work cannot be done by official agency.

(*vii*) A proposal was considered to the effect that, with the exception of His Excellency the Governor and his staff, all exodus to the hills should be permanently stopped. The difficulty of Secretaries enjoying any leave during their tenure of office and the impossibility of carrying on without leave under the strain of modern conditions in the hot weather was explained ; and the opinion expressed that it would become most difficult to recruit Secretaries if this resolution were adopted. After hearing all the arguments the opinion of the majority of the Committee was that the existing system should be continued.

(*viii*) The Committee considered the question of allowances and recommend that every allowance now classed as special pay and compensatory allowances other than travelling allowance be carefully scrutinized by Government, with a view to determining whether the allowance is justified.

(*ix*) The question of travelling allowance was discussed with each Head of Department. There was a general consensus of opinion that existing travelling allowance rules are open to abuse.

The Committee are of opinion that new rules should be framed on the basis that reasonable actual expenditure be repaid together with a contribution by Government towards the maintenance of means of locomotion required for official purposes. The Committee recommend that savings should be effected to an extent of not less than ⅓rd of the expenditure in 1921-22, *viz.*, Rs. 15,00,000.

(*x*) The question of holidays and of the difference in the practice of Civil and Criminal Courts in this regard was considered.

The Committee are of opinion that some saving might be effected by restricting the number of holidays allowed to Civil Courts to the general holidays allowed for all public offices : further, that Civil Judicial Officers should have no vacation in September.

BUDGET HEAD 26—POLICE.

The Police Budget has risen from 60¼ lakhs in 1913-14 to 114 lakhs in the current year.

A resolution was received for discussion to the effect that Circle Inspectors should be abolished. This step, the Inspector-General of Police explained, has already been taken, but he pointed out that no economy would result therefrom as it is necessary to spend the money, that would otherwise be saved, in increasing the number of Deputy Superintendents. The Inspector-General laid the facts as regards the recruitment, retirements and resignations of the Police before the Committee and satisfied them that no reduction can be contemplated in the Police Budget, or in the superior posts on the departmental cadre.

BUDGET HEAD 30—SCIENTIFIC DEPARTMENTS.

The Committee discussed the recent proposal to appoint six Clinical Assistants to the Laboratory of the Lahore Medical College. The Inspector-General of Civil Hospitals explained that the reason for these proposed new posts was that complaints had been received from the Medical Faculty in England that the standard of training of medical students in Lahore was insufficient. Steps therefore must of necessity be taken to raise the standard. There were two possible alternatives. The one to recruit Assistant Surgeons of the Provincial cadre, in which case the expenditure should not exceed Rs. 500 per post including Rs. 150 per mensem Lahore allowance, the other to attract the men with the best qualifications in India, in which case it was anticipated that posts would have to be offered at Rs. 500 initial rising to Rs. 1,000, with possibly an additional Lahore allowance of Rs. 150. The Inspector-General of Civil Hospitals

admitted that there are already four Demonstrators on the lower scale, who would probably demand to come on the higher should the latter proposal be adopted.

The Committee, while fully recognising the advantages attaching to the proposal to have as Clinical Assistants the very best men available in India, are of opinion that these advantages do not counterbalance the disadvantages of having to offer a very much higher rate of pay than would be necessary if the six appointments of Clinical Assistants were added to the cadre of Assistant Surgeons. The Committee are informed that men of the grade of Assistant Surgeon, and of even a higher class, fully qualified to be Clinical Assistants, would be forthcoming in sufficient numbers to permit of a careful selection being made for these six appointments even if the pay remained at its present figure, *viz.*, the grade pay of Assistant Surgeon plus Rs. 150 per mensem Lahore allowance.

In view of the financial stringency the Committee therefore consider that it is not necessary to fix the pay of Clinical Assistants at a higher rate than that of Assistant Surgeons plus the usual Lahore allowance of Rs. 150 per mensem, and that the proposal to appoint men on higher salary should at once be dropped.

Anticipated saving Rs. 50,000.

BUDGET HEAD 30—EDUCATION.

The Committee devoted two days to a consideration of the Education budget and, in addition, the Director of Public Instruction kindly afforded Mr. Ganpat Rai, on behalf of the Committee, an opportunity of examining in minute detail further items of expenditure. Expenditure on education has increased from Rs. 44,25,000 in 1913-14 to Rs. 50,13,000 in 1917-18, and Rs. 1,05,47,000 in the current budget. This increase in expenditure has been accompanied by an enormous increase in the number of pupils: 515,000 boys are now receiving education out of an estimated maximum number of 1,000,000 boys of a school-going age. The numbers in 1913-14 were 363,419 and in 1917-18 408,925. The increase in pupils throughout the Province in the past year has been 70,000. The average additional cost per pupil is Rs. 10 for buildings, furniture, etc., and Rs. 10 for teaching, *i.e.*, Rs. 20. Suggestions made to the Director of Public Instruction as to a more economical utilization of existing buildings, the reduction of unnecessary supervision and possible improvements in curriculum and equipment, elicited the information that all these matters are having his close attention and that the economies which the Committee otherwise had been prepared to suggest are already being initiated. The Committee agreed with the Director of Public Instruction that there is in existence considerable communal rivalry and that this rivalry results in expenditure that would otherwise be unnecessary. They consider that the matter is one which demands the careful consideration of the Education Committee. The Committee also noted the Director of Public Instruction's opinion that the existing system of University education tends to extravagance, especially as regards the intermediate course, but they are not in a position to pursue this point.

After hearing the views of the Director the Committee offer the following recommendations as likely to result in economy :—

(*a*) No grant-in-aid should be sanctioned for new Colleges in Lahore.

(*b*) Government should not be called upon to defray the cost of prizes in schools.

(*c*) The allotment of Rs. 11,000 distributed by touring officers of high rank should be retrenched.

(*d*) The "Institute of Commerce" serves no useful purpose and should be abolished as soon as possible.

Anticipated saving Rs. 11,154.

(*e*) Grants to Industrial Primary Schools should be abolished with effect from April 1923.

(*f*) The post of Assistant Inspector of Industrial Primary Schools should come under reduction.

Anticipated saving Rs. 3,900.

(g) The position of Lower Middle Schools should be reconsidered and a simplified curriculum devised which would render possible in certain cases the substitution of Junior Vernacular for Senior Vernacular Teachers.

The Committee are satisfied that the Department of Education has already initiated far-reaching schemes of economy. They believe that all possible steps to secure the economic working of the Department have already been taken or are under consideration. They realise that with the prospective increase of 70,000 per annum in the number of pupils no reduction in annual expenditure can be expected, but they hope that the economies to which they have referred will result in a considerable diminution in the annual expenditure upon each pupil.

Anticipated saving Rs. 2,31,000.

BUDGET HEADS 32—MEDICAL AND 33—PUBLIC HEALTH.

In 1913-14 the Health and Medical Services Budget was 44¾ lakhs, the current year it is 44 lakhs.

As regards the budget under the control of the Inspector-General of Civil Hospitals a very searching examination of the detailed expenditure was made on behalf of the Committee by Mr. Ganpat Rai in consultation with Colonel MacWatt. Colonel MacWatt pointed out, that, thanks to the good health of the Province, there would be a saving of Rs. 75,000 this year on the budget allotment for "Reserve Assistant Surgeons." He also explained that provision was made annually for the purchase of quinine when the market was favourable. The price varied from Rs. 30 to Rs. 100 per lb., and if it was purchased only at the time when epidemics were raging the monopolists who controlled the commodity could force prices up. Of the sum set apart for purchase of quinine this year some Rs. 45,000 would not be spent. There will thus be a saving, though not properly speaking a retrenchment, in the Medical Budget of Rs. 1,20,000.

As regards the staff under the control of the Director of Public Health, such further economy as may be effected by amalgamating staffs hitherto employed for specialized epidemics is already being carried out.

The Committee recommend Colonel Forster's proposals—

(1) To reorganise the plague staff.

(2) To make use of the occasional absence on leave of an officer to effect a temporary reduction at times when the state and prospects of the public health make such a course justifiable.

The Committee also note with satisfaction that the Divisional Inspectors of Vaccination have been abolished and that thereby a saving of Rs. 6,500 will result.

Total anticipated saving Rs. 60,000.

BUDGET HEAD 34—AGRICULTURE.

(i) The Committee discussed the somewhat vexed question of Government farms. Non-official opinion is clearly against them.

The Committee recommend that Government cease to be responsible for any expenditure on Demonstration Agricultural Farms.

(ii) After learning from the Director of Agriculture that the maximum annual expenditure has already been reached in the case of the Bara Reclamation farm in Montgomery, and that the money spent hitherto would be altogether wasted if the scheme were abandoned now, the Committee recommend that this farm be continued.

(iii) The Committee discussed a proposal that the Departments of Agriculture and Industries should be re-amalgamated, but agreed that the suggestion was not feasible. Should the Director of Agriculture cease to be responsible for the Veterinary Department they consider that the Directorship might be given to a less highly-paid official than a member of the Indian Civil Service.

BUDGET HEAD 35—INDUSTRIES.

(*i*) The Committee, after hearing the Warden of Fisheries, agreed that the Department should not be abolished, but considered that the gross expenditure should be limited to Rs. 45,000 per annum.

(*ii*) They recommend that the license fee of fishermen be raised from Rs. 3 to Rs. 6.

(*iii*) The Committee are unable to believe that the *Industrial Bulletin* serves any purpose commensurate with the cost, and recommend that it be discontinued forthwith.

Anticipated saving Rs. 20,000.

BUDGET HEAD 41—CIVIL WORKS.

The expenditure on Civil Works in 1913-14 was 1 crore and 8 lakhs and in the current budget provision is made for an expenditure of 1 crore and 27 lakhs. Of this $45\frac{1}{4}$ lakhs are required for repairs, $47\frac{3}{4}$ lakhs for Civil Buildings and Communications, 17 lakhs for Establishment (as against $8\frac{1}{2}$ lakhs in 1913-14), the balance being spent on works in charge of Civil Officers.

The Committee observed that, under the existing system, Public Works are constructed by the Buildings and Roads Branch, by the Irrigation Branch, and also by the Engineering staff of District Boards. These latter are in fact financed by Government so that in reality Government is employing three channels for carrying out one single class of work. In the course of a long discussion, in which the Chief Engineers assisted, there appeared a general unanimity that there does exist at present a considerable overlapping and that the point for decision is whether the District Engineering staff should absorb the Public Works Department, or *vice versâ*. The Chief Engineer, Roads and Buildings, stated that if the Public Works Department were entrusted with the work which is at present under the complete control of the District Board Engineering staff, he anticipated that there would be a saving of Rs. 72,000 per annum. He also emphasized the point that service under District Boards being "foreign service," engineers of the Imperial Service could not be deputed to serve under District Boards without their express consent. The Sly Committee's report and its various recommendations and Sir Ganga Ram's minute of dissent and the proceedings of the Punjab Committee which considered both were fully discussed.

(*i*) The Committee recommend that immediate action be taken on the Sly Committee's report, and that the proposal of Sir Ganga Ram be accepted for this Province as leading to an immediate retrenchment, but that in order to facilitate the possibility of having recourse to the expedient devised by the majority of the Sly Committee, in future engineers should be engaged on condition that their services would be subject to transfer to District Boards if necessary. The Committee fully realise the importance in the education of local bodies towards self-Government of giving them control of Public Works within their area. But the majority are content to differentiate the technical execution of work from administrative control: and while they would leave the latter with the Board, the former must, they consider, in the interests of economy, be entrusted to the most qualified staff. The Committee feel that it would be unsafe to entrust the main communications of the Province in particular to the District Boards and their staffs.

(*ii*) The Committee concurred in the proposal of Mr. Montgomery that in principle annual repairs of departmental buildings other than residential should be effected by the departments concerned. They have consulted the various Heads of Departments who are generally agreed that a saving of 20 per cent. on current estimates could be effected, and that the proposal would be welcomed by the officers in charge, *e.g.*, School Masters, Tahsildars, etc., who would be allowed to arrange for the petty repairs of such buildings. At present there is a considerable waste of time and money in the preparation of estimates and in the maintenance of minor officials employed for the supervision and execution of petty repairs in outlying areas.

(*iii*) The Committee find that the Chief Engineer has already anticipated a suggestion that was put forward for consideration, *viz.*, that expenditure on the maintenance of roads be reduced. Orders have been passed that—

(1) in future miles which under the table of repairs are due for repair but could still last one year longer are not to be renewed ;

(2) Public Works Department Road Bungalows where no longer necessary are to be disposed of ;

(3) unnecessary width of lands adjoining roads is to be sold.

The Chief Engineer was unable to state exactly the saving which would result from the issue of the above orders. The Committee recommend that the budget grant for repairs of roads, metalled and unmetalled, be reduced by 20 per cent.

Anticipated saving Rs. 7,00,000.

The Committee also recommend that instructions be issued to the Communications Board that the mileage of metalled roads in the Province should not be increased except in so far as is necessary to complete the metalling of roads which have already been put in hand or the metalling of which is necessary for special reasons, as, for instance, colonisation. The annual grant to the Communications Board can thus be reduced by 3 lakhs.

Anticipated saving Rs. 3,00,000.

(*iv*) The Committee discussed the question of abolishing the post of Consulting Architect to Government. They recommend that this post be absorbed in the general cadre of the Public Works Department, being graded as that of Superintending Engineer. The Committee understand that the Assistant Consulting Architect is on a five years' contract only, and they are of opinion that the question of the renewal of his contract at the time of its expiry should be carefully considered. The Committee also recommend that fees be charged from municipalities and district boards for the services of the Architect.

BUDGET HEAD 46—STATIONERY AND PRINTING.

The Committee consider that the gross budget estimates of Stationery should be reduced by 25 per cent., the distribution of the reduction over districts to be worked out by Government.

Anticipated saving Rs. 1,54,000.

(2) They are of opinion that the Urdu Gazette should be abolished.

Anticipated saving Rs. 18,000.

(3) They are agreed that the maintenance of a Government Press is essential, but they recommend that a small Secretariat Committee be appointed to consider whether any further economy can be effected in the working of the Press.

BUDGET HEAD 55—IRRIGATION.

The Committee were convinced by the statement of the Chief Engineers that the necessity of finding staff for the Sutlej Valley and other projects which are now occupying them is such that the maximum reduction possible in the cadre has already been made. As regards the subordinate staff, *pari passu* with the appearance of the volumetric system, which the Irrigation Branch are prepared to introduce on demand, the Canal Patwaris will disappear. Further, if effect is given to the recommendations of this Committee on pages 5 and 6 the revenue staff of the Canal Department will be amalgamated with the District staff to the extent to which the experiment is approved, and ultimately very considerable saving should result.

(*ii*) As regards the expenses of maintenance, having regard to the reductions already made by Council, the Committee find themselves unable to suggest any further retrenchment. Less money spent this year would involve heavier spendings hereafter.

PART III.

The net retrenchments proposed, the financial effect of which the Committee are able very roughly to estimate, amount approximately to thirty-seven and a quarter lakhs. The savings which will eventually result if the proposals in Appendix IV also are adopted may be expected to bring this sum up to at least one-half crore. These retrenchments have been arrived at by the detailed scrutiny of the budget, chapter by chapter, and if the result is not sufficient in itself to meet the difficulties of provincial finance a review of the budget as a whole will serve to show the reason.

Of a gross budget expenditure of Rs. 12,28,65,430 no less a sum than Rs. 1,05,47,000 is allocated to Education: Rs. 1,28,96,500 to Public Works (including communications): Rs. 1,18,31,000 to Irrigation: Rs. 1,14,85,982 to Police: Rs. 1,75,00,000 contribution to the Central Government: Rs. 45,00,000 Tour charges, leaving a comparatively small residue for general administration. If any really large cuts are to be made, they must be made from these, the heads of heaviest expenditure. But in none of these directions do the Committee feel justified in making recommendations more drastic than those incorporated in this report. Increased lawlessness, which is an inevitable aftermath of the war, has necessitated the strengthening of the Police, and the odium which non-co-operators have endeavoured to cast upon this body of Government servants must result in making the service still more expensive. As amenities decrease monetary compensation must increase. Even though their present high standard of efficiency may be reduced, nevertheless communications must be maintained, or the economic life of the Province would be throttled: the construction of new buildings is already severely restricted, but the Province must have its Council Chamber and its Courts. The increased demand for education is one of the most striking features of progressive India, and no responsible Council would venture to curtail the general programme, or do more than insist on getting, as this Committee is satisfied the Province is getting, the best value for its money.

2. The appointment of [1]Provincial Retrenchment Committees has followed the Geddes Committee. But whereas the effect of the war in England was enormously to expand the administrative machine, in India the exact contrary was the case. In order to economise man-power, posts were held in abeyance or reduced; in order to provide the sinews of war to the army, Civil Departments were starved. If there was lavishness in England, economy in India was the order of the day; and all expenditure was scrutinized and pruned till, at the time when the present Committee were appointed, there was in this Province little remaining to be cut.

3. Moreover, it must be recognized that a [2]democratic form of Government is not and can never be a cheap form of Government. We may go even further and say, in the words of a British historian of the nineteenth century, that "a progressive community as yet grossly ill-supplied with those services which must in the modern world be rendered by the Central and Local authorities, would obtain less benefit from reducing the public burdens than from adjusting them fairly and spending them to the general advantage."

[1] The idea of the retrenchment in official mind might have arisen from the Geddes Committee, but public in this country has cried hoarse for a quarter of a century over the right Royal scale that has been maintained for over a quarter of a century quite unsuited to the economic conditions of this province, and it reached, from whatever causes, the breaking point of landing the province in a recurring deficit of 123 lakhs according to the statement of Hon'ble Finance Member.

When bankruptcy is not facing the administration, but has actually accrued, it will be merely insane to talk that the administration is run on cheap lines and that economy has been the rule.

[2] Democratic Government, no doubt, has its own demands on the public purse, but such demands have not yet been met to any appreciable extent. No doubt introduction of a form of Democratic Government Institution faces the administration with possible and probable larger demands on the finances of the Province which to a wise administration should afford the opportunity of overhauling the past so that future may not bring about a calamity.

MINORITY REPORT.

The Retrenchment Committee appointed by His Excellency the Governor, though it took longer time than similar committees appointed by other provinces, has not proceeded upon the lines adopted by these latter provinces. It did not record any evidence, and it did not avail itself of the expert opinion to curtail the ever-increasing expenditure which is sucking the life-blood of the province. It co-opted the Heads of Departments to assist in the work of reduction. Unfortunately most of them did not see their way to recommend much retrenchment in their departments, and consequently the retrenchment suggested by the majority report is only a drop in the ocean.

Efficiency is the pet argument of officials. We admit that in cutting the expenditure some sort of inconvenience, even inefficiency, will be experienced in the beginning, but how can we pull on with such a costly machinery, when the province cannot afford to pay a pice more, when its resources are already tapped, when its poor peasantry and other poor tax-payers are groaning under heavy taxation and any attempt to burden them with fresh taxation will mean their total destruction and thereby loss to the Government.

Keeping in view these things and agreeing with the Majority Report to the extent of their reductions we have ventured to propose our recommendation which if accepted by the Government will attain the object aimed at by that great friend of the Province, Sir John Maynard, Hon'ble Member, Finance, *i.e.*, reduction of a crore of rupees in the public expenditure of the province.

We subjoin a statement which will show what in our judgment can be done in the way of economy without disturbing the efficiency of the administration and the vested rights of the employees. After preparing the statement we are ourselves astonished at our moderation. All Civil Services in our opinion receive excessive salaries due no doubt to the employment of a large number of Europeans and to the fixing of the salaries of Indian officers on the same scale to avoid false notions of racial inequality. We have not intentionally in our statement touched this sore point. The time should not be long before several services are Indianised in which case the scale of salaries would be rearranged in accordance with Indian values to the great relief of the tax-payer. In our statement we have recommended the decrease in the salaries of officers who in our opinion are drawing excessive emoluments which do not fairly compare with the poor finances of the province or with similar appointments held in other rich countries. We realise that it is not in the power of the Punjab Government to accept all our proposals, and some of them may require the approval and sanction of the Government of India, the Secretary of State, and perhaps of Parliament. But we entertain fervent hopes that if we can persuade the Punjab Government to forward our proposals with its strong recommendation to higher authorities, our proposals are sure to receive serious consideration and ultimately be sanctioned. But those of our proposals which are in the power of the Punjab Government to sanction, we pray, may be given effect to immediately to give relief to the poor population of the province from further taxation.

Our proposals should not be viewed as emanating from those who wish to obstruct the work of administration, rather they are the outcome of the close study of the budget and follow those essential and elementary principles of economy, namely, (1) that the tax-payer shall not be asked to find more money than is really needed, and (2) that there shall be no waste in the expenditure, though this latter object is most important but most difficult of attainment.

Serial No.	Head.	Present expenses.	Proposed expenses.	Reduction.	REMARKS.
		Rs.	Rs.	Rs.	
1	5-B.—Land Revenue Special allowances to Settlement and Assistant Settlement Officers.	19,000	*Nil*	19,000	Settlement Officers are of the rank of Deputy Commissioners; it adds to their qualifications for promotion by gaining special experience. Their work has now been simplified and they have also the advantage of spending two months in the hills every year. As regards Extra Assistant Settlement Officers the post is always attractive to Provincial Service for the improvement of their future prospects. The principle of allowances for substantive appointments is *ab initio* wrong. These allowances must now be abolished all along the line.
2	5-C.—Land Revenue and 15—Irrigation. 22-E.—General Administration: Qanungos and Patwaries establishment, Tahsildars, Deputy Collectors, Zilladars, Canal Patwaries, Munshis, temporary establishment, etc.	56,00,000	37,00,000	19,00,000	The amalgamation of the Canal Revenue Department (Deputy Collectors, Zilladars, Munshis and Patwaris, etc.) with ordinary Revenue Department is a question which has been drawing the attention of Government and public for some time. Besides giving relief to the Canal Engineering staff of the extra revenue duties which they cannot perform without sacrificing their more important technical work and saving the Zamindar public from double exactions and nuisance, the amalgamation proposed will do away with a considerable amount of overlapping with improved efficiency and revenue. The Director of Land Records stated that with the abolition of the writing of *Shudkar* and a little change in the dates of *Girdawaris* Revenue Patwari could easily perform both the functions. The work of checking is the same with a Zilladar as with a Qanungo or Tahsildar. The amalgamation of these two branches (Deputy Collectors with Tahsildars, Zilladars with Qanungos and Naib-Tahsildars) and (Canal with Revenue Patwaris) and bringing them under the direct control of Collectors will effect a saving of no less than 33 per cent. in both the Departments.
3	8.—Forest ...	55,74,000	25,74,000	30,00,000	This is the most wasteful department of this province. Instead of bringing in the value of the timber which the present generation has inherited from past it is being eaten up by the Forest Department. We recommend that the establishment from top to bottom be reduced both in number, say, 40 per cent. and in salaries, say, also by 40 per cent. The fanciful roads, rest-houses and other amenities for the Forest Officers be abolished once for all. The sale of timber should be at once placed under a board of management on which the Legislative Council should be represented. Recent transactions in connection with Talwara and the disposal of the forest timber to one man justify the above opinion. If really the department is reduced to a commercial undertaking, income would certainly appreciate, say, 25 per cent., and expenses will go down by, say, 40 per cent., thus assuring to the State at the present scale an excess of, say, 30 lakhs a year.

4	41.—Civil Works Establishment, Tools, etc. (Irrigation.)	...	...	Proposed reduction 16,00,000	At present Civil Engineering Work is being done by trained experts in three different departments—Local bodies, Public Works Department, Buildings and Roads, and Irrigation. By judicious amalgamation of these three activities a considerable saving would be possible. The Public Works Department, Buildings and Roads, hold an intermediate position as regards expenses and strength in these three activities. And one may assume without much labour that savings to the extent of expenses in the middle department may be effected, to the extent of fifteen to sixteen lakhs. If amalgamation is not accepted the public and the Legislative Council would at once agitate and vote for the complete abolition of the Buildings and Roads Branch. Buildings and Engineering activities of the Irrigation Branch be at once made a transferred subject and supervising charge and control further transferred to local bodies as early as can be arranged.
5	Travelling allowances of the province.	45,00,000	27,00,000	18,00,000	Considerable amount of money is now being spent and wasted on travelling allowance. Most of the officers do unnecessary journeys. We are of opinion that the rules should be so reframed as to reduce the expenditure under this head by 40 per cent. The reasons in support of the proposed reduction are: (1) The province cannot afford to pay so much; (2) it must be impressed upon the employees that their acceptance of the appointments under the Government is subject to their spending a portion of their time on tour, in which case they shall have to spend something from their pay; (3) where the expenditure is mainly due to travelling they may be given the actual amount only, which they would not have spent had they been at headquarters; (4) the travelling allowance bills have swelled on account of the abuse of travelling by motor cars and unnecessary travelling. A reduction of 40 per cent. will reform abuses and will effect considerable economy. Besides the reasons enumerated above officers now get the facilities and comforts of putting up in rest-houses, improved means of communication, and most of the travelling is performed by Railway. Besides travelling allowance there are tour charges, horse allowances, amounting to a large sum.
6	22.—General Administration (Commissioners and their establishment).	3,80,000	...	3,80,000	The post of Commissioner does not exist in Madras and has been recommended for total abolition by some other Retrenchment Committees. It serves no useful purpose to justify its existence. In the presence of two Financial Commissioners their appellate work may be easily handed over to them and other work may be delegated to and distributed between the Deputy Commissioners and Revenue Assistant without in the least sacrificing efficiency on the altar of economy. The advice work to Deputy Commissioners may be done by the members and secretaries of the Government.

7	24-B.—Administration of Justice (Law Officers).	4,53,672	3,53,672	1,00,000	The Legal Remembrancer agreed to the proposal that fifty thousand rupees could be easily curtailed from the expenditure. We propose a further reduction of another fifty thousand rupees. Our reasons are—firstly, the pay of Public Prosecutors along with their travelling allowance was considerably enhanced last year notwithstanding the great opposition in the Council; secondly, there was no justification for doing so. This and other increases should be withdrawn and Budget reduced to original estimates of 1921-22.
8	24—Abolition of vacations and shortening of holidays of Civil Subordinate Courts.	28,95,000	26,95,000	2,00,000	The Retrenchment Committee have agreed to recommend the abolition of vacations of Subordinate Courts and the shortening of holidays. Consequently a reduction of about 2 lakhs is probable.
9	Compensations for dearness of food.	5,31,000	...	5,31,000	The prices have considerably improved and necessity for this allowance has disappeared. No further reasons are necessary. Effect to this recommendation be given at once.
10	Repairs to civil buildings.	10,43,700	8,23,850	2,20,000	We agree with the recommendations of the Committee that a saving of 20 per cent. could be effected on current estimates for repairs, but we go one step further and say that 20 per cent. saving all around is possible in all the expenditure incurred on repairs.
11	Total Communications, *i.e.*, repairs to roads, etc.	34,81,000	27,84,800	6,96,200	This heavy sum is being spent lavishly by the Public Works Department, Roads and Buildings, on the repair and upkeep of metalled and unmetalled roads and it also includes expenses on Arboriculture. The net result of a reduction of 20 per cent. on the principle adopted by the Retrenchment Committee as regards the repair of buildings will be a saving of about seven lakhs without in the least doing any harm to the roads of the province.
12	41—Civil Works—Maternity Hospital.	Rs. 1,76,000 *plus* supplementary grant.	*Nil* ...	1,76,000	The province cannot afford to build such a costly institution in the present financial stringency. We can as well wait for another two years or so as we have waited in the past.
13	41—Civil Works—Clock Tower to King Edward Medical College, Lahore.	15,000	*Nil* ...	15,000	This is an extravagance, which should be stopped.
14	41—Civil Reserve for Major Works.	1,00,000	50,000	50,000	The reserve can be easily reduced to half.
15	41—Civil Reserve for unforeseen requirements.	52,578	30,578	20,000	Ditto ditto.
16	41—Civil Works—Reserve for Minor Works.	1,50,000	1,00,000	50,000	Ditto ditto.
17	Grant to Communications Board.	...	...	3,00,000	A lump reduction of Rs. 3,00,000 from the Communications Board's grant have been unanimously agreed to by the Retrenchment Committee.
18	24—Administration of Justice—Pay of the Honourable Judges.	4,18,667	3,58,667	60,000	The vacation of the High Court be reduced by one month, and the pay of the Honourable Judges be reduced to old Chief Court's scale as there are no special reasons to give enhanced salaries on the creation of High Court.

19	Police ...	1,13,83,000	1,04,83,000	7,00,000	We are alive to the fact that any drastic reduction in the heavy, ever-increasing expenditure on the police may lead to insecurity ; but all the same we are convinced that 4/5 of the total strength of inspectors may be reduced. Also the post of Deputy Inspectors-General with their staff may be abolished. Our reasons are—(1) In the officer's line there are Sub-Inspectors, Deputy Superintendent, and Assistant Superintendent, Police. Work is therefore duplicated and in some cases triplicated without any beneficial effect to the State or the public. Therefore at least one series of officers, preferably inspectors, should be abolished. (2) Deputy Inspectors-General are only intermediaries between Inspector-General and Superintendents. Their posts may be brought under reduction, and a Senior Superintendent be appionted as an additional Personal Assistant to Inspector-General. (3) Rank and file should be also reduced say, by 10 per cent. including men employed on ceremonious works and obsolete duties. The reduction will be about seven lakhs. The abolition of the post of Deputy Inspectors-General has been also recommended by the Assam Retrenchment Committee.
20	25—Jail ...	29,51,000	...	11,60,000	Divergence between the income and expenses is appalling. The average number of inmates is between 14 to 15 thousand souls. The income budgeted is 5 lakhs. This works out to about two annas per head including the income from gardens and other sources, and expenses are Rs. 29,51,000, which is six times per head the income. The situation is absurd. Expenses could be reduced say by 20 per cent. and income could easily be increased by a hundred per cent., thus effecting a saving of eleven lakhs to the advantage of the State.
21	Reduction in the pay of Government Members and Ministers.	2,40,000	1,92,000	48,000	Our recommendation compares favourably with the pay of the Ministers of other countries, and the poor finance of the province cannot afford to pay more.
22	Exodus to Simla ...	1,50,000	..	1,50,000	With the exception of His Excellency the Governor all exodus to Simla be stopped. The shifting of offices to Simla causes waste of money and time both to officers and the public. With introduction of electric fans the severity of heat in Lahore has considerably decreased. Public opinion is against it.
23	47—Miscellaneous reward for language.	8,000	...	8,000	When the Province was first annexed these allowances may have been necessary for British officers, but they should be stopped now.
24	46—Stationery ...	...	..	1,54,000	The Retrenchment Committee recommend the reduction of Rs. 1,54,000 in stationery unanimously.
25	31—Education ...	..	...	2,31,000	This is the anticipated saving if the recommendations of the Director of Public Instruction are given effect to by the Government immediately. The recommendations are described in the Majority Report. We agree with them.
26	32—Medical ...	...	...	1,20,000	The saving has been agreed to by the Inspector-General of Hospitals.
27	33—Public Health	...	...	66,500	Agreed by the Head of the Department.
28	35—Industries ...	...	...	20,000	The same remarks as those of the Majority Report.

29	griculture .	1,73,000	1,23,000	50,000	It is more to the interest of the agricultural classes not to saddle them with fresh taxation than to grant them experimental farms. A reduction of one of the farms will not affect seriously the agriculture of the province. They have already experience of thousands of years at their back; what they require most urgently is a little relaxation in taxation.
30	-Divisional and Local Allowances.	15,300	...	15,300	The principle of allowances is *ab initio* wrong, and they must be abolished at once.
31	ssistant Secretary to the Financial Commissioners.	7,200	...	7,200	This post may be abolished and work may be done by the various Superintendents, and the more important by the Chief or Senior Superintendent.
3	Officer on Special duty.	21,960	...	21,960	Keeping in view the deficit Budget this superfluous post may be abolished at once.
	Assistant Secretaries to Punjab Government.	19,200	9,600	9,600	One Assistant Secretary may be reduced. It is unnecessary. The work done by Senior Assistant Secretary can be done by any member of non-gazetted.
	Secretaries to Punjab Government.	1,53,600	90,600	63,000	It was unanimously proposed and recommended by the Retrenchment Committee that the reduction of two out of five Secretaries was feasible.
35	Secretary, Legislative Council.	33,740	23,740	10,000	The Secretary of the Legislative Council has resigned. His work may be undertaken by Assistant Secretary and the Interpreter and the money spent on translation work for the Council can be easily saved.
36	Council Secretaries	8,000	...	8,000	Recommended by the Retrenchment Committee.
37	9—(Registration)...	1,19,000	59,000	60,000	Immediate effect be given to the recommendations of the Retrenchment Committee by retiring old men; by abolition of places where work is small and can be easily done by the Tahsil Staff, where income is less than the expenses; and by the afflux of time.
38	7—Stamp ...	17,300	...	17,300	Recommended by the Retrenchment Committee.
39	6-B—Excise (pay of Distillery Experts)	10,200	...	10,200	Post is not a necessary one, and must be brought under reduction at once.
40	Contingencies (cost of survey marks).	1,31,625	1,00,625	31,000	So much expenses can be easily reduced if effort is made to have them done cheaper. Prices have depreciated all round. Considerable reduction can be effected in the amount shown on leave and salary allowances, purchase of tents, writing judgments in vernacular, and thereby reducing the expenditure on translation, by reducing the number of stenographers to executive officers, annual reports, and many other ways too innumerable to detail. Great amount of saving can also be effected by a careful scrutiny and a close check of the constructions of the new canals, where crores of rupees are spent annually without the supervision of finance committee. The Civil works absorb about a crore of rupees annually, and there is considerable scope for economy if we are satisfied with less luxurious buildings, keeping in view the fact that if we spent lavishly it will fall upon the poor population of the province in the form of taxation.

GANPAT RAI,

Members, Retrenchment Committee.

The 27th October 1922.

I HAVE to make certain other proposals.

(Signed) GANPAT RAI,

Member, Legislative Council, Punjab.

The 27th October 1922.

FROM

GANPAT RAI, Esq.,

Member, Legislative Council, Punjab,

To

THE PRESIDENT, RETRENCHMENT COMMITTEE.

Dated 18th November 1922.

SIR,

IN addition to the memorandum submitted by my friend Sayad Muhammad Hussain and myself I also add the following :—

	Present pay.	*Pay proposed.*	*Saving.*
	Rs.	Rs.	Rs.
President, Legislative Council ...	48,000	12,000	36,000

1. My reasons are that the duties of the President can be discharged by His Excellency the Governor nominating a non-official gentleman on an honorarium of Rs 12,000 a year or on his nominating one of the Financial Commissioners or any other officer of standing by his giving an additional allowance of Rs. 500 a month or by asking one of the Honourable Ministers or Executive Members to perform this duty without any further expense.

2. In my opinion the Department of Land Records should be abolished and the work entrusted to Collector and his staff of Revenue Officers, *i.e.*, Revenue Assistant and Tahsildars. The Collector and Revenue Officers have been relieved of the Income-tax and Excise work. The Financial Commissioner in charge may be given a Member of Provincial Civil Service to act as his Assistant Secretary to supervise the work of Land Records.

3. I don't agree with the majority report that the new Indian Members of the Indian Civil Service should receive ⅔rds of the present pay fixed for the Members of Indian Civil Service. In any case no change should be made for the next 10 years, unless the pay of all the Members of Indian Civil Service is revised and fixed on the basis of Indian value with some extra allowance to British and Indian members recruited in England.

4. On reconsideration I am of opinion that Urdu Gazette cannot be abolished as notifications, under several Acts and rules, etc , cannot be of any legal value unless published in *Government Gazette.*

5. The six Clinical Assistants to the Laboratory of the Lahore Medical College should be entertained of the status and pay proposed by the Hon'ble Minister for Education (Punjab).

6. I do not quite observe that after conditions of a war in Europe must necessarily produce in a Province so far situated from the scene of the war the same results as are generally produced in the neighbourhood of the field of battles. So far no facts have come to light to support the view that the increase of criminal offences is due to aftermath conditions of the war. On the contrary, the people attribute the increase in crime to the laxity of the Police Administration and by adding to the number of such a force would aggravate the offences than improve the conditions.

Member, Legislative Council, Punjab.

Note by Dewan Bahadur Raja Narendra Nath.

Budget head Land Revenue.—(1) The enlargement of "Patwari Circles" need not be confined to the new Colonies where Kilabandi exists. It is true that the size of the "Patwari Circle" is in almost all cases determined by the extent of the area which it is possible for a Patwari to inspect efficiently at the time of Girdawri; but Girdawri work need not be allowed to be the sole determining factor. I would suggest the allotment of certain sums yearly for each district to be spent on employing temporary Patwaris for the work of Girdawri. The register of Patwari candidates in every district contains a large number of qualified candidates. Girdawri is the simplest and the easiest of a Patwari's duties. In order to keep the permanent Patwari in touch with the condition of crops in his circle he may be required to do alternately with his assistant the Girdawri of half of his circle. In this way the number of Patwaris required in a district will depend not on the quantity of work in one month but on work in the whole year. This change coupled with the introduction of 8 yearly Jamabandis will bring about large reduction in the number of Patwaris and Field Kanungos not only in Colony areas but in greater part of the Punjab.

(2) *Amalgamation of Canal revenue staff with District revenue staff.*—Changes by way of experiment only are very disagreeable to officials accustomed to work in a certain groove. There is therefore considerable force in the contention of the dissentient minority that we should not wait for the experimental stage and should order the change at once. On the other hand, I fully appreciate the apprehension of the majority of the members that practical experience may disclose difficulties which we are unable to foresee. Whilst therefore confining the experiment to one system of Canal only I would make the Commissioner of the division responsible for seeing that the experiment is given the fullest chance of success.

Budget head 8—Forests.—The recommendation of the dissentient minority are too vague and indefinite. The charge that the department is the most wasteful one is not substantiated. The explanation given by the Conservator of Forests that the expenditure shown in the budget does not discriminate between capital and revenue items must be accepted for the present, and the department should be given the chance of proving that expenditure and income are maintained at the ratio of 7 : 10, but it seems to me to be necessary to take a historical survey of the manner in which the forest staff superior and subordinate has been increased within the last 30 years. The first experiment in colonization on a large scale in the Punjab dates from 1892. Colonization implies disafforestation. There are a few questions which I would like to be answered before we arrive at the conclusion that no deduction in staff is necessary. These questions are the following :—

(1) What was the area under forests with which the department dealt in 1892 and what is the area now?

(2) What increase in staff has taken place since 1892?

(3) Is it possible to subordinate to economy the considerations which have from time to time led to the increase of staff since 1892?

Though I was not present at the time when the subject of forests was discussed by the Retrenchment Committee, it would not have been possible to undertake the historic survey, which involved an examination of past records within a short space of time allotted to the sittings of the Committee. The line of enquiry which I suggest falls under part I, paragraph (4) of the report.

Budget head 22 General Administration. (1) I should like to have an enquiry to ascertain what the system in Madras is where no Commissioners are kept, whether that system is more economic than the Punjab one. If it is more economic I would propose the abolition of all Commissioners.

(2) I am against the introduction of fixed salaries of Public Prosecutors. They will do less work than they do now. They will ask for the employment of temporary assistants on fees or allow a large number of cases to go without legal assistance. The change would not eventually result in economy.

(3) I would reduce to 3 months the period of exodus to the hills.

Budget head 26—*Police.*—The political unrest in the Punjab has been somewhat acute from 1915, but within 25 years preceding 1915 considerable increase in the staff of the Police was made. There was a time in the Punjab when Deputy Superintendents were unknown and the number of Inspectors was much smaller than it is now or than it was in 1915. If I remember aright 20 years ago there were only two Deputy Inspectors-General. There are now three, doing general work besides the C. I. D. branch. The question is, apart from the present political conditions the increase in the Police staff which was made up to 1915 can be reduced, whether the standard of efficiency insisted upon before 1915 can be sacrificed to economy. A historical survey of the manner in which the staff was increased is needed in the Police Department also. Before political unrest began in the Punjab was the increase in staff conducive to better detection of crime and more effective supervision of subordinates? Most of the districts have Deputy Superintendents of Police now. There were no Deputy Superintendents in the following districts at the time when I served in them :—(1) Gurdaspur, (2) Montgomery, (3) Jhelum, (4) Rawalpindi, (5) Ferozepore, (6) Muzaffargarh, (7) Gujranwala, (8) Gujrat, (9) Jullundur. There are now Deputy Superintendents in most of them if not in all. As in the case of individual so in the case of the State, wealth stimulates a desire to increase the number of servants on the score of efficiency. But when penury follows upon opulence the reverse process ought to take place. I therefore propose that each step in the increase of staff before political unrest began should be carefully scrutinised and staff that is not absolutely essential should be dispensed with. It is I think possible to reduce the number of Deputy Inspectors-General by one and to dispense with either the Inspectors or the Deputy Superintendents of Police in most cases.

Budget head 41—*Civil Works.*—I agree with the dissentient minority so far that civil reserve for minor and major works should be kept at as low a figure as possible and the erection of a clock tower to King Edward Medical College, Lahore, should be indefinitely postponed. I do not agree with the Committee that the budget grant for roads metalled and unmetalled should be reduced by 20 per cent. or that the mileage of metalled roads should be decreased. I do not advocate the reduction by 3 lakhs of the annual grant to Communications Board. To improve communications is to develop the country and to lighten the burden of existing taxation. It has its economic and educative value. Expenditure on improvement of communications is as necessary as on schools.

(Signed.) NARENDRA NATH.

The 30th November 1922.

Note by Mr. Manohar Lal and Sardar Dasaundha Singh.

1. The Committee was revived after a long period of torpor in June last when it began its sessions under the chairmanship of Mr. C. M. King. But even then it approached its task on an extremely incomplete view of our financial position. The position as explained to the Committee so recently as June of this year was that a gap of somewhere between sixty and seventy lakhs existed between our provincial income and expenditure, and it was this which the Committee started out to face. The position in this regard continued unaltered right through the Committee's deliberations at Simla up to the end of September, and it was only when the Committee's work was to all intents and purposes finished at Simla, and we came to the drafting stage at Lahore that during the Council Session of November last it transpired that the real normal deficit is over one hundred and twenty lakhs, and even this does not represent the possible effects of inevitable normal increases in expenditure, such, *e. g.*, as *inter alia* would be necessitated by the annual growth in the number of scholars at schools, and by our commitments in the matter of accepted annual grade enhancements of salaries.

The result of this incomplete view of our financial deterioration on the deliberations of the Committee requires no elaboration The proposals of retrenchment under these conditions would not be pressed with the same unrelenting vigour as they would be if the gap had been realised as being a crore and a quarter. Quite a considerable number of the members, of course exclusively official members, faced the task as if no real occasion existed for retrenchment. To them it probably appeared that we were suffering from a merely temporary malaise—and the restoration to normal figures of our revenue which had in some directions suffered from the non-co-operation propaganda, *e. g.*, in the matter of excise—will bring about equilibrium and as for the rest we might safely rely on normal expansions of revenue.

A gap of 60 or 70 lakhs could easily be filled up, even apart from the restoration of excise revenue to pre-non-co-operation activity by some economy and a little additional taxation such as the Council in its last session adopted (though it is at any rate problematical whether the Council would have done so if the real gap were only about sixty lakhs).

In one word in my opinion our Committee's work suffers from this serious initial defect, and the value of our recommendations are in consequence lacking in value as indices of maximum possible and desirable economies for a province so situated as ours. I may here parenthetically observe that our normal deficit is more than twice and a half as heavy as that of any Province in India,—*vide* figures in the Secretary of State's recent despatch, dated 9th November, on Provincial deficits,—while the Province is far from the richest in India and we have to depend more largely than other major provinces on agriculture alone for our livelihood and prosperity. With the problem of retrenchment faced by us on such an incomplete and misleading view of facts I would not be surprised that our rural members who predominate in the Council, and who represent an industry that furnishes directly or indirectly about three-fourths of revenue, refuse to accept these recommendations as of conclusive value when they are approached with a demand to endorse a further burden on agricultural expenses by way of an occupier's rate.

To the report itself I have to say this :—

(1) The largest economy is obviously likely in the Public Works Department. I am not satisfied that we examined with adequate attention possible retrenchments in this. This becomes apparent from our conclusions. We never were given actual figures of certain suggestions placed before us by Mr Montgomery and on the broad issues of policy we had but a desultory discussion, bound up by a certain amount of red-tapism no official member round the table being prepared or willing to state what the Government's present position is regarding the report of the Sly Committee particularly in view of our serious financial embarrassment. The Government, in my opinion, should examine the matter closely, and apply the axe vigorously to this Department.

(2) I would support an experiment on a much larger scale than the majorty of the Committee is proposing for the amalgamation of the Canal and Revenue Patwaris, etc. In my opinion as clear a case has been made out for this as ever can be demonstrated outside a chemical laboratory. The opinion of the highest officials is emphatically indicated in old correspondence and non-official Members of the Committee were also unhesitatingly of the same view. We ought to carry out the experiment, if so it must be called, or at least say a third of our total canal area; so that it would be imperatively necessary to see that success is attained, and no tinkering allowed

( ) I would emphasize with our friends of the minority report that rigorous economy in the way of travelling and other allowances is desirable.

(4) I went into with some care the position of our Forest revenue and expenditure. Mr. Gibson had very full statements available for our inspection, and he has now furnished a standard which if attained should be satisfactory. In the past however, it cannot be said that the forests have been a source of any genuine net revenue when we take into view the large expenditure annually incurred, and the Government should see that Mr. Gibson's present standard of ten units of income against seven units of expenditure is fully realised.

I have only to add that there was a tendency, at the later stages of our deliberations, to avoid touching upon broad questions of policy so far as the services are concerned. This was due to the opinion of the Government communicated informally to us by the Chief Secretary that such questions lay outside the scope of our reference. Personally I have little doubt that if we have to make the two ends meet, we must, howsoever anxiously, approach this possible branch of economy at no distant date, and scan carefully the limit to which we can afford certain classes of high paid services. Even efficiency can be bought too dearly if there are no further sources of revenue which a Province can tap or discover.

APPENDIX B.

Statement of recommendations the financial effect of which cannot be immediately estimated :—

Serial No.	Budget Head.	Resolution No.	Recommendation.
1	5—Land Revenue ...	19	That an experiment be attempted on a unit of area not less than one rajbaha, whereby all the assessment staff be under the Collector, and the canal staff be responsible for the maintenance of the canal and for the maintenance of the stipulated head of water at outlets.
2	5—Land Revenue ...	25	That the average size of Patwari circles can usually be increased in areas such as new colony areas where killabandi exists and tenures are simple. Similarly, it may be found possible to substitute 8-yearly for 4-yearly Jamabandis in such areas.
3	5—Land Revenue ...	33	That Copyists in district offices be entertained as Government servants on time-scale.
4	7—Stamps ...	34	That commission on sales of stamps should be reduced especially in the case of Court-fee Stamps. Government should enquire into the proposal that in future no commission on sales of stamps be paid to Treasurers or Agents provided no other license for vend be given within ¼ mile of Government Treasuries or Sub-Treasuries.
5	22—General Administration ...	4	That if it be a fact that the Indian Civil Service no longer attracts Englishmen from England, and that the service is becoming rapidly Indianised and may become so completely in a short time, it seems unnecessary to continue a rate of salary for Indians entering the service that was intended to attract Englishmen from abroad, and it would seem that the appropriate scale would be about ⅔rds the present scale.
6	22—General Administration ...	18	In future non-official Sub-Registrars should not be appointed except in a very few tahsils and district headquarters in which the registration work cannot be done by official agency.
7	22—General Administration ...	48	That all allowances now classed as special pay and compensatory allowance other than travelling allowance be closely scrutinized by Government with a view to ascertaining whether the allowance is strictly justified.
8	23—Administration of Justice ...	46	That a considerable amount of saving might be effected by restricting the number of holidays allowed to Civil Courts to the general holidays allowed for all public offices." The Committee are also of opinion that Civil Judicial officers should have no vacation in September.
9	35—Industries ...	8	That the gross expenditure of the Fisheries Department should not exceed Rs. 45,000: and that licence fees should be raised from Rs. 3 to Rs. 6.
10	41—Civil Works ...	6	That in order to facilitate recourse being had to the expedient devised by the majority of the Sly Committee, in future Government Engineers should be engaged on condition that their services would be subject to transfer to District Boards if necessary.
11	41—Civil Works ...	52	(a) The Consulting Architect should be absorbed in the general cadre of the Public Works Department, Roads and Buildings Branch, as a Superintending Engineer. (b) The abolition of the post of Assistant Consulting Architect should be considered on the expiry of the existing contract. Municipalities and district boards should be charged for the services of the Consulting Architect.
12	47—Miscellaneous ...	82	Pressure should be continued by the Local Government on district officers to use stamps economically.

APPENDIX C.

5.—Land Revenue.

AGENDUM.	RESOLUTION.
9. Abolition of the Department of Land Records.	9. Negatived.
16. Abolition of the Head Vernacular Clerks of Deputy Commissioners' offices.	16. That, except in two or three districts where special necessity is proved, the post of Reader to Deputy Commissioner be abolished.
17. Abolition of the Stenographers in the Deputy Commissioners' offices.	17. Negatived.
19. Amalgamation of Canal Revenue and Land Revenue Staff.	19. That an experiment be attempted on a unit of area not less than one rajbaha whereby all the assessment staff be under the Collector and the canal staff be responsible only for maintenance of the canal and for the maintenance of the stipulated head of water at outlets.
22. That allowances be not granted to Settlement Officers.	22. Negatived.
25. Reduction in the number of Extra Assistant Commissioners or other Revenue Officers, including Settlement staff, for revising records and Patwaris.	25. That the average size of Patwari circles can usually be increased in areas such as new colony areas where killabandi exists and tenures are simple. Similarly, it may be found possible to substitute 8-yearly for 4-yearly jamabandis in such areas.
33. That copyists in district offices be entertained as Government servants on time-scale.	33. Accepted.
49. The amalgamation of the Canal Revenue Department with the Revenue Department.	49. See Agendum 19.

6.—Excise.

AGENDUM.	RESOLUTION.
10. Abolition of the Excise Department, including the Excise Bureau.	10. Negatived.
21. Amalgamation of the Departments of Income-tax and Excise.	21. The proposal being beyond the scope of the Committee was dropped.
26. Reduction in the number of Excise Inspectors and Sub-Inspectors.	26. Negatived.

AGENDUM.	RESOLUTION.
7.—Stamps.	
34. That commission on sales of stamps should not be given in future to Government Treasurers and their Agents; no licenses being given to private licensees within ¼ mile of Government Treasuries and Sub-Treasuries, and Treasurers being required to have no connection with any licensed stamp vendor, (part of the savings to be earmarked for increasing Treasurers' emoluments, and for additional staff in certain districts).	34. Commission on sales of stamps should be reduced especially in the case of Court-fee Stamps. Government should enquire into the proposal that in future no commission on sales of stamps be paid to Treasurers or Agents provided no other license for vend be given within a radius of ¼ mile from Government Treasuries or Sub-Treasuries.
8.—Forests.	
29. Reduction in the expenditure on Forest management.	29. Negatived.
47. Possibility of reducing cost of working forests by better arrangements for supplying food for labour employed.	47. Negatived.
9.—Registration.	
18. Abolition of non-official sub-registrars	18. In future non-official sub-registrars should not be appointed except in those tahsils and district headquarters in which the registration work cannot be done by official agency.
22.—General Administration.	
1. Reduction in the number of Financial Commissioners or in the alternative reduction of one or more Secretaries to Government.	1. The Committee were definitely of opinion that neither of the Financial Commissioners should be brought under reduction. They considered that the Financial Commissioner should be made a Secretary to Government and should undertake a part of those duties which the Revenue Secretary now performs. The excise work of the Secretary, Transferred Departments, should also be transferred to the Financial Commissioner as Secretary to Government, Punjab. The result of relieving Secretaries in this way would probably render possible a reduction of one or two Secretaries. If the judicial work of the Revenue Secretary was transferred to the Home Secretary and if arrangements could be made to relieve Home Secretary of the Police work, which he now did and the Secretary, Transferred Departments, of the work in connection with local bodies, which now passed through his hands, it was possible that two Secretaries could be reduced.
Anticipated saving = Rs. 31,800 per annum.	All the non-official members were definitely of opinion that a reduction of two Secretaries was possible.
2. Abolition of or reduction in the number of Commissioners.	2. Carried by 7 to 4 (one remaining neutral) that the number of Commissioners be reduced from five to three.
Anticipated saving = Rs. 1,52,000 per annum.	

AGENDUM.	RESOLUTION.
22.—General Administration—*concluded.*	
3. Reduction in the pay of certain high officials, *e.g.*, President, Legislative Council, High Court Judges, Assistant Legal Remembrancer and Public Prosecutors. Anticipated saving = Rs. 50,000 per annum.	3. The salary of the President should not be reduced. The salary of the High Court Judges being a central subject is outside the purview of the Committee. Reduction in the pay of Government Advocates is not advisable. The question of reduction of the Assistant Legal Remembrancer's pay was dropped. The emoluments of Public Prosecutors should be reduced by Rs. 50,000. This might suitably be done by introducing a system of fixed salaries.
4. Suggestion that the new Indian members of the Indian Civil Service should be locally recruited and should receive not more than ⅔rds or the pay of members of the Indian Civil Service recruited after examination in England.	4. That if it be a fact that the Indian Civil Service no longer attracts Englishmen from England, and that the Service is becoming rapidly Indianised and may become so completely in a short time, it seems unnecessary to continue a rate of salary for Indians entering the service that was intended to attract Englishmen from abroad, and it would seem that the appropriate scale would be about ⅔rds the present scale.
5. Reduction in the pay and in the number of members of all other Imperial Services.	5. Negatived.
13. Abolition of the post of Assistant Secretary to the Financial Commissioners.	13. Negatived.
38. That the posts of Council Secretaries be abolished. Anticipated saving = Rs. 8,000.	38. Accepted.
40. That the strength of the Punjab Legislative Council be reduced.	40. Withdrawn.
64. Travelling Allowance. Anticipated saving = Rs. 15,00,000.	64. That the budget allotment for travelling allowance be reduced by one-third.
24.—Administration of Justice.	
39. That the scheme for the separation of Judicial and Executive functions be dropped indefinitely.	39. Withdrawn.
41. That the daily allowances to members of the Punjab Legislative Council be abolished or reduced.	41. Withdrawn
42. That the number of Ministers be fixed at one.	42. Withdrawn
46. That the number of gazetted holidays enjoyed by Courts and Offices be reduced.	46. That a considerable amount of saving might be effected by restricting the number of holidays allowed to Civil Courts to the general holidays allowed for all public offices.

The Committee were also of opinion that Civil Judicial Officers should have no vacation in September.

24.—Administration of Justice—*concluded*.

AGENDUM.	RESOLUTION.
48. Suggestion that all extra allowances over and above salary should be especially scrutinized to see if they are or are not justified.	48. That all allowances now classed as special pay and compensatory allowance other than travelling allowance be closely scrutinized by Government with a view to ascertaining whether the allowance is strictly justified.
56. With the exception of His Excellency the Governor and his staff, all exodus to the hills be permanently stopped.	56. The existing system should be continued.
61. That the practice of employing officers on special duty in the Secretariat be stopped.	61. Withdrawn.

25.—Jails.

AGENDUM.	RESOLUTION.
22. Abolition of allowances paid to— (*a*) Jail Department officials. (*b*) Civil Surgeons in charge of Jails.	22. Negatived.

26.—Police.

AGENDUM.	RESOLUTION.
14. Abolition of Circle Inspectors of the Police. Anticipated saving = *Nil*.	14. Action has already been taken.
55. The post of the Deputy Inspector-General of Police be abolished and an additional Personal Assistant be given to the Inspector-General of Police to conduct the work.	55. Withdrawn.

30.—Scientific Departments.

AGENDUM.	RESOLUTION.
43. That the advertisement regarding posts of 6 Clinical Assistants to the Professors of the Lahore Medical College be withdrawn. Anticipated saving = Rs. 50,000.	43. In view of the financial stringency the Committee recommend that it is not necessary to fix the pay of Clinical Assistants at a higher rate than that of Assistant Surgeons plus the usual Lahore allowance of Rs. 150 per mensem, and that the proposal to appoint men on a higher salary should at once be dropped.

31.—Education.

AGENDUM.	RESOLUTION.
23. Abolition of rewards paid for passing examinations in languages.	23. Negatived.

AGENDUM.	RESOLUTION.
31.—Education—*concluded*.	
45. That expenditure on education be curtailed during existing financial stringency. Anticipated saving=at least Rs. 2,31,000 per annum.	45. The Committee observe that there is in existence considerable communal rivalry, and that this rivalry results in expenditure that would otherwise be unnecessary. The Committee are of opinion that the matter is one which should receive the careful consideration of the Education Committee. The Committee noted Mr. Anderson's opinion that the existing system of University education tends to extravagance, especially the Intermediate Course. The Committee recommend that— (*a*) no grants-in-aid be sanctioned for new colleges in Lahore ; (*b*) Government should not be called upon to defray the cost of prizes in schools. This would effect a saving of 2 lakhs and 20 thousand ; (*c*) the allotment of Rs. 11,000 distributed to touring officers of higher rank should be retrenched ; (*d*) the abolition of the Institute of Commerce seeing that apparently it serves no useful purposes ; (*e*) the grants to Industrial Primary Schools should be abolished with effect from the 1st of April 1923 ; (*f*) the post of Assistant Inspector of Industrial Primary Schools should come under reduction ; (*g*) the position in the Lower Middle Schools should be re-considered and a simplified curriculum devised, which would render possible in certain cases the substitution of Junior Vernacular for Senior Vernacular teachers. The Committee are satisfied that the Department of Education has already initiated far reaching schemes of economies. They believe that all possible steps to secure economic working of the Department have either been taken or are under consideration. They realised that with the prospective increase of 70,000 per annum in the number of pupils no reduction in annual expenditure can be expected, but they hope that the economies to which they have referred will result in a considerable diminution in the annual expenditure for each pupil.
57. That, as far as possible, all educational institutions should be placed under the Education Department : but Professional Colleges and Technical Institutions (where little or no general training is given) should be under the appropriate Department.	57. Not likely to result in such retrenchment as to justify further examination by the Committee.
32.—Medical.	
36. That Civil Surgeons be instructed to inspect only hospitals in charge of Assistant Surgeons, and that Assistant Surgeons inspect dispensaries in charge of Sub-Assistant Surgeons.	36. Withdrawn.

AGENDUM.	RESOLUTION.
33.—Public Health.	
44. That the budget allotment under the head "Public Health" be curtailed. Anticipated saving = Rs. 60,000 per annum.	44. The following proposals of Col. Forster are recommended :— (1) That the plague staff be re-organised. (2) That the occasional absence of an officer on leave to be made use of to effect a temporary reduction when an epidemic is not probable.
34.—Agriculture.	
27. Reduction in the number of Veterinary Assistants.	27. Withdrawn.
35. That the Bara Reclamation Farm in Montgomery be abolished or conducted for less than Rs. 52,100 per annum.	35. The Committee understand that in future Rs. 30,000 per annum will suffice for this farm : and on this understanding do not recommend that it be abolished.
63. That all Demonstration Agricultural Farms financed by Government be abolished at once. Anticipated saving = Rs. 3,150.	63. Government should cease to be responsible for any expenditure on these farms.
34.—Agriculture and 35.—Industries.	
20. Amalgamation of the Departments of Agriculture and Industries.	20. Negatived.
35.—Industries.	
8. Abolition of the Fisheries Department.	8. Department to be continued provided that gross expenditure should not exceed Rs. 45,000, and license fees should be raised from Rs. 3 to Rs. 6.
60. That the *Industrial Bulletin* be discontinued. Anticipated saving = Rs. 20,000.	60. Accepted.
62. That the question whether the appointment of Industrial Surveyors be continued be considered.	62. They should be continued.
37.—Miscellaneous Departments.	
15. Abolition of the Assistant Inspector of Factories.	15. Withdrawn.

AGENDUM.	RESOLUTION.
41.—Civil Works.	
6. Abolition of the Roads and Buildings Branch of the Public Works Department. Anticipated saving = Rs. 72,000.	6. The Committee were very strongly of opinion that immediate action should be taken on the Sly Committee's Report, further that the proposals of Sir Ganga Ram should be accepted for this Province as leading to an immediate retrenchment, but that, in order to facilitate the possibility of recourse being had to the expedient devised by the Majority, in future engineers should be engaged on condition that their services would be subject to transfer to District Boards, if necessary.
50. The abolition of the Public Works Department or the amalgamation of it with the Engineering Departments of the District Boards and Municipal Committees.	50. See Agendum 6.
52. Abolition of the post of— (a) Consulting Architect. (b) Assistant Consulting Architect.	52. (a) Should be absorbed in the general cadre of the Public Works Department, Roads and Buildings, as a Superintending Engineer. (b) Matter to be considered at expiry of the present five years' contract. Municipalities and District Boards should be charged for the services of the Consulting Architect.
53. Reduction of expenditure on Government buildings.	53. The Committee concur in Mr. Montgomery's proposal that on principle annual repairs of departmental buildings other than residential should be effected by the departments concerned.
54. Reduction of maintenance expenditure of canals and roads. Anticipated saving = Rs. 3,00,000.	54. (i) Instructions should be issued to the Communications Board that the mileage of metalled roads in the Province should not be increased except in so far as is necessary to complete the metalling of roads which have already been put in hand or the metalling of which is necessary for special reasons, as, for instance, colonisation. The annual grant to the Communications Board should be reduced accordingly.
Anticipated saving = 7 lakhs.	(ii) The Budget grant for repairs of roads metalled and unmetalled to be reduced by 20 per cent.
Anticipated saving = 1½ lakhs.	(iii) The reserve for unforeseen charges and Major Works to be excluded from the Public Works Department budget.
46.—Stationery and Printing.	
31. Reduction in the cost of stationery and printing. Anticipated saving = Rs. 13,000.	31. *Stationery.*—Gross budget estimates should be reduced by 25 per cent. the distribution over districts to be effected by Government. *Printing.*—Small Secretariat Committee should be appointed to consider further economies. The *Urdu Gazette* should be abolished.
51. The abolition of the Government Printing Press	51. Negatived.

AGENDUM.	RESOLUTION.
47.—Miscellaneous.	
11. Abolition of the Camel Specialist at Sohawa with his staff.	11. Withdrawn.
28. Restriction in the travelling allowance rules.	28. That the budget allotment for travelling allowance be reduced by one-third.
Anticipated saving = Rs. 15,00,000.	
32. Reduction in the cost of Postal charges by the institution of contract rates.	32. Pressure should be continued by the Local Government on district officers to use stamps economically.
37. That the use of English for judgments and proceedings be discontinued in Courts whose language is Urdu.	37. Negatived.
55.—Irrigation.	
24. Reduction in the number of Chief Engineers, Superintending Engineers, Executive Engineers, Sub-Divisional Officers in the Irrigation Department, also Zilladars.	24. See agendum 19.
30. Reduction in the expenditure on gardens maintained by the Irrigation Branch.	30. Negatived.
Ecclesiastical.	
7. Abolition of the Ecclesiastical Department.	7. The subject being reserved, the resolution was not discussed.

APPENDIX D.

Meeting of the Retrenchment Committee, Punjab, held on 29th April 1922.

AGENDUM.	RESOLUTION.
1. Proceedings of the last meeting are laid before the Committee.	1. Confirmed.
2. Proposal that each department be called upon for a list of touring posts, graded into four classes as defined in the Civil Service Regulations ; that each class be divided into two parts A and B ; that part A consist of officers to whom fixed travelling allowance may be granted and that it be stated regarding each post what the amount per mensem of fixed travelling allowance should be, reasons being given, and how the resulting expense would compare with present expense ; that part B will contain the names of those posts the officers holding which scarcely ever perform any touring and for which fixed travelling allowance would be unsuitable. Further that the Accountant-General should be consulted before making definite proposals.	2. The substitution of fixed travelling allowance for the present scale would result in large economies both in allowances and in office expenditure. The Secretary be asked to consult other departments and to furnish the lists and all statistics readily available. The Committee does not think it necessary to consult the Accountant-General.
3. Proposed that it be recommended to Government that all Government requirements in the way of furniture and hardware for offices and rest-houses be standardised ; that central workshops be established for manufacture of furniture, and that a Government Supply Depôt be started at Lahore for the supply of hardware, etc., for Government and local requirements.	3. No action.
4. Proposed that a Government Book Depôt be started in connection with the Punjab Government Press, so that all publications and correction slips can be supplied therefrom to all offices direct.	4. No action.
5. Proposed that correction slips be issued only once a year printed continuously and that they be sent out during August; and that each office be required to insert them during the month of September and certify to the head of the office that this has been done.	5. Accepted.
6. Proposed that a Central Government Library be established in Lahore; that a special librarian and staff be maintained for this ; and that Government offices only keep in their offices such books and publications as they require for regular use ; that this Central Library be situated near the Civil Secretariat.	6. That the proposal be further investigated.
7. Proposed that the idea of the amalgamation of Canal and Revenue Patwaris be permanently dropped.	7. No recommendation.

AGENDUM.	RESOLUTION.
8. Proposed that the following printed periodical reports should be triennial instead of annual :— Stamp, Court of Wards, Jails, Dispensaries, Chemical Examiner's, Vaccination, Joint Stock Companies, Land Records, Registration, External Trade, Internal Trade, Punjab Camel Specialist's, Factories, Veterinary, Fisheries, Criminal Tribes, Lahore Central Museum, Archæological, Legal Affairs, Public Works Department (Buildings and Roads). If for departmental purposes an annual report is required it could be prepared in type-writing but should not be printed in the above instances except once in three years. 9. Reports generally should be shortened and repetition year after year avoided. Forms of statements attached to reports should be overhauled by each department and considerably shortened, some being abolished. Those attached to the Dispensaries Reports are especially long. The Criminal Tribes Report might be abolished and a note inserted regarding them in the Police Report. 10. Distribution lists of Reports, Circulars and Gazettes should be cut down drastically. 11. Gradation Lists should be abolished and the Civil List used instead wherever possible. The Civil List for this purpose can be amplified.	It was considered that a considerable saving can possibly be made— (*a*) by converting annual reports into triennial reports ; (*b*) by reducing the number of forms in reports ; and (*c*) by omitting certain reports altogether. The number of reports and circulars printed might also be considerably reduced if the distribution lists were revised and cut down. The several Gradation Lists could be stopped and the necessary details could be included in the Civil List which might be amplified.
12. Proposed that there should be a considerable curtailment of postal and telegraphic charges by better control of issue and use of labels. The method of correspondence should be changed and the wasteful method of half margin writing should cease. Post Cards should be more frequently used.	12. The Committee find that much waste occurs in connection with stamps owing to the loss of stamps in various ways and would urge that this can only be avoided by abolition of the service stamps and adoption of the franking system, and recommends that the question may be again taken up. A large saving of time and space would result in offices and treasuries.
13. Proposed that the High Court and Financial Commissioners be addressed with a view to the serious matter of adjournments in all classes of judicial cases being dealt with, as these mean not only great expense to Government but also excessive inconvenience to parties.	13. Withdrawn.
14. Proposed that Government be addressed with a view to the reduction of establishments in the Secretariats by re-organisation or distribution of work.	14. It is understood that this proposal is already engaging the attention of Government.

AGENDUM.	RESOLUTION.
15. Proposed that an expert in the Card Index system for offices be engaged and that this system be introduced as far as possible in all offices and that a training class for clerks be established until the system is thoroughly understood and in good working order. 16. Proposed that itinerant destruction establishments be established in lieu of the temporary establishments which are now used in District Record Rooms and Libraries.	The Committee are uncertain how far the proposals will lead to economy, and, therefore, think them outside its scope.
17. Reconsideration of the lines on which the Committee should work. 18. Consideration of statistics of expenditure by various departments by periods since 1916 and of income in appropriate cases.	The Committee think that the arrangements made by the Committee for the examination of the budgets of various departments have not hitherto been productive of good results, and the statistics already prepared showing expenditure and income for the various departments for the years 1916 to 1920, and budget for 1922-23, placed before the Committee, are hardly in sufficient detail. Resolved that a sub-committee consisting of Messrs. King, Ganpat Rai and Maulvi Muharram Ali, Chishti, should be appointed to examine the statistics already prepared and to determine what further statistics are required in order to show the rise in expenditure which has taken place in each department, also the amount thereof which is due to high prices and consequent increase in salaries. The Committee on examination of these statements should be in a position to pick out items which can *primâ facie* be reduced, and they should then invite a representative of each department concerned to attend before the Committee to justify the abnormal rise in expenditure.
19. Standardization of tents ...	19. The Committee consider that the standardization of tents will effect some economy.
20. Adjustment of weight of envelopes and stationery to new postal rates.	20. (See resolution against agendum 12.)

The 10th February 1923.

No. 299-E.—In supersession of this department notification No. 1071-E., dated the 22nd June 1922, the following revised prospectus of the Government School of Engineering, Punjab, at Rasúl, Gujrát District, is published for general information :—

PROSPECTUS OF THE GOVERNMENT SCHOOL OF ENGINEERING, PUNJAB, RASUL.

1. *Object.*—The School is designed to give practical as well as the theoretical instruction in Civil Engineering with a view to qualifying Punjab students as Overseers for the Subordinate Engineering Service and as Draftsmen for the Draftsman cadre of the Public Works Department and for such Engineering Subordinate and Draftsman posts as may be obtainable in the open market.* It is a State institution, under the control of the Chief Engineer, Public Works Department, Buildings and Roads Branch, Punjab.

2. *Locality.*—The School is situated at Rasúl, Gujrát District, at a short distance from the head-works of the Lower Jhelum Canal. The site is on high ground, healthily situated and overlooking the Jhelum river and Lower Jhelum Canal.

3. *Session.*—The School session commences on 1st February annually. Candidates, who are successful in securing admission, either by nomination or competitive examination, are required to be present on that date at Rasúl with necessary books, clothes, etc., as directed by the Principal in the general letter, which will be issued to them as soon as possible after the results of the competitive admission examination are published.

4. *Vacation.*—The annual vacation will be for 2½ months, and will usually extend from 15th June to 31st August.

5. *Boarding House.*—There is a Boarding House, Recreation Hall, Library and Study Hall in connection with the School for the accommodation and use of the students.

6. *Games.*—Students are encouraged to play games and are expected to turn out at least once a week for hockey and once for football, and every other morning for physical drill unless found to be physically unfit. Facilities are also provided for playing cricket and tennis.

7. Classes are also given in "First Aid," under the auspices of the St. John's Ambulance Association, whose certificate all students are expected to gain.

8. *Course of instruction for Overseers.*—This course is for two years and embraces the following subjects :—

(*a*) Surveying and levelling.
(*b*) Building construction and materials.
(*c*) Elementary practical Engineering.
(*d*) Engineering drawing, elementary design and elementary machine drawing.
(*e*) Estimating.
(*f*) Mathematics, Applied Mechanics, and Hydraulics.
(*g*) Accounts.
(*h*) Practical work, including—
  (*i*) Workshop practice and instruction in the working of engines and pumps.
  (*ii*) Observation of river and canal discharges.
  (*iii*) An actual river survey and hydraulic survey of a running channel.
  (*iv*) Arboriculture.
  (*v*) Laboratory experiments.

The medium of instruction is English.

9. *Examinations during the above course* :—

(*a*) Examinations will be conducted half-yearly, and students will be required to attend the whole course to qualify for the certificate.

(*b*) In the examination at the end of the first year, students will be required to obtain 50 per cent. of the total marks and 40 per cent. of the marks in each subject and to have satisfied the Principal as to their work and conduct in order to qualify for admission into the second year's course.

(*c*) (*i*) In the final examination at the end of the second year, students who have satisfied the Principal as to their work and conduct and who gain 50 per cent. of the total marks and not less than 40 per cent. in each subject will be granted Overseers' certificates.

(*ii*) Students who obtain 66 per cent. of the total marks and not less than 50 per cent. in each subject will be passed "with Credit" which will be noted on their certificates.

(*iii*) Students who obtain 75 per cent. of the total marks and not less than 67 per cent. in each subject will be passed "with Honours" which will be noted on their certificates.

* The scales of pay of the Punjab Subordinate Engineering Service and of the Public Works Department Draftsmen Service, together with information as to annual vacancies, are given in Appendix D.

10. *Course of instruction for Draftsmen.*—This course is for two years and embraces the following subjects. The medium of instruction is English :—

(a) Building construction and materials.

(b) Engineering drawing and design including graphical determination of stresses and thrusts, elementary machine drawing, and use of Departmental Engineering diagrams.

(c) Estimating and specifications.

(d) Process Work—ferrotyping.

(e) Mathematics, Applied Mechanics, and Hydraulics.

(f) Principles of levelling and surveying.

(g) Workshop practice in connection with elementary machine drawing.

11. *Examinations during the above course*—

(a) Examinations will be held half-yearly and students will be required to attend the whole course to qualify for the Draftsman's certificate.

(b) In the examinations at the end of the first year, students will be required to comply with the conditions as laid down in paragraph 9 (b) in order to qualify for admission into the second year's course.

(c) (i) In the final examination at the end of the second year, students who have satisfied the Principal as to their work and conduct and who obtain not less than 50 per cent. of the total marks in all subjects and not less than 40 per cent. in every one subject will be granted a qualification certificate as Draftsman.

(ii) "With Credit" and "Honours" certificates will be awarded to draftsman students who obtain respectively the percentages of marks laid down in section 9 (c) (ii) and (iii).

12. In the above courses for Overseers and Draftsmen, marks are given for Conduct, Attendance, and Physique.

13. Students whose conduct or progress in study is unsatisfactory are liable, at any time, to be dismissed from the School at the discretion of the Principal.

14. On admission to the School all students must provide themselves with books, drawing instruments, and clothing as directed by the Principal. A list of these (as at present required) may be obtained on application to the Principal. Their cost, excluding that of clothing, is estimated to be about Rs. 150.

15. *Fees.*—The tuition fee for Overseers is Rs. 6 monthly, and for Draftsmen Rs. 5 monthly.

The Boarding House fee is Re. 1 monthly.

(The subscription to the Games Fund is 8 annas; visits to works 8 annas, monthly, but this is unofficially.)

The total average cost of residence at the school, including a reasonable allowance for food, clothing and miscellaneous expenses including the above fees is estimated to be about Rs. 35 monthly (see also paragraph 14).

16. *Conditions of admission to the above Courses.*—The yearly admissions to the Overseer class will usually fall into four categories as follows :—

(i) Thirty-five students from the British Punjab by competitive admission examination.

(ii) Ten students from the British Punjab by nomination, five of whom must be agriculturists of good family. The five non-agriculturist nominations will be awarded to those whose parents or near relatives have rendered war or other exceptional service to Government.

(iii) Five students who have passed the School Final Examination and have been nominated by the Government of the North-West Frontier Province.

(iv) Not more than five students from Indian States who have passed either the Matriculation Examination of the Punjab University or the School Final Examination and have been nominated by the Government of their States and for whom a contribution of Rs. 450 per head per annum towards the cost of maintaining the School has been paid in advance.

17. All candidates in categories (*ii*), (*iii*) and (*iv*) whose nominations are approved are required to qualify in all subjects in the Competitive Admission Examination but not to compete. Qualifying marks are not less than 40 per cent. of the full marks in each subject and 50 per cent. of the aggregate of marks of all subjects.

18. The yearly admissions to the Draftsmen course will be limited to not more than 10 and will be by Competitive Admission Examination as for 16 (*i*) above.

19. (*a*) *The Competitive Admission Examination.*—This will be held annually in October or November on dates to be notified to candidates in September.

(*b*) A list of subjects for examination of Overseer and Draftsman candidates will be found in Appendix A at the end of the Prospectus. It should be noted that the standard required in most subjects will be approximately that of the Matriculation Examination of the Punjab University except in Mensuration, Elementary Geometrical Drawing and questions in the General Paper involving general knowledge, which are additional. Elementary Geometrical Drawing, Chemistry and Physical science are not required in the case of Draftsman candidates.

20. (*a*) Applications to appear at the Competitive Admission Examination must be submitted to the Principal on the prescribed form of application not later than the 15th of September.

(*b*) Applications must be accompanied by the following :—

(*i*) Certificate of parent or guardian.

(*ii*) Original Certificate of moral character and age, as recorded in the register of the school at which the candidate was last educated and which must be signed by the Headmaster of the school.

Punjab Government Notifications and Orders.

HOME DEPARTMENT.

LEGISLATIVE.

The 23rd February 1923.

No. 6478.—Under the provisions of rule 24 (2) of the Punjab Electoral Rules, His Excellency the Governor of the Punjab is pleased to appoint Mr. D. J. Boyd, I.C.S., being an official, as a member of the Punjab Lagislative Council in place of Mr. J. Wilson-Johnston, C.B.E., I.C.S., who has proceeded on long leave.

The 26th February 1923.

No. 6574.—In continuation of Punjab Government notification No. 5432, dated the 17th February 1922, the following statement showing the action taken by Government on further resolutions passed by the Council is published for general information :—

Terms of Resolution passed or promise made.	Volume No. and page of Punjab Legislative Council Debates.	Action taken.
1. That this Council recommends to the Government to convey to the Right Hon'ble E. S. Montagu its profound regret at his resignation and its appreciation of the valuable services rendered by him in helping India to achieve self-Government, in securing for her an honourable position in comity of nations and to the cause of Islam.	Volume III, No. 3, page 391.	The message was conveyed to Mr. Montagu through the Government of India.
2. That this Council recommends to the Government to inform the Government of India as to the views this Council holds on the points involved in the question of the Reform of the Frontier Province Administration by its amalgamation with the Punjab or independently of it :— (1) That the administration of the five settled districts and the adjoining agencies should be under one Administration. (2) In no case is this Province prepared to take over the Administration of the Agencies. (3) This Council cordially approves of a due measure of reforms being given to North-West Frontier, but considers that those reforms should be given within the Province itself and not by amalgamation with the Punjab. (4) In case amalgamation of the settled districts with the Punjab is considered necessary, then the cost from time to time of the administration of the territories so amalgamated, over and above the income derived therefrom, should be borne by the Government of India.	Volume IV, No. 1, pages 196-97.	A copy of the Resolution and a report of the debate was sent to the Government of India.
3. This Council recommends to the Government to recommend to the Government of India to remove the restrictions placed on the export of wheat.	Volume IV, No. 1, page 207.	A recommendation was made to the Government of India accordingly. The restrictions on the export of wheat were removed by the Government of India on 7th September 1922.

Terms of Resolution passed or promise made.	Volume No. and page of Punjab Legislative Council Debates.	Action taken.
4. That this Council recommends to Government to expedite the survey of the Thal tract and the preparation of detailed plans of the Sind Sagar Canal Project with a view to the submission of the project to Government of India and the Secretary of State for sanction and to begin its construction as soon as work on the Sutlej Valley Project is well advanced.	Volume IV, No. 2, page 341.	In order to expedite survey work a new Public Works Department division with 3 sub-divisions has been opened and it is expected that survey work will be completed in April 1924 and that the Project Estimate will be ready by October 1924. By October 1925 the Sutlej Valley Project should be sufficiently advanced to allow a beginning to be made with the Thal Canal.
5. That this Council recommends to His Excellency the Governor that the summer session of the Punjab Legislative Council be held at Simla.	Volume IV, No. 2, page 355.	Provision has been made in the budget for the holding of the summer session at Simla.
6. That this Council recommends to the Government that a committee consisting of five Sikh members of this Council, to be selected by all Sikh members of this Council, be appointed to bring about a settlement between the Mahant of the Guru-ka-Bagh and the Shiromani Gurdwara Parbandhak Committee.	Volume IV, No. 5, page 591.	The resolution did not call for any action on the part of Government.
7. That this Council recommends to the Government that the resolution regarding increasing of the emoluments of Zaildars and Lambardars, which was carried in the Council early in March, 1921, be given effect to immediately.	Volume IV, No. 5, page 599.	The Government is not in favour of the proposed addition to the revenue pachotra of Lambardars, but it is open to any member of the Council to bring in a private Bill to legalize the proposal. Until such a Bill is passed the Government would not feel justified in recommending the expenditure from Provincial Revenues entailed by the Resolution.
8. That this Council recommends to the Government that when the headquarters of the Shahdara Tahsil have been transferred to Shahdara, a sub-tahsil be established at Sharakpur.	Volume IV, No. 5, page 630.	Action is being taken for the establishment of a Tahsil with a Sub-Treasury at Sharakpur which will remain open for 4 months in a year.
9. That this Council recommends to the Government that a Committee of 6 members of this Council with an official Chairman be appointed to enquire into and report on the question of communal representation in the cadre of Civil Services, both senior and subordinate, and to suggest such remedies as should for ever close the recent Hindu-Muslim controversy which is being carried on in the press.	Volume IV, No. 5, page 639.	Certain members have been invited to serve on the Committee.

H. D. CRAIK,

Chief Secretary to Government, Punjab.

The 28th February 1923.

No. 6955.—Under the provisos to rules 7 (1), 5 (1) and 20 (1) of the Punjab Electoral Rules the Local Government is pleased to direct that the Ruler of any State in India or a subject of any such State shall not be ineligible for registration on the electoral roll of a constituency in the province; nor ineligible for election nor disqualified for nomination to the Punjab Legislative Council by reason only of not being a British subject. Punjab Government, Home Department (Reforms), notification No. 4, dated the 30th July 1920, is hereby cancelled.

INDUSTRIES.

The 1st February 1923.

No. 321-24-D.—1428.—In exercise of the powers conferred by section 3 of the Punjab Fisheries Act, II of 1914, and in supersession of Punjab Government notifications No. 17302, dated 30th September 1918, No. 21091, dated 7th October 1919, No. 12879, dated 10th May 1919, No. 321—24-C-28, dated 29th March 1922, No. 20718, dated 18th November 1918, No. 25850, dated 24th November 1919, and No. 1090, dated 12th January 1920, and with reference to Punjab Government Notification No. 321-24-D-1055), dated 9th December 1922, the Punjab Government (Ministry of Agriculture) are pleased to make the following rules for the regulation of fishing in the waters of the Kángra and Hoshiárpur Districts, specified as under. These rules, which are published for general information, will be taken into consideration six weeks after the date of this notification and any objection or criticism received before that date will be considered :—

A.

Fishing otherwise than by Chhips and Stake Nets (Bar Patta) in the waters of the Beas River and its tributaries on either bank, from the confluence of the Bhinnun Khad to Mirthal Ferry including the Lamba Pani, also such portions of the Chakki Nala and its tributaries as are situated in the Kangra District.

1. Nothing in the rules of this part shall affect fishing by means of chhips and stake nets (Bar Patta) by persons authorised to erect chhips or stake nets in accordance with the rules published in Parts B and C, respectively, of this notification.

2. No person shall fish in the waters of the Beas river and its tributaries on either bank from the confluence of the Bhinnun Khad to Mirthal Ferry, including the Lamba Pani, also such portions of the Chakki Nala and its tributaries as are situated in the Kángra District, except under license to be granted by the Deputy Commissioners of Kángra and Hoshiárpur in their respective districts or by the Warden of Fisheries, Punjab. Provided that the holder of a license from the Mandi Durbar entitling him to fish in any part of any stream, which forms the boundary between British and Mandi State territory, shall be deemed to be a holder of such license under these rules as entitles him to fish in the reaches of the said stream which forms the boundary as aforesaid and shall be bound by all the conditions of such license.

3. There shall be two classes of licenses, first class and second class.

4. (*a*) A first class license shall entitle the holder to fish the main stream or any branch of the main stream of the river Beas at any point below the Nadaun Ferry to the Mirthal Ferry, and also to fish the waters specified in sub-rule (*b*).

(*b*) A second class license shall entitle the holder to fish (*i*) in the main stream or any branch of the main stream from the confluence of the Bhinnun Khad to the Nadaun Ferry, or (*ii*) in any (lateral) tributary of the river on either bank, which flows into the Beas at such part of its course as is specified in rule 2, including such portions of the Bhinnun Khad as are in British territory and also such portion of the Chakki Nala and its tributaries as are situated in the Kángra District.

Provided that nothing in these rules shall entitle a license-holder to fish in any water closed to fishing by a rule notified under section 6 of the Indian Fisheries Act, 1897.

5. The license fees shall be as follows :—

Class of license.	*For fishing by rod and line only.*	*For fishing by all the methods mentioned in Rule 6.*
(*i*) First class, for the year or any part there of.	Rs. 2	Rs. 4
(*ii*) Second class, for the year or any part thereof.	Re. 1	Rs. 2

Provided that any boy below the age of 16 may, on the recommendation of a Fishing Headman (Chaudhri), be granted a license of either the first or second class free of charge for a period not exceeding one year to enable him to learn his trade.

Provided, also, that such Jhewars as are by ancient custom employed by the Rajas to supply fish (Bara) for their households in Lambagraon, Nadaun, Guler, Dada Siba and Nurpur may be given a license of either class free of charge.

Provided, further, that not more than 40 second class licenses for each battalion may be granted free of charge, for fishing by rod and line only, to Gurkha officers and men of the first K. G. O. Gurkha Rifles, who may be recommended for such licenses by the Officer Commanding.

Provided, further, that licenses free of charge may be granted to persons, not more than three in number, to be nominated from time to time by each of the following jagirdars or their successors :—

Raja Wali Ullah Khan.

Khan Sahib Miza Muhammad Ikramullah Khan.

Mirza Muhammad Karim Ullah Khan.

Wazir Karam Singh.

Raja Ram Pal.

Mian Devi Chand.

Mirza Ibad Ullah Khan.

Mian Raghunath Singh.

Wazir Hira Singh.

Rai Sahib Chaudhri Mahla Singh.

Any such license may be withdrawn at any time at the discretion of the Deputy Commissioner of Kángra.

6. It shall be a condition of every license granted under these rules that the licensee is permitted to fish with the following kinds of gear only :—

(*a*) Rod and line,

(*b*) Grains or spear (Bhalla) or (Tiri),

(*c*) Longline (Lang),

(*d*) Casting nets of all kinds (Sohru, Dobajju, Weru and Palka),

(*e*) Drag net with stake net used in conjunction with it (*i.e.*, Bhiga, Kadh Kurga and Chhatta) with a minimum mesh of 1¼ inches square, *i.e.*, 1¼ inches from knot to knot or 5 inches all round.

(*f*) Other nets (called Nilotu and Pand) with a minimum mesh of 1¼ inches square, *i.e.*, 1¼ inches from knot to knot or 5 inches all round,

and that the licensee shall not catch any fish of the following species less than 12 inches in length :—Barbus (or Mahaseer) called Khakhiaru, Chaniaru, Chitratu and Kandlu. It shall be a further condition of every license that the licensee shall be bound to report to the Deputy Commissioner, Tahsildar or any officer of the Fisheries Department any breach of these rules that comes to his notice.

7. It shall be a further condition of the license that the licensee shall not be entitled to erect or use for the purpose of catching any species of fish any fixed engine, dam or weir of any description whatsoever except a stake net when used in conjunction with drag nets.

8. Licenses shall remain in force from January 1st to December 31st of each year.

9. All apparatus erected or used for fishing in contravention of these rules may be seized and taken to the nearest Police Station by any person empowered under section 6 of the Act to arrest without warrant for offences under the Act, and all such apparatus and all fish taken by means of any such apparatus may be forfeited on conviction of the offender under section 5 of the Act.

10. The Deputy Commissioner or Warden of Fisheries may cancel the license of any person convicted of a breach of these rules or under any section of the Indian Fisheries Act, 1897.

B.

Fishing by Chhips in the waters of the Beas River and its tributaries.

1. All fishing by means of chhips is prohibited in the waters of the Beas river and its tributaries save under license to be granted by the Deputy Commissioner, Kángra, or the Warden of Fisheries, Punjab.

2. No license to erect a chipp shall be granted to any person unless the Khewat made during the Settlement of 1891-92 contains an entry showing that the erection of the chhip was recognized by Government at that date.

Provided that no one shall erect a chhip in any reach of the waters which may be for the time being closed to fishing by a rule notified under section 6 of the Indian Fisheries Act, 1897.

3. The Deputy Commissioner and the Warden of Fisheries, Punjab, shall maintain a register of chhips thus entered.

4. An application or a license to erect a chhip must be presented to the Deputy Commissioner, Kángra, or the Warden of Fisheries, Punjab, with the prescribed fees not later than July 1st each year. The application must state—

(*i*) the name of the stream affected;

(*ii*) the Khewat number and the name of the village in which it is proposed to erect the chhip;

(*iii*) the names of the owners of the land;

and must be signed by the persons who propose to share as partners in the profits of the chhip.

5. Licenses for chhips shall remain in force only for 5 months from 1st August to 31st December each year and the fees shall be Rs. 12 per chhip per season or any part thereof.

6. If it appears that the chhip is entered in the Register of Chhips a license to erect it should, in the absence of any reason to the contrary, forthwith be issued, but no one shall erect any chhip until he is actually in possession of a license. The mere presentation of an application and payment of fees will not entitle any one to erect a chhip.

7. The license shall be kept at the water side in charge of the person for the time being fishing the chhip.

8. It shall be a condition of every license that the interstices (Darj) between the lathes (Siru) of the platform (chhip) shall at no portion of the platform from the weir (Lang or Ban) to the lower edge of the platform (chhip) measure less than 1½ inches square and that the platform shall consist of pieces of straight bamboo or other wood properly laid at right angles to the axis of the platform. The holders of each chhip license shall be provided with a brass gauge measuring 1⅞ inches square and a chhip shall be held not to fulfil this condition if this gauge will not pass through the interstices at any point of the platform, at any time during the period of its erection.

9. It shall be a further condition of the license that the licensee shall be bound to remove the dam (or Bar) erected for diverting the water of the stream to the chhip within 15 days afrer the expiry of the license, *i. e.*, before the 15th January. Failure to do this in the case of any chhip shall be a valid reason for refusing the license for that chhip in the following year.

10. The Deputy Commissioner or Warden of Fisheries, Punjab, may cancel a license the holder of which has been convicted of a breach of these rules or under any section of the Indian Fisheries Act, 1897.

11. All apparatus erected or used for fishing in contravention of these rules may be seized and taken to the nearest Police Station by any person empowered under section 6 of the Act to arrest without warrant for offences under the Act, and all such apparatus and all fish taken by means of any such apparatus may be forfeited on conviction of the offender under section 5 of the Act.

C.

Fishing by Stake Net (called Bar Patta) in the waters of the Beas River and its tributaries in the Kangra District excluding the Kulu Sub-Division.

1. All fishing by means of stake nets (Bar Patta) is prohibited in the waters of the Beas River and its tributaries in Kángra proper save under license to be granted by the Deputy Commissioner, Kángra, or the Warden of Fisheries, Punjab.

2. The Deputy Commissioner, in consultation with the Warden of Fisheries, Punjab, shall prescribe the number of licenses to be issued in each stream, in any one year.

3. An application for a license to erect a stake net must be presented with the prescribed fees to the Deputy Commissioner or the Warden of Fisheries, Punjab, not later than July 1st in each year. The application must be signed by all the persons who propose to share as partners in the profits of the stake net.

4. Licenses shall remain in force only for 3½ months from 1st August to 15th November each year and the license fees shall be Rs. 10 per stake net for the season or any parts thereof.

5. No stake net shall be erected until the partners thereof have actually received the license. The mere presentation of an application for a license and payment of fees thereof will not entitle any one to erect a stake net.

Provided that no one shall erect a stake in any reach of waters which may be for the time being closed to fishing by a rule notified under section 6 of the Indian Fisheries Act, 1897.

6. The license shall be kept at the water side in charge of the person for the time being fishing at the stake net.

7. It shall be a condition of every license that the stake net shall consist of only a stake net with a minimum mesh of 1½ inches square fixed across a stream with stones and perpendicular stakes only, *i. e.*, without the addition of any dam (Bar) of thorns or brushwood (Jhils).

Provided that persons who, according to the Wajib-ul-arz made at the Settlement of 1891-92, have got a customary right to erect Jhunnies at specified pools shall be entitled to erect a dam (Bar) of thorns and brushwood (Jhils, etc.,) under a license granted under this part.

8. It shall be a further condition of every license that the licensees shall be bound to remove any dam of stones erected for fixing a stake net within 15 days after the expiry of the license, *i. e.*, before the 30th November. Failure to do this in any case shall be a valid reason for refusing the persons concerned a license in the following year.

9. The Deputy Commissioner or Warden of Fisheries, Punjab, may cancel a license the holder of which has been convicted of a breach of these rules or under any section of the Indian Fisheries Act, 1897.

10. All apparatus erected or used for fishing in contravention of these rules may be seized and taken to the nearest Police Station by any person empowered under section 6 of the Act to arrest without warrant for offences under the Act, and all such apparatus and all fish taken by means of such apparatus may be forfeited on conviction of the offender under section 5 of the Act.

D.

Fishing in the waters of main stream of the Beas below the Akhara Bridge and the tributaries on either bank which join it below the Akhara Bridge.

1. The rules apply to the waters of the main stream of the Beas below the Akhara Bridge and the tributaries on either bank which join it below the Akhara Bridge with the following exceptions :—

(1) The Sarbarri river and its tributaries from the source to the intake of the Tahsil Kohl.

(2) The Sainj river and its tributaries.

(3) The Tirthan river and its tributaries above the Manglaur Bridge.

2. No person shall fish in the waters specified in rule 1, save under a general license to be granted by the Assistant Commissioner, Kulu.

Provided that the holder of a license from the Mandi Durbar entitling him to fish in any part of any stream, which forms the boundary between British and Mandi State territory, shall be deemed to be a holder of such license under these rules as entitles him to fish in the reaches of the said stream which forms the boundary as aforesaid and shall be bound by all the conditions of such license, as provided in this part or under an angling license granted under the provision of part E of these rules.

3. The charge for a license shall be Rs. 6 per season.

Provided that not more than 6 licenses may be granted free of charge to persons nominated by the Rai of Rupi.

4. It shall be a condition of every license granted under the rules of this part that the license-holder shall fish only with rod and line, hand line, or casting net; that the minimum mesh for a casting net shall be 1½ inches bar measure (*i. e.*, from knot to knot). It shall also be a condition that the licensee is bound to report to the Assistant Commissioner, Kulu, the Tahsildar or an officer of the Fisheries Department, any breach of these rules that comes to his notice.

5. No trout shall be killed between the first day of November and the first day of March, both days inclusive, provided that nothing in the rules of this part shall prevent the catching of any species at any time of the year by employees of the Fisheries Department acting under the authority of the Head of the Department.

6. All apparatus erected or used for fishing in contravention of these rules may be seized and taken to the nearest Police Station by any person empowered under section 6 of the Act to arrest without warrant for offences under the Act, and all such apparatus and all fish taken by means of any such apparatus may be forfeited on conviction of the offender under section 5 of the Act.

7. Tha licenses shall remain in force from 1st January to 31st December of each year.

E.

Fishing in the waters of the Beas River and its tributaries from the source of the Beas to the Akhara Bridge, the Sarbarri River and its tributaries from the source to the intake of the Tahsil Kuhl, the Sainj River and its tributaries, and the Tirthan River and its tributaries above the Manglaur Bridge.

1. No person shall fish in the waters of the Beas River and its tributaries from the source of the Beas to the Akhara Bridge, the Sarbarri River and its tributaries from the source to the intake of the Tahsil Kuhl, the Sainj River and its tributaries and the Tirthan River and its tributaries above the Manglaur Bridge, in so far as they are situated within the jurisdiction of the Assistant Commissioner, Kulu, except under an "Angling License" to be granted by the Assistant Commissioner, Kulu, who is authorised to determine the number of licenses to be granted at any one time.

Provided that the holder of a license from the Mandi Durbar entitling him to fish in part of any stream, which forms the boundary between British and Mandi State territory, shall be deemed to be a holder of such license under these rules as entitles him to fish in the reaches of the said stream which forms the boundary as aforesaid and shall be bounded by all the conditions of such license.

2. The charges for a license shall be—

	Rs.
For the season	50
For the month	20
For 10 days or less	8

Provided that a separate Angling License can be granted by the Assistant Commissioner, Kulu, on payment of Rs. 6 to any person who may want to fish only in such portion of the Bah stream (a tributary of the Tirthan) as forms the boundary line between the Mandi State and British territory.

3. It shall be a condition of every license granted under these rules that the maximum number of trout to be taken under the license and the size or weight limit below which no trout may be killed shall be determined at the beginning of each season by the Assistant Commissioner, Kulu.

4. It shall be a condition of every license granted under these rules that the license-holder may fish with rod and line only, using any of the following lures:—

(1) Artificial fly.

(2) Natural fly.

(3) Artificial spinning bait including spoons.

(4) Natural spinning bait.

(5) Artificial worm.

(6) Natural worm.

It shall also be a condition of the license that the licensee is bound to report to the Assistant Commissioner, Kulu, any breach of the rules that comes to his notice.

5. No fish of any species shall be killed between the first day of November and the first day of March, both days inclusive.

Provided that nothing in these rules shall prevent the catching of any species at any time of the year by employees of the Fisheries Department acting under the authority of the Head of the Department.

6. · All apparatus erected or used for fishing in contravention of these rules may be seized and taken to the nearest Police Station by any person empowered under section 6 of the Act to arrest without warrant for offences under the Act, and all such apparatus and all fish taken by means of any such apparatus may be forfeited on conviction of the offender under section 5 of the Act.

HOME DEPARTMENT.

LEGISLATIVE.

The 7th March 1923.

No. 7664.—Whereas on the 22nd day of August 1922, Lala Bishen Das, Honorary Magistrate, Amritsar, was declared by the Returning Officer, under Rule 12 (6) of the Punjab Electoral Rules, to be an elected member of the Punjab Legislative Council for the Amritsar City (Non-Muhammadan) Constituency :

And whereas an election petition was duly presented under Rule 30 of the aforesaid rules by Lala Kesho Ram, Vakil of Amritsar, a candidate for the said Constituency :

And whereas His Excellency the Governor in exercise of the powers conferred upon him by sub-rule (2) of Rule 34 of of the aforesaid rules, by order, dated the 3rd November 1922, appointed Mr. A. H. Brasher, I.C.S., Rai Sahib Lala Narinjan Das, Subordinate Judge, Lahore, and Lala Prabhu Dayal, Subordinate Judge, Amritsar, as Commissioners for the trial of the said petition :

And whereas the aforesaid Commissioners have, in accordance with sub-rule (2) of rule 43 of the aforesaid rules, forwarded the report, herewith attached, to the Governor :

Now therefore, His Excellency the Governor, in exercise of power conferred upon him by sub-rule (2) of Rule 43 of the aforesaid rules, is hereby pleased, in accordance with the report of the Commissioners, to declare the election of the aforesaid Lala Bishen Das, as a member of the Punjab Legislative Council, to be void ; and is further pleased to declare the aforesaid Lala Kesho Ram to be duly elected as a member of the Punjab Legislative Council for the aforesaid Constituency.

Case of the Amritsar City (Non-Muhammadan) Constituency.

We have inquired into a petition presented by Lala Kesho Ram, Vakil of Amritsar, against the election of Lala Bishen Dass for the Amritsar City (Non-Muhammadan) Urban Constituency which was held on August 21st, 1922. In the petition the petitioner both calls in question the election of Lala Bishen Dass and also claims a declaration that he himself has been duly elected. The only other candidate at the election was Lala Duni Chand, Nagpal, Vakil, who has not himself claimed the seat.

The petition has been made on the sole ground that the returned candidate Lala Bishen Dass was under 25 years of age and was consequently ineligible for election under Rule 5 of the Punjab Electoral Rules. We have overruled a preliminary objection on behalf of the respondent that there was no valid presentation of the petition inasmuch as it was not presented to His Excellency the Governor in person. The petition was presented to Mr. Boyd, Revenue Secretary to Government, on September 16th, 1922, and this is, in our opinion, a sufficient compliance with Rule 30.

It has further been objected that any question regarding the age of the returned candidate cannot be entertained at this stage, and that a disqualification of this nature would be no ground for declaring the election void. Under Rule 42 (1) (*c*) the election of the returned candidate shall be void if in the opinion of the Commissioners the result of the election has been materially affected by any non-compliance with the provisions of the Act, or the rules or regulations made thereunder. If the returned candidate was ineligible for election he clearly could not be nominated under Rule 11, and it cannot be disputed that the failure to comply with this Rule has materially affected the result of the election. We accordingly hold that if the allegation made in the petition is correct this would be a sufficient ground for determining the election to be void.

The respondent further pleaded that the petitioner had induced Lala Duni Chand, Nagpal, to withdraw from the election, undertaking himself also to withdraw, and that the petitioner was thereby estopped from claiming to be elected. This contention has, however, been abandoned by the respondent's counsel in the arguments addressed to us, and it does not therefore call for any further notice. The sole point which we have to determine is the age of the respondent Lala Bishen Dass. The parties are agreed that he would not have been eligible for election if he had not attained the age of 25 years on July 31st, 1922, the date on which his nomination paper was presented to the Returning Officer.

The first question raised is as to the *onus* of proof. Should the returned candidate be required to prove that he had attained the age of 25 years on that date, or should the petitioner be required to prove that the age of the returned candidate was then less than 25 years? It appears to us to be clear that if no evidence at all were given on either side the petitioner must fail, and that therefore the initial *onus* rests on him. It was, however, admitted at the time of framing issues that the respondent's age was given in the Electoral Roll as 20 years. This was considered at the time to be an admission sufficient to remove the *onus*. For the petitioner it was contended that this entry was not merely an admission but amounted to conclusive proof. Rule 9 (3) which was cited in support of this contention provides that

orders made by the Revising Authority shall be final but a Revising Authority is appointed merely to dispose of claims and objections, and, except for the fact that the respondent's qualifications as an elector cannot now be attacked, we fail to see how an entry regarding age, concerning which no objection has been made, can have any finality. Indeed from testimony produced before us, we have come to the conclusion that the entry in the electoral roll relating to the age of the respondent does not constitute any admission on his part and is worthless as a piece of evidence. It is clear from the statements of Mr. Girdhari Lal, Lala Duni Chand, M.A., and Lala Duni Chand, Nagpal, that entries in the Electoral Roll are made without any proper inquiry from the persons concerned, and that gross mistakes occur regarding the ages of the electors. The entry regarding the respondent's age, moreover, indicates a strange ignorance on the part of the writer, since the respondent would not have been qualified as an elector had he been under 21 years of age. The petitioner has, therefore, to prove that the respondent was not qualified as a candidate for election. There is first a Goshwara obtained from the Civil Surgeon's Office which contains an entry showing the birth of a son to Lala Ramsaran Dass, the father of the respondent, on September 23rd, 1898. There is next the Register of the Government High School, Amritsar, which contains entries showing that the respondent was admitted on March 2nd, 1905, the date of his birth being given as September 23rd, 1898, and that his name was struck off on account of absence on September 16th, 1905. The respondent was re-admitted to the School on December 13th, 1907, on an application purporting to have been signed by his father containing a declaration regarding the respondent's age. In accordance with this declaration the date of the respondent's birth was, on his re-admission, entered as September 17th, 1898. In February 1915 the respondent applied for permission to appear in the Matriculation Examination of the Punjab University. It has been shown that the register where such applications are kept contains an application, dated February 3rd, 1915, purporting to be written and signed by the respondent, in which the date of his birth is also entered as September 17th, 1898.

For the respondent it is objected that the entry in the Goshwara and the entries in the School Registers are inadmissible in evidence. It has been shown that the birth and death registers kept by the Municipal Committee were destroyed during the disturbances of 1919. In accordance with the usual practice, however, returns of births and deaths were prepared from the registers and sent to the Civil Surgeon's Office. Some of these have been preserved and the Goshwara, in question, is one of them. It has been held in 59 P. R., 1901, that Municipal Registers of deaths are public documents within the meaning of Section 74 of the Evidence Act. A certified copy of a Birth Register is, therefore, admissible under Section 77, and the Goshwara which has been produced, purports to be a certified copy of the Municipal Register, which under the bye-laws any person has a right to inspect. We hold, therefore, that the Goshwara is admissible in evidence, and under Section 79 we presume that it is a genuine copy of the original register.

The School Registers are prepared in accordance with instructions contained in the Punjab Education Code which have been issued under the authority of the Punjab Government. The school is entirely under Government control and the entries in the registers are undoubtedly made by a public servant in the discharge of his official duty. We consider, therefore, that the entries are relevant under Section 35 of the Evidence Act.

The respondent has made no definite admission as to the signatures on the application for his re-admission to the High School and on the application for his admission to the Matriculation Examination. We consider, however, that there are ample grounds for presuming that the first of these applications was signed by the respondent's father, and that the second was signed by the respondent himself. Both documents have been produced from proper custody, their genuineness has never been seriously denied, and there is the evidence of Nand Lal to show that in 1915 no other candidate of the same name as the respondent sent an application from the Government High School, Amritsar.

In accordance with illustration (*b*) to Section 32 of the Evidence Act a statement by the respondent's deceased father relating to the date of the respondent's birth is a relevant fact.

The petitioner's evidence thus proves that Lala Ramsaran Dass had a son born on September 23rd, 1898, that when the respondent was sent to school this date was entered in the School Register as the date of his birth, that subsequently on the respondent's re-admission the date was changed to September 17th, 1898, and that the same date was entered in the application for admission to the Matriculation Examination signed and written by the respondent himself. It is clear that the change from September 23rd to September 17th was merely due to some clerical error, and that up till the beginning of February 1915 the entry in the Municipal Register, of which the Goshwara produced is a copy, must have been considered by the respondent and his father to relate to the date of the former's birth.

According to the respondent's evidence he was the eldest son of Lala Ramsaran Dass, and the entry in the Birth Register relates to the birth of the next son who is said to have died in infancy. The Goshwara which would have contained entries relating to the birth of the respondent and to the death of his brother, if these allegations are correct, appear from the evidence of a Clerk in the Civil Surgeon's Office to have been destroyed.

To rebut the petitioner's case the respondent relies mainly on a letter purporting to have been sent by his father to the Headmaster of the Government High School on February

25th, 1915. This letter, which is typed, is to the effect that Lala Ramsaran Dass had been informed by the respondent that the age given in the School Registers was not correct, and that the respondent was really born in the middle of 1897. Reference is made to a horoscope which accompanied the letter and which, it was said, would support the proposed alteration in the admission form for the Punjab University. At the date of this letter the Headmaster Mr. Smith was away and the Second Master, Lala Mohan Lal, was in charge. According to the evidence of the latter the letter was returned the same day with a typed reply at the back to the effect that it was then too late to apply for the change of date. The horoscope sent with the letter is said to have been returned to Lala Ramsaran Dass, and the respondent has now produced a horoscope which has been initialled by Lala Mohan Lal and which is said to be the horoscope in question.

The petitioner contends that the letter which is type-written was never sent by Lala Ramsaran Dass, and that either the whole document is a fabrication or the letters have been subsequently typed upon a blank paper which accidentally bore Lala Ramsaran Dass's signature. We have carefully considered the evidence relating to this document and are forced to regard it with some suspicion. The only witnesses who state that the letter was signed in their presence are Lala Lachmi Narain, the uncle of the respondent, and the respondent himself. The signature of Lala Ramsaran Dass has been identified by witnesses of undoubted probity, but it has to be remembered that these witnesses have not been in the habit of seeing the writing of Lala Ramsaran Dass since 1916 when he died, and there has been, moreover, no examination by an expert. The possibility that the signature is genuine while the rest of the document has been subsequently written has also to be considered.

There are various circumstances which render the genuineness of the document open to grave doubt. The reply typed at the back presents several points of difference when compared with the documents on the correspondence registers of the school which were typed at the school about the same time. It is, of course, possible that two type-writers were in use, but no other document typed in the same manner is forthcoming. A stronger point, however, is that in the letter the name of the respondent is spelt Bishen Dass, Though the respondent spells his name in this manner now, all the school records and the application sent to the University show that he was formerly known as Vishnoo Dass. The letter should, in the ordinary course, have been sent to the Inspector of Schools, whose sanction was required for the date to be changed, and there is no satisfactory explanation to account for the return of the letter and the initialling of the horoscope by Lala Mohan Lal. It is also significant that Lala Mohan Lal has some connection with the respondent's family, having been a fellow student of Lala Ramsaran Dass, and that the letter is said to have been sent during the temporary absence of Mr. Smith, who was only away for ten days.

We should certainly be very reluctant to believe that the respondent, who holds a high position, has produced a fabricated document, but we feel that these circumstances at least raise some doubt as to the authenticity of the letter, and we cannot regard it as sufficiently proved. The document, even if genuine, would have very little value, since it has not been shown that Lala Ramsaran Dass took any further step in the matter, though he is said to have lived for another 11 months. The horoscope has not been really proved at all. One witness has been produced to show that the document was written by one Bal Mokand who is said to be dead, but this evidence is not altogether convincing. It has, moreover, not been proved in any way that the writer had any special means of knowledge in regard to the date of the respondent's birth, nor is it clear that the horoscope relates to the respondent.

There is besides some oral evidence relating to the respondent's age, but this evidence is almost entirely of an interested character, and none of it is convincing.

The petitioner appears to us to have established a strong *primâ facie* case which has not been rebutted, and from the evidence before us we can only come to the conclusion that the respondent was born on September 23rd, 1898, as alleged by the petitioner. It follows that the election of the respondent is void, and that the petitioner, who obtained 199 votes, has been duly elected. We assess the petitioner's costs at Rs. 200.

The 7th March 1923.

No.7817-F.—In exercise of the powers conferred by rule 5 of the Fundamental Rules the Governor in Council and the Governor and Ministers hereby make the following additions and amendments to the subsidiary rules framed under certain of those rules and published with Punjab Government, Finance Department, notification No. 1058, dated the 13th January 1922:—

(*1*) *Rules under Fundamental Rule 9* (*6*) (*b*) (*Serial No. 0*).

(*i*) At the end of clause (*iii*) *insert*:—

"provided that the interval between the receipt of orders and their assumption of their duties shall not exceed the amount of joining time which would be admissible to a Government servant entitled to joining time under the rules framed under Fundamental Rule 106 (serial No. 17)".

(*ii*) Renumber condition (4) of clause (*iv*) as condition (5) and *add* as condition (4)—

"The periods allowed for preparation under conditions (2) and (3) above are not admissible more than once, nor can the periods be combined or be taken in instalments. The period permissible in each case also covers the day or days of the examination and the time spent in proceeding to and from the place of examination."

(*iii*) *Add* the following as clause (*v*):—

"In the case of an Engineer Officer of the Public Works Department not appointed from any Civil Engineering College in India who is required under the rules of the department to pass an obligatory examination in a Vernacular language, for a period not exceeding three months to be spent in the Punjab, subject to the conditions mentioned below:—

(1) This period of three months may be taken in instalments by an officer preparing himself for one or more examinations, but it represents the maximum aggregate amount of leave which may be allowed for the purpose.

(2) An officer who has already passed an examination in a language by the lower standard is not entitled to count as duty under this rule any time taken for preparing himself for an examination in the same language by the higher standard.

(3) As this concession is granted for a specific purpose, *viz.*, to enable officers to prepare themselves for an examination, they should, after completing the examination, return to duty at once if not proceeding on leave, and not wait until the expiry of the full period sanctioned for the purpose.

NOTE.—For the purpose of this rule Kashmir is also included in the Punjab.

(2) *Rules under Fundamental Rule 10* (*Serial No.*) .

Substitute the following for Rule 4—

" When a Government servant in whom a defect has been noticed by the examining surgeon, but which defect is not considered to be a disqualification for employment in the particular office or department in which he is serving, is subsequently transferred to another office or department the duties of which are of a different character, the transfer shall not be regarded as permanent until the Civil Surgeon or other medical authority has, at the written request of the head of the new office or department, certified either that the defect previously noticed has disappeared or that it does not constitute a disqualification for the new duties entrusted to the servant."

(3) *Rules under Fundamental Rule 74* (*Serial No. 8*).

(*i*) *For* Rule 4 *substitute* the following :—

" An application for leave by a Chaplain must be forwarded, through the proper channel, to the Bishop of the Diocese, and in the case of Chaplains of the Church of Scotland, to the Presidency Senior Chaplain, whether such Bishop or Presidency Senior Chaplain is or is not competent to grant the desired leave."

(*ii*) *For* Rule 21 *substitute* the following :—

" Leave should not be granted to a Government servant who is to be dismissed or removed from service for misconduct or general inefficiency if such leave will have the effect of postponing the date of dismissal or removal, or to a Government servant whose conduct is at the time forming, or is in the near future likely to form, the subject of departmental enquiry."

(*iii*) *Renumber* Rules 25, 26, 27 and 28, respectively, as Rules 26, 27, 28 and 29 and *add* as Rule 25 :—

" Leave to a gazetted Government servant must not be granted without obtaining a report from the Principal Auditor upon his title to leave ; except in cases of emergency, and on the responsibility of the Government servant for the consequences of the leave asked for being inadmissible. Such a report from the Principal Auditor is not required in the case of a non-gazetted servant."

(4) *Rules under Fundamental Rule 101* (*Serial No. 11*).

Renumber Rule 6 as Rule 5 and *for* Rules 4 and 5 *substitute* the following, numbering it Rule 4 :-

" Hospital leave shall in no case exceed six months in any one term of three years, whether such leave is taken at one time or by instalments, full average pay being allowed for the first three months and half average pay thereafter.

(5) *Rules under Fundamental Rule 103 (a)* (*Serial No. 12*).

For Rule 2 *substitute* the following :—

" (*i*) Leave may be granted to any other Government servant except a member of the work-charged establishment of the Public Works Department without a lien on a permanent post while officiating in a post or holding a temporary post if he has officiated in or held such post continuously for at least two years, as follows :—

(*a*) leave on leave-salary equal to average pay up to one-eleventh of the period spent on duty, subject to a maximum of four months at a time, or

(*b*) on medical certificate, leave on leave-salary equal to half average pay for three months at any one time, or

(*c*) extraordinary leave for three months at any one time,

(*d*) any combination of leave under clauses (*a*), (*b*) and (*c*) above subject to a maximum of six months in all at any one time.

(*ii*) If he has officiated in a post or held a temporary post for less than two years continuously he may receive leave as described above only if the grant of the leave involves no expense to Government."

(6) *Rules under Fundamental Rule 103 (c)* (*Serial No. 15*).

Add the following as Rule 3—

"Labourers employed in Government workshops or other similar institutions on a daily wage, who are injured while on duty, may be granted leave in accordance with the provisions of Rules 3 and 4 framed under Fundamental Rule 1 1 (Serial No. 11); and female servants employed at piece rates or daily rates in a permanent or quasi-permanent Government institution or concern may be granted maternity leave in accordance with the provisions of Rules 1 and 2 framed under Fundamental Rule 101 (Serial No. 11)."

No. 7063.—The following officer has been granted leave with effect from the date specified :—

Name.	Rank.	Period of leave.	Nature of leave and rules under which granted.	With effect from	REMARKS.
Lala Rattan Chand	Extra Assistant Conservator of Forests, attached to Kángra Forest Division.	Two years 3 months and 28 days.	Privilege leave for 2 months and 28 days and in continuation leave on average pay for one month and leave on half-average pay for 2 years, preparatory to retirement, under rule 81 of the Fundamental Rules.	6th February 1923 (afternoon).	

The 5th March 1923.

No. 7434.—The following Regulations for the appointment, in India, of probationers for the Imperial Forest Service in 1923, are published for general information :—

Applications are invited from natives * of India and Burma for probationerships for the Imperial Forest Service. Candidates of European or Anglo-Indian descent must be unmarried and, if appointed as probationers, must remain unmarried until completion of the prescribed course of training and their return to India.

2. Applicants, who should not be more than 23, nor less than 19, years of age on 30th June 1923, must possess an *Honours*, or a first class, degree in Science of a University incorporated by law in British India.

3. Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for appointment. Testimonials or other recommendations should not be attached to the applications.

4. Applications from officers already in the public service, whether as probationers or on a permanent establishment, will not be entertained.

5. Applications from residents in Ajmer, Baluchistán, Coorg, Delhi and North-West Frontier Province should be addressed to the Secretary to the Government of India, Department of Revenue and Agriculture, through the Chief Commissioners of those Administrations, and from residents in Indian States through the Political Officer or Agent *in time to reach the Government of India not later than the 1st May 1923.* Applications from residents in other territories, should be addressed to the Revenue Secretary† of the local Government concerned *in time to reach him not later than the 1st May 1923.* The applications must be in the form attached to these regulations. Copies of the regulations and of the forms of application may be obtained from the Secretary to the Government of India, Revenue and Agriculture Department, the Revenue Secretaries to the Governments of Bombay, Madras, Assam, Bengal, Bihar and Orissa, Burma, Central Provinces, the Punjab, the United Provinces, ; the Chief Commissioners of Ajmer, Coorg and Delhi ; the Chief Commissioners and Agent to the Governor-General in the North-West Frontier Province ; the Agent to the Governor-General and Chief Commissioner in Baluchistan and Political Officers of Indian States.

6. Applications must be accompanied by a preliminary medical certificate of fitness for service in the Forest Department, signed by a Presidency Surgeon or the Civil Surgeon of the district or agency in which the applicant resides. This certificate is intended to prevent applications from candidates who are obviously physically unsuited for the Forest Service and will not exempt candidates from appearance before the final Medical Board.

7. Candidates who from their applications and from any further enquiries that may be considered necessary appear to the Government of India or to the local Government concerned to be *primá facie* suitable will be summoned to appear before a Medical Board to undergo a strict medical examination in which particular stress will be laid on good vision and hearing. If passed as fit for the work of the Forest Department, they will then be interviewed by a Selection Board appointed by the Government of India or by the local Government concerned as the case may be.

8. Candidates summoned by the Government of India to appear for the medical examination and interview referred to in paragraph 7 will not be paid any travelling allowance.

Candidates summoned by local Governments for similar purposes may be paid travelling allowance under such conditions and at such rates as the local Government concerned may specify.

No allowance for board and lodging will be made in connection with the journeys mentioned above and candidates must make their own arrangements in this respect.

* "Native of India" means any person born and domiciled within the dominions of His Majesty in India or within the territory of the Indian Princes tributary to, or in alliance with, His Majesty, of parents habitually resident in India and not established there for temporary purposes only.

† In the Punjab to the Financial Commissioner and Secretary to Government, Development Department.

9. Those finally selected as a result of the interview prescribed in paragraph 7 will be appointed as probationers for the Indian Forest Service; they will be required to leave for England early in September and, subject to their undergoing satisfactorily, as described below, a course in Forestry and allied subjects in England, will be appointed finally as Assistant Conservators of Forests. Candidates selected for training will be provided with second class passages to England, *but the cost of travelling to the port of embarkation will not be paid.*

10. *Period of probation.*—Before appointment to the Imperial Forest Service a probationer will be required—

(1) to have undergone and qualified in, to an extent to be prescribed by His Majesty's Secretary of State for India, the course of Forestry at such University as the Secretary of State may prescribe;

(2) to have undergone a special course of instruction in Forestry under the direction and supervision of the Director of Indian Forest Studies;

(3) to have passed an examination in forest engineering and, if required in certain other special subjects, namely, Systematic Botany of Indian trees, Indian Geology, Forest Law and Indian Working Plans;

(4) to have undergone a final competitive examination in Forestry;

(5) to have satisfied the Secretary of State, in such manner as may be determined, of his ability to ride.

The period of probation is, in ordinary cases, two years. The Director of Indian Forest Studies instructs probationers in each case as to the order and manner in which they should fulfil these various requirements.

11. *Charges.*—Probationers will be required to defray all expenses of lodging, board, tuitions and excursions to forest centres in the United Kingdom while at the University and on practical instruction.

12. *Allowances.*—The Secretary of State for India in Council makes payment to each probationer at the rate of £350* per annum, not exceeding a total of £700.

These payments are ordinarily made on the following dates :—

The cases of probationers whose probation does not extend over the full period of two years will be specially considered.

For tours made on the Continent, under the instructions of the Director of Forest Studies, subsistence and travelling allowance will be paid by the Secretary of State for India in Council at such rates as he may from time to time fix. The fees of the local forest officials, at the centres visited, will also be paid by the Secretary of State.

The grant of allowances is subject to the following conditions :—

(*a*) that the progress of the probationer in his studies is satisfactory;

* The Secretary of State for India gives notice that the amount of these allowances will be reconsidered in 1923, with a view to possible reduction with effect from the instalment payable in October 1924.

(b) that the probationer gives security * to refund the payments in the event of his failing to qualify for an appointment in the Indian Forest Service, or not signing the articles of agreement as specified in paragraph 15 or failing to join the Indian Forest Service at the end of the period of probation ;

(c) that the probationer undertakes to refund in proportions fixed under the terms of his agreement, the payments, together with the cost of his first-class passage to India, in the event of his leaving the Service during the first 5 years from the date of his appointment.

13. *Conduct.*—Every probationer is required to conduct himself during the period of probation in a manner satisfactory to the Secretary of State and to give evidence of satisfactory progress in his studies in such a manner as may be required, failing which, or in the event of serious misconduct, he is liable to have his name removed from the list of probationers.

14. *Appointment and seniority.*—Probationers who comply with the requirements of paragraph 10 within the sanctioned period of time, and also satisfy such other tests as may be prescribed, are appointed Assistant Conservators in the Indian Forest Department, provided they are of sound constitution and free from physical defects which would render them unsuitable for employment in the Indian Forest Service. No probationer will be confirmed as a member of the Imperial Forest Service who fails to profit by the course of training, or who appears, in the light of the experience acquired as to his capacity and qualifications during the probationary period, to be unsuited for the work of a forest officer.

The position of the Assistant Conservators in the Provincial Forest Lists is determined by the Secretary of State for India in Council on the report of the Director of Indian Forest Studies. Officers promoted from the Provincial to the Imperial Service will take rank according to their pay in the latter service. Probationers recruited under these regulations must consequently be prepared to find their names placed below those of officers promoted from the Provincial Service.

Probationers are allowed at the end of the period of probation to state their preference in respect to the province to which they desire to be allotted ; but the distribution is made to the several provinces according to the needs of the public service, at the discretion of the Secretary of State for India in Council and no guarantee can be given that probationers will, on appointment, be posted to their own provinces. Indians will not, however, be required to serve in Burma and Burmans will not be required to serve in India.

Officers are at all times liable to be transferred from one province to another at the pleasure of the Government of India.

15. *Articles of agreement.*—A probationer is required, on qualifying for appointment as Assistant Conservator, to sign articles of agreement setting forth the terms and conditions of his appointment ; he must embark for India when required to do so by the Secretary of State. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

16. *Passage to India.*—Each probationer on appointment to the Indian Forest Service is provided with a free first-class passage to India.

17. *Salary.*—The scale of pay and allowances in force for officers of Indian domicile is given in Appendix II to these regulations.

18. *Promotion and pension.*—Promotion and pension are governed by the regulations laid down by the Secretary of State for India in Council, and applicable to forest officers, such regulations being subject to any modifications or alterations which may be made in them from time to time by him and their interpretation in case of any doubt arising being left to that authority.

Certain information regarding appointments in the upper controlling staff of the Indian Forest Service will be found in Appendix II, and a summary of information regarding pensions is contained in Appendix III.

APPENDICES.

APPENDIX I.

Final Examination.

1. With a view to the allocation of the annual Currie Scholarship for Indian Forest Students (value about £ 35), and to facilitate the allotment of probationers to the several provinces in accordance with paragraph 14 of the regulations as to appointments in the Indian Forest Service, probationers who have completed their prescribed course of training are required to undergo a competitive final examination in Forestry.

* Probationers will be required to give security to the local Government or Political Officer, through whom they submitted their applications. If this condition is not satisfied, they will not be permitted to leave for England.

2. A list of the probationers in order of merit is prepared by adding together (a) the marks obtained at the final examination, and (b) the marks obtained during the course of practical training in Forestry under the control of the Director of Indian Forest Studies. The maximum of marks obtainable under (a) is the same as under (b).

3. The final examination consists of an oral examination and three or more papers, as follows:—

(i) One or more papers in Sylviculture, Forest Protection (including Forest Botany and Forest Entomology), and Forest Utilization (including Forest Engineering).

(ii) One or more papers in Forest Management, Forest Mensuration, Forest Valuation, and Forest Administration.

(iii) A paper in General Forestry (Practical) dealing with the work done and with the forests visited during the course of practical training.

4. Probationers are not required to pay any fee for the examination.

APPENDIX III.

PENSION.

Ordinary Pension.

(1) Imperial officers of the Forest Department will be allowed to retire optionally after 20 or more years' service, and in that event they will ordinarily be entitled to draw pension not exceeding 30-sixtieths of average emoluments, subject to the following maxima:—

Rs.				
4,000	a year after	20	years' completed service.	
5,000	,,	25	,,	,,
5,200	,,	26	,,	,,
5,400	,,	27	,,	,,
5,600	,,	28	,,	,,
5,800	,,	29	,,	,,
6,000	,,	30	,,	,,

(2) Government will have an absolute right to retire any officer after he has completed 25 years' service, without necessity to give reasons and without any claim for compensation in addition to pension, and in that event the pension admissible to the officer will ordinarily be regulated on a scale not exceeding that prescribed in clause (1) above, in the case of optional retirements of officers of the service to which he belongs.

(3) Government reserve an absolute right to reduce the pension ordinarily admissible, in the case of any officer whose service has been unsatisfactory.

(4) The payment, out of India, of pension granted in rupees will continue to be regulated by the provisions of Article 934 of the Civil Service Regulations.

Special Additional Pensions.

(5) The existing lists of special appointments have been classified in two grades, as shown in the schedule annexed, the lower grade comprising those posts which involved high but intermediate responsibility, the higher consisting of those which require a marked degree of independent administrative and professional capacity.

(6) Officers who have held appointments listed in the lower grade in the schedule will be entitled to an additional pension at the rate of Rs. 300 a year for each completed year of effective service in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 1,500 in respect of service classed in the lower grade.

(7) Officers who have held appointments listed in the upper grade in the schedule will be entitled to an additional pension of Rs. 500 a year for each completed year of effective service in any appoinment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 2,500 in respect of service rendered in the lower and upper grades combined or in the upper grade alone.

(8) These additional pensions will be awarded, as in the past, only to officers who have given proof of special energy and efficiency. The existing restriction in Article 475, Civil Service Regulations, against the award of additional pensions to officers retiring of their own option before the age of 55 with less than 28 years' service, will also be maintained.

APPOINTMENTS CARRYING ADDITIONAL PENSIONS.

Upper Grade.	*Lower Grade.*
Inspector-General of Forests.	Conservators of Forests.
Chief Conservators of Forests.	

APPENDIX IV.

General Physical requirements.

NOTE.—These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the rejection of a candidate as physically unfit will be at the absolute discretion of the Medical Board and that this discretion is in no respect limited by these Regulations.

1. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with efficient performance of duty.

2. No fixed limits of height or chest measurement are imposed but particular attention will be given to the general development of candidates.

3. The hearing must be good.

4. The speech without impediment.

5. The teeth in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth where necessary for effective mastication.

6. The chest must be well formed, the lungs and heart sound.

7. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation.

8. The limbs, feet and toes must be well formed and developed, with free and perfect motion of all the joints.

9. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

10. A candidate must not be the subject of chronic skin disease.

11. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

Regulation as to the Standard of Vision for the Indian Forest Service.

1. If myopia in one or both eyes exists, a candidate may be passed, provided the ametropia does not exceed 2·5 D, and if with correcting glasses, not exceeding 2·5 D, the acuteness of vision in one eye equals $\frac{6}{9}$ and in the other $\frac{6}{6}$, there being normal range of accommodation with the glasses.

2. Myopic astigmatism does not disqualify a candidate for service, provided the lens or the combined spherical and cylindrical lenses required to correct the error of refraction do not exceed —2·5 D ; the acuteness of vision in one eye, when corrected, being equal to $\frac{6}{6}$ and in the other eye $\frac{6}{9}$ together with normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

3. A candidate having total hypermetropia not exceeding 4 D is not disqualified, provided the sight in one eye (when under the influence of atropine) equals $\frac{6}{6}$, and in the other eye equals $\frac{6}{6}$ with + 4 D, or any lower power.

4. Hypermetropic astigmatism does not disqualify a candidate for the service provided the lens or combined lenses required to cover the error of refraction do not exceed 4 D, and that the sight of one eye equals $\frac{6}{9}$ and of the other $\frac{6}{6}$, with or without such lens or lenses.

5. A candidate having a defect of vision arising from nebula of the cornea is disqualified if the sight of one eye be less than $\frac{6}{12}$. In such a case the better eye must be emmetropic. Defects of vision arising from pathological or other changes in the deeper structures of either eye which are not referred to in the above rules, may exclude a candidate for admission into the service.

6. Squint, or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. The existence of imperfection of colour sense will be noted on the candidate's paper.

BUDGET.

The 8th March 1923.

No. 7975-B.—The following rules framed by the Finance Department of the Government of the Punjab under Rule 37 (*e*) of the Devolution Rules are issued for the guidance of all concerned :—

COMMUNICATION AND DISTRIBUTION OF THE GRANTS VOTED BY THE LEGISLATIVE COUNCIL AND OF THE PROVISION MADE FOR NON-VOTED EXPENDITURE IN THE BUDGET ESTIMATES.

1. For the purposes of these rules the Head of the Department, Controlling Officer and Disbursing Officer for each major or minor head of account or, where necessary, detailed head subordinate to a minor head included in the grants appearing in the budget estimates of revenue and expenditure of the Province, shall be the authority named in the statement included as Appendix A to these rules. In cases where the Head of the Department and the Controlling Officer are one and the same authority, such authority shall perform the functions of both as set forth in the rules following.

2. As soon as the Legislative Council has, on consideration of the statement of demands submitted to it, voted the grant for the service or administration of a particular Department, the Finance Department shall communicate to the Head of the Department concerned the amount so voted, together with any sum assigned to the same major head or heads of account which does not require the vote of the Council. The amounts shall be communicated in the shape of lump sums allotted under minor heads of account and distributed over such of the prescribed primary units of appropriation as may be necessary. Such grants shall be communicated not later than the 15th April in each year.

3. Should any grant referred to in Rule 2 include provision for expenditure in England the Finance Department shall in informing the Head of the Department concerned of the details of the grant, inform him also of the amount allotted for expenditure in England. The High Commissioner shall also be informed by the Finance Department of the amounts allotted under each head of account for expenditure in England.

Non-communicated supply.

4. The following items included in grants voted by the Council or provision made for non-voted expenditure will not be communicated but will remain at the disposal of the Finance Department :—

(a) the grants for the primary units of appropriation "Pay of Officers" and "Pay of Establishment" to meet the cost of permanently sanctioned establishment other than establishments borne on Provincial Scales ;

(b) the grant for the primary units of appropriation "Pay of Officers" and "Pay of Establishment" to meet the cost of temporary establishments sanctioned for a definite period ;

(c) any portion of the grant under the primary unit "Pay of Establishment" which is to meet the cost of casual temporary establishment to be entertained with the sanction of subordinate authorities ;

(d) any portion of the grant for the primary unit "Travelling Allowance" ;

(e) any portion of the grant under the primary unit "Contingencies" other than sanctioned contract grants ;

(f) any portion of the grant under the primary units "Supplies and Services," "Works," "Contributions," "Suspense" or "Reserve" as is not excluded from distribution by Rule 5 above.

The Head of the Department may in carrying out such distribution retain a portion of the grant as a reserve in his own hands. The distribution shall be carried out not later than the 15th May in each year.

8. The Head of the Department shall inform the Accountant-General not later than the 15th May in each year of the distribution made by him under Rule 7. The Accountant-General will thereafter conduct his audit of expenditure in respect of the portion of the grants so distributed against the grants of the Disbursing Officers concerned.

9. In respect of the supply so allotted to him the Head of the Department has, subject to the orders of the Member or Minister concerned, the powers of appropriation and re-appropriation referred to in Rules 4 and 9 of Punjab Government notification No. 22886 dated 8th September 1922, and in Punjab Government notifications No. 22987 dated 9th September 1922, and No. 28082 dated 13th November 1922.

10. The Head of the Department is responsible for watching expenditure incurred against supply communicated to him. He shall exercise general control over the actual expenditure incurred against grants communicated to Controlling and Disbursing Officers, and particular control over the supply not distributed by him. Article 201 of the Audit Code lays down that the authority administering a grant and not the Audit Department is ultimately responsible for keeping expenditure within the grant. For this purpose the Accountant-General will supply him with monthly statements showing the progress of expenditure under each detailed head of appropriation. The Head of the Department should issue such instructions to Controlling and Disbursing Officers in this matter as may appear to him necessary for carrying out the duties imposed on him.

Should the grant under any minor head appear likely to be exceeded it is the duty of the Head of the Department to arrange for the excess being provided by a re-appropriation or, if necessary, for the submission of a supplementary demand.

11. The Controlling Officer is primarily responsible for watching the progress of expenditure against grants allotted to him under each primary unit of appropriation concerned and for taking necessary steps to prevent expenditure in excess of a grant—

(a) by transfer from one Disbursing Officer to another under his powers of appropriation within the primary unit of appropriation ;

(b) by exercise of his delegated powers of re-appropriation ;

(c) by application for an excess grant under the prescribed rules as soon as the necessity arises for this course.

The Accountant-General will on request supply him with the same information as to progress of actuals as is given to the Head of the Department, and he may call for returns from Disbursing Officers.

12. The Disbursing Officer is the officer directly responsible for the expenditure incurred against the grants allotted to him under each primary unit of appropriation. He shall keep a close watch over the progress of expenditure and in no case should he allow the appropriation for any unit to be exceeded without obtaining the approval of competent authority. He shall pay prompt attention to any warnings received from the Accountant-General and arrange to submit an application for an additional appropriation as soon as necessity arises.

13. The Disbursing Officer is required to utilise the appropriations placed at his disposal only towards expenditure on the objects for which the grants are sanctioned and, in particular, no expenditure should be incurred without previous approval of competent authority on objects the demands for which have been specifically refused either by the Legislature or by the Government.

14. The duty of the Audit Officer is to keep a close watch over orders of appropriation and re-appropriation and to pay attention to the progress of expenditure against (1) the grant as a whole, (2) the appropriations for primary units and (3) the grants placed at the disposal of Disbursing Officers by the Head of the Department. The Accountant-General will report to the Head of the Department any excesses likely over the grant as a whole, and to the Controlling or Disbursing Officer, as the case may be, similar excesses likely over the grants placed at their disposal by the Head of the Department.

MILES IRVING,

Secretary to Government, Punjab,

Finance Department.

REVENUE DEPARTMENT.

FREE-GRANTS.

Proceedings of the Government of the Punjab in the Department of Revenue and Agriculture—Free Grants No. 4117, dated 27th March 1923.

RESOLUTION.—The Punjab Government resolution No. 8397, dated 5th April 1917, announced the approval of His Majesty's Secretary of State to proposals emanating from the Punjab Government for the gradual creation of a number of new jagirs to each of which is attached a definite condition of "continued good conduct and steadfast loyalty to His Majesty the King Emperor and active good service to the public or to the Government established by law in British India rendered to the best of the Jagirdar's ability and power." Each such jagir is granted for the life of the original holder, half the sum assigned being continued for the next generation. Grants aggregating Rs. 29,900 per annum have been made since the inception of the scheme in the year 1917 to 1921-22.

For the financial year 1922-23 the Governor in Council has selected the gentlemen named below:—

For grants of Rs. 500 per annum.

Sardar Sahib Sardar Jagat Singh, Retired Military Sub-Assistant Surgeon of the Khalsa College, Amritsar.—He rendered honorary service to the Military Authorities, without remuneration from September 1916 to June 1921, thus releasing younger men for field service and setting a laudable example.

Sardar Sahib Sardar Sawan Singh, son of Sobha Singh, of Kalsia State, Retired Tahsildar.—Since his retirement this gentleman has done remarkable work for the educational and religious betterment of the Criminal Tribes Settlement at Daska, Siálkot District.

For grants of Rs. 250 per annum.

Lala Nathu Mal, son of Lala Uttam Chand, of Rurka Kalan, Jullundur District.—His attitude of devoted and unflinching loyalty has been of great assistance to the District administration.

Lala Sikandar Lal, son of Lala Kanhaya Lal, of Gujránwála, Retired, Extra Assistant Commissioner and Honorary Magistrate.—For sustained loyalty and conspicuous services to the administration.

ORDER.—Ordered that the above remarks be published in the *Punjab Gazette* and that a copy be forwarded to each of the gentlemen named above and also to each Commissioner of the Division concerned for information and guidance.

By order of the Governor in Council,
C. M. KING,
Financial Commissioner and Secretary to Government, Punjab (Revenue Department).

No. 4272-A.—In continuation of Punjab Government notification No. 4270-A., dated the 21st March 1923, on the application of Mr. Hira Lal Bhargawa, Badri Niwasa, Gurgaon, the Punjab Government is pleased, in exercise of the powers conferred by section 5 (1) of Act VI of 1890, with the concurrence of the said Mr. Hira Lal, Bhargawa, to settle the following scheme for the administration of the property specified in schedule A of Notification No. 4270-A., dated the 21st March 1923, with effect from the date of this notification :—

SCHEME OF ADMINISTRATION.

(1) The Inspector of Schools, Ambala Division, is hereby appointed to administer the said property.

(2) The interest accruing from the said property, after such deductions as are authorised by law, shall be payable by the Treasurer of Charitable Endowments to and upon the demand of the Inspector of Schools, Ambala Division.

(3) The income of the said property will be applied to the provision of one scholarship of the value of Rs. 5 (rupees five only) per mensem awarded annually, to a Bhargawa boy, who is eligible under the conditions mentioned in this scheme. The scholarship shall be called the "Hira Lal Badri Niwasa Scholarship."

CONDITIONS OF ELIGIBILITY.

(1) The scholarship will be competed for by Bhargawa students reading in any recognised school in the Ambala Division and the Delhi Province.

(2) At present there is a joint scholarship examination, when the joint relationship terminates, the Bhargawa boys from the Delhi Province will be eligible for competing at Gurgaon District Centre. The Inspector of Schools, Ambala Division, will invite names.

(3) The scholarship will be made current in any recognised school in the Ambala Division or the Delhi Province and will be awarded to a Bhargawa student who fails to gain any other scholarship by merit.

(4) This scholarship will be coupled with *free kitchen diet*, subject to suitability and satisfactory conduct and progress of the scholar, if the holder of the scholarship from *outside* Gurgaon studies in Gurgaon school. This will be looked to privately by the donor, Pandit Hira Lal.

(5) If no candidates appear in any one year to compete for this scholarship, it may be given to any *poor* Bhargawa Student at the discretion of the Inspector of Schools, Ambala Division.

NOTE.—*If at any time, owing to administrative changes, Gurgaon District is separated from the Punjab, this scholarship will be transferred to its new Province.*

SHIPPING AND NAVIGATION.

The 24th March 1923.

No. 10070.—The following is published for general information:—

Suggestions and answers to any question in the questionnaire should be forwarded without delay to the Secretary, Transferred Departments, Punjab Government. It is particularly requested that all suggestions and answers should be made with reference to particular questions, as numbered in the questionnaire. Questions 59—63 are of special interest to this province as it is believed that a large number of Punjabees are already employed by various shipping companies in the lower ranks on the engineering side.

QUESTIONNAIRE.

DEVELOPMENT OF SHIPPING INDUSTRIES.

1. What is your opinion regarding the present condition of the shipping industry in India?

2. If you consider the situation unsatisfactory, what, in your opinion, are the conditions in India at present which militate against the development of shipping enterprises by the people of this country?

3. Can you suggest any measures to remove or mitigate existing difficulties or disabilities, without having recourse to State aid, and to encourage the people of this country to embark on shipping enterprises?

4. Are you of opinion that State aid is necessary or desirable to promote the satisfactory development of shipping industries by the people of this country?

5. If you consider State aid necessary or desirable, what method or methods do you advocate?

6. Do you advocate any legislative measures for the purpose of the satisfactory development of shipping industries by the people of this country and, if so, what should the legislative measures be?

7. Do you favour the grant of navigation bounties to vessels owned by the people of this country and on the Indian register and trading (*a*) between Indian ports, (*b*) between India and ports abroad, and (*c*) between ports outside India?

8. Would you, in the case of vessels owned by the people of this country and registered in India, restrict the grant of navigation bounties to specified routes and, if so, to what routes, and state your reasons for selecting the particular routes you suggest?

9. Do you advocate any limits as to gross registered tonnage, average speed at sea and age for the aforesaid vessels to be eligible for a navigation bounty and, if so, what limits in each case?

10. If you are in favour of these bounties, what rates and limits of bounty would you advocate for the aforesaid vessels for a bounty based on gross registered tonnage, minimum average speed at sea and minimum distance run over a stated period ?

11. Would you recommend any additional percentage of increased bounty for extra speed over and above the minimum average speed at sea advocated by you and, if so, what percentage on vessels engaged in trading as indicated in question No. 7 (*a*), (*b*) and (*c*) ?

12. Do you advocate that provision should be made for the gradual reduction of the bounty after a specified term of years ? If so, what percentage of reduction would you suggest and after how many years for vessels engaged in trading as indicated in question No. 7 (*a*), (*b*) and (*c*) ?

13. Would you advocate that Navigation bounties should not be paid to vessels built outside of India unless they have been on the Indian register for a specified period of years and, if so, for what period ?

14. Do you advocate that Navigation bounties should cease altogether after a specified period of years in respect of vessels built outside of India, and if so, after what period ?

15. Would you advocate that all vessels receiving a Navigation bounty must take on board a certain number of Indian apprentices for purposes of training ?

16. Would you exclude the employment of (*a*) non-British subjects and (*b*) non-British Indian subjects on vessels receiving a Navigation bounty except when vacancies, which it is impossible to fill, occur at a foreign port ? If you advocate exclusion, would you reserve any power to the Government to make exceptions ?

17. Would you advocate the cessation of Navigation bounties in the case of vessels being sold, chartered or mortgaged to non-Indians ?

18. Under the provisions of the Indian Coasting Trade Act V of 1850, the coasting trade of India is open to all comers. Are you in favour of this policy or do you recommend any reservation of the Indian coasting trade for the development of an Indian Mercantile Marine, and, if so, what ?

19. What, in your opinion, would be the effect of any policy of reservation on the Indian coastal trade ?

20. If you advocate the reservation of the Indian coastal trade, would you impose a condition that such ships should give facilities for training Indian apprentices ?

21. What size and description of vessels, in your opinion, are most likely to be required for an Indian Mercantile Marine ?

DEVELOPMENT OF SHIPBUILDING AND MARINE ENGINE CONSTRUCTION.

22. Do you consider that vessels required for the Indian Mercantile Marine should be built entirely in private shipyards, or do you recommend the establishment or development of Government dockyards for this purpose ?

23. What is your opinion regarding the present condition of the Shipbuilding and Marine Engine construction industry in India ?

24. If you consider the situation unsatisfactory, what, in your opinion, are the conditions in India at present which militate against the development of such industries by the people of this country ?

25. Can you suggest any measures to remove or mitigate existing difficulties, or disabilities, without having recourse to State aid, and to encourage the people of this country to embark on such industries ?

26. Are you of opinion that State aid is necessary or desirable to promote the satisfactory development of those industries by the people of this country ?

27. If you consider State aid necessary or desirable, what method or methods do you advocate ?

28. Do you advocate any legislative measures for the purpose of the satisfactory development of these industries by the people of this country, and, if so, what should the legislative measures be ?

29. Are you in favour of the grant of construction bounties to vessels built in Indian shipyards ?

30. Do you advocate that construction bounties should be confined to vessels built of steel only ? If so, what, in your opinion, should be the minimum gross registered tonnage of vessels built in Indian shipyards, which can be considered eligible for a construction bounty ?

31. If you advocate the grant of construction bounties, what rate per ton of gross registered tonnage do you recommend should be given for the hull alone ?

32. If propelling machinery also is built in India, would you advocate a bounty per actual horse power being paid to the propelling machinery builder ?

33. In the case of vessels which are to receive shipbuilding bounties, do you advocate that no materials made outside of India should be used for the construction of the hull and propelling machinery or would you advocate any exceptions such as —

(i) Stem, stern post, rudder and rudder tiller, rudder post, quadrant, and rudder printles.

(ii) "A" brackets and triple screw shaft bearings.

(iii) All stanchions not less than 7 inch diameter.

(iv) All kinds of springs.

(v) Corrugated and plain or flanged boiler furnaces.

(vi) Rotor (wheel) spindle or shaft and blades for turbine engines.

(vii) Patented articles or articles of new design made abroad.

(viii) Windlasses, cargo winches, steering engines and gear, anchors and chains, wire ropes, hand bilge pumps, fire pumps, cabin ports, electric apparatus, steam and electric pumps, and ash ejectors.

(ix) Steel plates, angles, forgings and castings (iron or steel).

34. If you advocate any exceptions as suggested above, do you recommend the grant of any customs concessions, and, if so, what ?

35. What measures do you suggest to prevent the abuse of these concessions ?

ENCOURAGEMENT OF THE CONSTRUCTION OF WOODEN SHIPS.

36. What is your opinion regarding the present condition of the Wooden Shipbuilding industry in India ?

37. If you consider the situation unsatisfactory, what, in your opinion, are the conditions in India at present which militate against the further development of such industry by the people of this country ?

38. Can you suggest any measures to remove or mitigate existing difficulties or disabilities, without having recourse to State aid, and to encourage the people of this country to further develop such industry ?

39. Are you of opinion that State aid is necessary or desirable to promote the further development of this industry by the people of this country ?

40. If you consider State aid necessary or desirable, what method or methods do you advocate.

41. Do you advocate any legislative measures for the purpose of the further development of this industry by the people of this country and, if so, what should the legislative measure be ?

42. Are you in favour of the grant of construction bounties to wooden ships built in Indian shipyards ?

43. Is any difficulty experienced in effecting the insurance of Indian built wooden ships and, if so, what remedial measures do you recommend ?

OFFICERS FOR THE INDIAN MERCANTILE MARINE.

44. Do you consider that any considerable number of the youths of this country are likely to be desirous of following the sea in the capacity of Officers in the Mercantile Marine ?

45. If so, should Government take any active steps to provide for—

(a) their training,

(b) future employment, and

(c) facilities for further study when qualifying for Board of Trade certificates in the various grades, or would you leave these to private enterprise in India ?

Preliminary training as Cadets.

46. Do you advise that cadets for training should proceed direct to sea as apprentices or should they undergo a preliminary course of instruction in a training ship or training establishment on shore.

47. If you are in favour of preliminary training in a training ship or establishment, do you advise that this should be carried out in India, and, if so, do you recommend that the training ship or establishment should be provided or supported by Government ?

48. If some cadets are also trained in England, do you consider that they should be expected to pay the full fees for such training, or do you advise that Government should assist by establishing a system of scholarships for the purpose? If the latter, please give your views regarding the form which these scholarships should take?

49. If the training ship or establishment should be in India, should there be one or more, and do you recommend that the maintenance charges of such institutions should be met wholly or partially by the levy of fees? If not wholly, by what means do you suggest that the maintenance charges should be met?

50. Do you advocate the establishment of a training ship or nautical college ashore?

Further training as apprentices to the sea.

51. Do you advocate that after undergoing their preliminary training, the boys should serve a period of apprenticeship in steamers of the Mercantile Marine or in a sea-going training ship?

52. If the former, do you consider that shipowners are likely to accept apprentices for training, and if not, do you know what their principal objections are to doing so? Can you suggest any measures to overcome such objections and to encourage shipowners to accept apprentices?

53. If the apprentices are required to pay a premium for their apprenticeship, should Government pay the whole, or any portion of it?

54. If you recommend the provision of a sea-going training ship for apprentices, do you consider that this should be supplied and maintained by Government, or are you of opinion that it could be maintained entirely or partially by premiums and by carrying freight or Government stores?

55. Do you consider that apprentices in a sea-going training ship should be given free food, and any uniform or clothing allowance during apprenticeship?

56. Have you any views as to the curriculum of study during the period of training as a cadet and as an apprentice?

57. Do you consider that any sort of Nautical Academy or Academies should be established for the purpose of enabling Indian Mercantile Marine Officers, who have completed their apprenticeship, to undertake special studies before appearing for their Board of Trade Certificate for Mates and Masters, on the lines that now obtain in the United Kingdom?

58. If so, how many academies do you consider are likely to be required for the purpose and in which ports should they be situated? Could they be made self-supporting by fees or should they be provided and maintained wholly or partially by Government?

ENGINEERS FOR THE INDIAN MERCANTILE MARINE.

59. Do you consider that any considerable number of the youths of this country are likely to be desirous of following the sea in the capacity of Engineers in the Mercantile Marine?

60. If so, should Government take any active steps to provide for —

(a) their training,

(b) future employment, and

(c) facilities for further study when qualifying for Board of Trade Certificates in the various grades or would you leave these to private enterprise in India?

61. Will you please state your views in detail as to the nature of the facilities which should be supplied by Government?

62. Do you consider that the present Engineering and Shipbuilding firms in India can give sufficient practical training to apprentices to enable them to become efficient Marine Engineers?

63. Are there any schools, colleges or institutes in the ports of India where sufficient theoretical knowledge can be obtained by apprentices to enable them to become efficient Marine Engineers, and if so, are the numbers sufficient?

RECRUITMENT OF INDIANS AS EXECUTIVE OFFICERS AND ENGINEERS IN THE ROYAL INDIAN MARINE.

The Commissioned ranks of the Royal Indian Marine, both in the Executive and Engineering branches, are open to Indians provided they have the necessary qualifications. These qualifications are:—

Executive Officers.

Under the rules, as they stand at present, the limits of age for appointment to the junior executive rank of the Royal Indian Marine, *viz.*, Sub-Lieutenant are 17 and 22 years. A Board of Trade Certificate (Second Mate) is not obligatory, but in lieu thereof a candidate must produce evidence

of four years' service at sea, or a course in a training ship with subsequent service at sea amounting to four years in all. Candidates must have had sea service outside the Indian Ocean. Preference is ordinarily given to candidates trained on His Majesty's School Ships "Conway" or "Worcester" or at the Pangbourne Nautical College. If a candidate is without a Board of Trade certificate, he is appointed on probation as a midshipman for 18 months in the first instance, during which period he is required to qualify for promotion to the rank of Sub-Lieutenant. The candidates are selected by a Selection Board appointed by the Secretary of State for India.

The Government of India are now considering proposals for obtaining candidates for the Royal Indian Marine direct from the training ship in future, instead of from the Mercantile Marine Service, and for completing their training in India.

The "Worcester" is at present the only training establishment which is prepared to take youths from this country and that only to a limited extent. They would have to join at the age of fourteen.

The Royal Indian Marine being a small service the average entry in each year is only about four.

64. Do you consider the present arrangement adequate or would you recommend some other scheme, such as the establishment of a training ship in India for the Royal Indian Marine or a combined training ship for the Royal Indian Marine and proposed Indian Mercantile Marine? Please state your views.

Engineer Officers.

The qualifications for these appointments are five years' service as an apprentice in a recognised Engineering firm or Government Dockyards.

At present there are no Engineering firms or Government Dockyards which can give the necessary training in Marine Engineering as no construction work of sufficient size is undertaken.

It will be necessary, therefore, until a ship building industry is instituted in India or the Royal Indian Marine Dockyard is largely developed, that candidates for Commissions in the Engineering Branch of the Royal Indian Marine must be trained in Great Britain.

65. Under these circumstances, do you consider that the Government should give any facilities to enable suitable candidates to serve their apprenticeship?

GENERAL.

Postal Subventions.

It has always been an accepted principle that so far as Maritime Services are concerned, the course of the post should follow as far as possible the course of trade. Consequently to secure the maximum economy in carrying mails, steamer services already in existence have been utilised for the purpose. Subsidies are fixed by negotiation or tender based on the regularity and speed of the services and the number of miles combined with the speed has been the determining factor in fixing the rate.

66. Do you accept the above or have you any other views as to how these mail contracts should be arranged?

67. What other conditions, if any, do you consider it necessary or advisable to introduce in mail contracts in the future and with what object?

68. What considerations, if any, do you wish to urge in order to give all steamship companies in India an equal chance of competing for mail contracts?

Indirect Aid.

69. Do you advocate any methods of indirect aid to promote the establishment of an Indian Mercantile Marine? If so, what are they?

Finance.

70. If you have advocated direct or indirect State Aid or assistance, what method or methods can you suggest for the purpose of raising the funds required? Will you give figures in support of your proposals, including the total sum involved?

For the purpose of questions Nos. 1 to 35 "Vessels" should be deemed to mean "self propelled vessels" unless where otherwise expressly stated.

"Actual horse power" should be deemed to mean "indicated horse power" except in the case of turbine engines. In the latter case it should be "shaft horse power" *plus* 10 per cent.

The words "bounty" and "subsidy" have been used in the questionnaire with a strict regard to the literal meaning of these terms. Thus "bounty" should be understood to mean a free gift of money by the State for the encouragement of the shipping or shipbuilding industry, and "subsidy" a payment made by Government for that performance of a specific ervice such as the conveyance of mails.

APPENDIX A.

SHIPBUILDING AND ENGINEERING.

1. What kind of ships or vessels do you build, wood or steel, or both?

2. What is the largest wood ship you have built?

3. What is the largest steel vessel you have built?

4. Do you build engines?

5. What is the largest engine you have built for a vessel? Give the dimensions and power.

6. Do you build boilers?

7. What are the dimensions and working pressure of the largest boiler you have built?

8. What is the area of your shipyard?

9. How many building berths have you?

10. What lengths of ship or vessel can you build and launch?

11. What number of ships or vessels of the sizes stated by you could you build per year with your present plant if the necessary contracts were secured?

12. What amount of engines and propelling machinery for the number of vessels stated above could you make?

13. If you could not make all or part of the propelling machinery and boilers, could you get it supplied quickly enough to secure the output of vessels *per annum* stated above?

14. The total tonnage of steamers of the Indian Shipping Companies and shipowners in the Ports of India is stated to be about 140,000 tons gross. Assuming that the replacement of this tonnage takes place every twenty years, what proportion of this replacement could your present plant undertake?

15. If you saw a certainty of building sufficient ships or vessels of larger size than you can now build, would you enlarge your present shipyard and plant and to what extent?

16. It has been stated that the Mercantile Marine of Japan was 491,258 tons gross in 1906, and that it increased to 841,931 tons in 1914, showing an average increase of 43,834 tons per annum for the eight years. Suppose that the shipbuilders of India had to construct a mercantile marine at this rate, what amount of tonnage per annum would you be prepared to construct?

17. Where do you recommend the placing of a shipyard or shipyards assuming that measures were taken "for the encouragement of shipbuilding and of the growth of an Indian Mercantile Marine by a system of bounties, or other measures."

18. Can you give the Committee the approximate relative cost of vessels and machinery built in India as compared with other countries?

19. If so, will you state the relative rates paid per hour of the relative trades, and the relative amount of work produced per hour in the various countries including India?

20. Can you give the relative cost in the various countries, of the principal kinds of material that go to make a vessel and her machinery?

21. Will you give the average and maximum number of men you have employed—

(1) before 1914,

(2) between 1914 and end of 1918,

(4) since the beginning of 1919,

giving them under the various headings of staff (in detail), and of their respective trades?

22. Will you furnish statements as to the number and scope of the machines that you have in your works and supply plans of your shipyards, if you have any?

23. If you have any plans of proposed new shipyards in India, will you supply them?

APPENDIX B.

TERMS OF REFERENCE.

To consider what measures can usefully be taken—

(1) for the liberal recruitment of Indians as Deck or Executive Officers and Engineers in the Royal Indian Marine;

(2) for the establishment of a Nautical College in Indian waters for the purpose of training Executive Officers and Engineers of ships ;

(3) for ensuring the entertainment of Indian apprentices for training as such Officers and Engineers in the ships owned by Shipping firms that enjoy any subsidy or other benefits from Government on any account, and for the creation of an adequate number of State scholarships for providing instruction in the Nautical Colleges and training ships in England, pending the formation of a Nautical College in India ;

(4) for the encouragement of shipbuilding and of the growth of an Indian Mercantile Marine by a system of bounties, subsidies and such other measures as have been adopted in Japan ;

(5) for the acquisition of training ships by gift from the Imperial Government or otherwise, and

(6) for the construction of the necessary dockyards and engineering workshops in one or more ports.

MILITARY.

The 3rd April 1923.

No. 11067.—In exercise of the powers conferred by section 3, sub-section (*i*), of the Indian Works of Defence Act, 1903 (VII of 1903), the Governor of the Punjab in Council is hereby pleased to declare that it is necessary to impose restrictions upon the use and enjoyment of the lands in the vicinity of the defences of the North (right bank) abutments of the Railway and Road bridge over the Palkhu Nullah between the Wazirábád and Kathala Railway Stations in the Gujránwála District.

2. That the outer boundaries of the said lands shall be a portion of the circle of 1,000 yards radius terminating in midstream from the centres of each of the blockhouses on north abutment demarcated by boundary pillars Nos 1 to 7 and that the sketch plans of the said lands may be inspected at the office of the Deputy Commissioner.

3. That from and after the date of publication of the public notice mentioned in section 3, sub-section (2), of the said Act the restrictions mentioned in section 7 (*a*) of the said Act shall attach to the lands within the said zones, *viz* :—

(*i*) No variation shall be made in the ground level, and no building, wall, bank or other construction above the ground shall be maintained, erected, added to or altered otherwise than with the written approval of the General Officer Commanding the District and on such conditions as he may prescribe.

(*ii*) No wood, earth, stone, brick, gravel, sand, or other material shall be stacked, stored or otherwise accumulated. Provided that with the written approval of the General Officer Commanding the District and on such conditions as he may prescribe road ballast, Railway material, building stones, manure and agricultural produce, may be exempted from the prohibition. Provided also that any person having control of the land as owner, lessee or occupier shall be bound forthwith to remove such road ballast, railway material, building stone, manure or agricultural produce without compensation on the requisition of the Commanding Officer. Provided further that in the case of the land in possession of the Railway the above restriction shall not be held to prevent the Railway administration from maintaining existing bunds and banks from stacking material for construction of new or repairs to existing bunds or from construction of new bunds and protective works, a plan of each work being deposited with the Commanding Officer for record.

(*iii*) No surveying operations shall be conducted otherwise than by or under the personal supervision of a public servant duly authorised in this behalf in the case of land under the control of the Military Authority by the Commanding Officer, in the case of land in possession of the Railway by the Executive Engineer and in other cases by the Collector with the concurrence of the Commanding Officer, and

(*iv*) Where any building, wall, bank or other construction above the ground has been permitted under clause (*i*) of this sub-section to be maintained, erected, added to or altered repairs shall not, without the written approval of the General Officer Commanding the District be made with materials different in kind from those employed in the original building, wall, bank or other construction :

Provided further that nothing in this notification shall apply to existing buildings, variations of ground level, banks, hedges, trees, etc., entered on the schedule attached to the plans mentioned in paragraph 2 above so long as these remain unaltered as they exist on the date of this notification, special exemption being granted to the Railway Authorities as set forth above.

EDUCATION.

The 9th April 1923.

No. 5125-A.—On application made by the Director of Public Instruction, Punjab, the Inspector of European Schools and the Principal, Lawrence Royal Military School, Sanáwar, for the time being and by Miss Durani Warburton of Kasauli, His Excellency the Governor of the Punjab in Council is pleased, in exercise of the powers conferred by section 5 (2) of the Charitable Endowment Act, 1890, and with the concurrence of Miss Warburton, to substitute the following scheme for that issued in Punjab Government Notification No. 3507-A., dated the 15th March 1921, for administration of the property mentioned in Notification No. 3505-A, dated the 15th March 1921. The revised scheme shall come into operation on the date of this notification :—

Scheme

1. The Director of Public Instruction, Punjab, the Principal, Lawrence Royal Military School, Sanáwar, and a nominee of His Excellency the Governor, Punjab, for the time being, are hereby appointed jointly to administer the said property. The above shall form the Committee of Administrators.

2. The interest accruing from the said property shall after such deductions as are authorised under the rules framed under the Charitable Endowment Act, 1890, be payable by the Treasurer of Charitable Endowments to and upon the demand of the said Committee of Administrators.

3. The income from the property shall be applied by the Committee to the provision of a scholarship or scholarships to be called the John Paul Warburton Scholarships, which shall be tenable until the object of each scholarship is attained, subject to satisfactory progress and conduct, and be of such value as the committee shall determine in respect of each case.

In the case of candidates from the Lawrence Royal Military School, Sanáwar, the Principal of the School shall have the decision as to whether the money shall be spent on one candidate or more. In the case of wards of the Anglo-Indian Childrens' Relief Association the Council of that body shall decide. In both cases provided always that the money be spent on higher education (beyond the High School standard or its equivalent).

4. Any surplus money that may remain after payment of the scholarships shall be applied by the Committee, by investment or otherwise, to the payment of any expenses attendant upon the administration of the scheme or to the advancement of the education of European or Anglo-Indian children in the Punjab.

5. The Committee shall have power to make rules regulating the payment of the scholarship.

6. The decisions of the Committee, with respect to the award of the scholarship, the application of surplus funds and the regulation of the payment of the scholarship shall be final.

CONDITIONS OF ELIGIBILITY.

7. The scholarship is tenable by boys or girls of European or Anglo-Indian descent who are or have been students at the Lawrence Royal Military School, Sanáwar, or who being residents of the Punjab, either are or have been students at any other European High School in the Punjab inspected by the Punjab Educational authorities, *and also are or have been* wards of the Anglo-Indian Childrens' Relief Association.

8. The scholarships shall be awarded by preference by the Committee to the candidates who, possessing qualifications in school which indicate that they are likely to profit by higher education, have made a name for themselves by character in their general school life and on the playing fields.

9. The following rotation shall be observed in awarding the scholarship or scholarships :—

First award to a boy or boys from the Lawrence Royal Military School, Sanáwar.

Second award to a girl or girls from other European High Schools in the Punjab.

Third award to a girl or girls from the Lawrence Royal Military School, Sanáwar.

Fourth award to a boy or boys from other European High Schools in the Punjab.

The fifth and subsequent awards shall be made in the same rotation.

The income for each successive period of three years shall be allotted to one turn in this rotation, the number and the value of the scholarships to which it is to be applied being decided by the Committee.

TENURE.

10. The scholarship shall be held (subject to satisfactory progress), at any University, College or Institution of which the Committee approves in India or elsewhere.

11. The scholar or scholars elected shall satisfy the Committee as to the course of study and the institution at which it is to be followed before the final orders as to payment be passed.

12. The Director of Public Instruction, Punjab, will appoint an officer to act as Honorary Secretary of the John Paul Warburton Scholarship Committee and all correspondence relating to scholarships will be addressed to such officer.

GENERAL.

The 17th April 1923.

No. 12901.—The following report is published for general information:—

Report of the enquiry re. verification of book-debts of persons whose account books were damaged or burnt during the Muharram Disturbances at Multan in 1922.

On the occasion of the Muharram Disturbances in 1922, 31 business men had suffered loss of or damage to their account books, 25 of these persons had their shops in Multán City, and 6 in other places in Multán District, but all the account books were burnt in Multán City, at the shops of the proprietors or at those of their commission agents. The creditors submitted list of their claims, which amounted to Rs 1,89,232. On the 6th November 1922 I was put on special duty for the verification of these claims.

2. I summoned the parties, and asked the debtor in the presence of the creditor whether he admitted the latter's claim. If he admitted the whole, well and good; if he admitted only a part, then the parties were asked to come to a compromise. If this compromise was arrived at or the whole claim admitted then appropriate entries were caused to be made in the books of the creditor, stamped and attested by me.

3. Out of 1,603 debtors, 24 did not belong to Multán District, 4 had gone to Baháwalpur State, and no action was taken against them. Twenty belonged to British territory, and the Deputy Commissioners of the districts in which they were reported to reside were requested to make arrangements for the verification of the claims against them. The replies regarding 14 debtors have been received, out of which 5 have acknowledged and 2 denied their debts; and 7 have not been traced owing to defective addresses. Reminders have been issued to the Deputy Commissioners who have not yet sent the results of the enquiry in their districts.

4. One thousand five hundred and seventy-nine debtors belonged to Multán District. The creditors regarding 73 claims did not appear on the day fixed for the verification of their claims (inspite of personal service) and the investigation of the claims was therefore dismissed in default. Out of the remaining 1,506 debtors, 1,268 have either made new entries or paid their debts in cash, and 51 have denied the claims against them. Forty-two debtors have not attended in spite of having been personally served; and 11 debtors got a date for coming to a compromise, but did not attend the court on the subsequent date. The creditors will be given certificates to this effect. Fifty-seven debtors are untraced, 9 are dead, and 6 have refused to be served. Sixty-two have not been served inspite of all efforts. As a last resort the creditors were given the process to get it served on the debtors through the Lambardars, but even this have failed. In my opinion there is no hope of these persons being served.

5. Out of the claims amounting to Rs. 1,89,232 claims amounting to Rs. 1,44,194 have been admitted, which gives a percentage admission of 76·2. Excluding the claims against the out district debtors, the admitted claims amount to 78·3 per cent. Rs. 1,43,014 having been admitted out of Rs. 1,82,548.

LEGISLATIVE DEPARTMENT.

The 23rd April 1923.

No. 22.—In pursuance of the provisions of sub-section (3) of section 81 of the Government of India Act the following Act of the Local Legislature of the Punjab having been assented to by the Governor on the 13th March, 1923, and by the Governor-General on the 18th April, 1923, is hereby published for general information :—

The Punjab Industrial Loans Act, 1923.

PUNJAB ACT I OF 1923.

An Act to improve the law relating to loans by the Government for industrial purposes.

Preamble.

WHEREAS it is expedient to improve the method of advancing loans by the Government for industrial purposes and of recovering the same from the borrowers, and whereas the previous sanction of the Governor-General has been obtained under sub-section (3) of section 80-A of the Government of India Act, it is hereby enacted as follows :—

Short title, extent and commencement.

1. (*1*) This Act may be called the Punjab Industrial Loans Act, 1923.

(2) It extends to the Punjab.

(3) It shall come into force on such date as the Local Government may by notification appoint in this behalf.

Definitions.

2. In this Act—

(*1*) "Industrial" means relating to and connected with the manufacture of articles by hand, by machinery or by chemical processes.

(2) "Company" means a company as defined in the Indian Companies Act, 1913.

(3) "Prescribed" means prescribed under the rules made under this Act.

Power to grant loans.

3. Subject to such rules as may be made under section 12, loans may be granted under this Act for industrial purposes by such officers as may from time to time be empowered in this behalf by the Local Government.

Application for loan.

4. Application for a loan may be made by an individual, a firm or a company and shall be made on the prescribed form.

Security for repayment.

5. (*1*) When an application for a loan has been accepted, the applicant shall execute a deed in the prescribed form undertaking to apply the money lent to the purpose or purposes for which and generally to fulfil the conditions on which the loan was granted and rendering himself and his property liable for the payment of any penalty imposed under section 11, and for the repayment of the loan together with all interest due thereon, if any, and costs, if any, incurred in making or recovering the loan.

(2) When the application has been made by a firm or company the deed shall be executed by a representative thereof, and the deed shall thereupon be deemed binding on the said firm or company, and the property of the said firm or company shall be liable in the same manner, as if the loan had been granted to an individual.

Loan how repayable.

6. The loan together with all interest due thereon, if any, shall be repayable either in a lump sum or by instalments (in the form of an annuity or otherwise) as the officer granting the loan may direct.

Notice to pay.

7. (*1*) When any loan or instalment or interest thereon falls due and is not paid on or before the due date or when any penalty has been imposed under section 11 or when a loan has been declared immediately repayable under the said section the officer empowered by the Local Government in this behalf may cause to be served on the debtor a notice in the prescribed manner calling upon him to pay the sums due within such time as may be fixed therein.

(2) Such notice shall contain an intimation that in case of default the said officer will issue a declaration in the prescribed form showing the amount of the debt due and the property liable to satisfy the same.

Effect of declaration.

8. (*1*) If within the time so fixed the sums due are not paid the officer empowered under section 7 may issue the declaration as described in sub-section (2) of the same section, such declaration shall be published in the Gazette.

(2) Such declaration shall be conclusive evidence of its contents and shall not be called into question in any court.

Provided that any person, other than the debtor, who claims to have any interest in the property declared liable to satisfy the debt may, within thirty days of the publication of such declaration, make an objection to the officer

issuing the declaration. Such officer shall after taking such evidence as may be necessary accept or reject such objection and modify or confirm his declaration accordingly.

Provided further that within sixty days of the passing of any order under this sub-section the person making the objection may appeal to the Financial Commissioner against such order, and the decision thereon of the Financial Commissioner shall be final.

(3) Such declaration may be presented by the said officer or by such person as he may, either generally or specially, appoint in this behalf in a competent Civil Court in the same manner as a decree of which execution is sought.

Order and execution.

9. When a declaration has been received by a Civil Court under section 8, the Court shall pass an order directing the debtor to pay the amount shewn therein as due, and such order may be executed in the same manner as if it had been a money decree passed by a court in the exercise of its ordinary civil jurisdiction and the property mentioned in such declaration had been attached thereunder.

Power to inspect.

10. Subject to the rules made under section 12 the officer empowered by the Local Government in this behalf may from time to time inspect the premises, books, machinery, stock, stores and all other belongings and things connected with the industrial undertaking or undertakings in respect of which a loan has been granted under this Act in order to satisfy himself that such loan is being applied to the purpose or purposes for which it was granted, or that the conditions on which it was granted are being duly fulfilled and shall have such powers of entry as may be necessary to make such inspection.

Penalty for default in applying the loan.

11. If such officer is, after inspection, not satisfied that the money lent is being applied to the purpose or purposes for which the loan was granted, or that the conditions on which the loan was granted are being duly fulfilled, he may pass an order directing that the borrower shall pay, by way of penalty, a sum not exceeding Rs. 100, and may declare notwithstanding anything contained in the deed executed under section 5 that the loan is immediately repayable.

Provided that the borrower may within sixty days of the receipt of such order appeal against it to the Financial Commissioner and the decision hereon of the Financial Commissioner shall be final.

Power to make rules.

12. The Local Government may, after previous publication by notification, make rules consistent with this Act to provide for the following matters, namely:—

(i) The manner of making application for loans;

(ii) The officers by whom loans may be granted;

(iii) The form of deed to be executed under section 5;

(iv) The nature and amount (not exceeding one-and-a-half times the amount of the loan) of the security to be taken for the due application and repayment of the money lent, together with all interest due thereon, if any, the rate of interest at which and the conditions under which loans may be granted;

Provided that where the security consists wholly or in part of the premises, machinery, stock, stores or other property, present or future, movable or immovable, of the industrial undertaking concerned, then the whole of such property, present and future, movable and immovable, may be made liable for the recovery of the loan and all interest due thereon, if any.

(v) The manner in and the place at which notices under sub-section (1) of section 7 or orders under section 11 may be served on any debtor;

(vi) The form of the declaration to be used under section 8;

(vii) The inspection of the premises, books machinery, stock, stores and all other belongings and things connected with the industrial undertakings in respect of which loans have been granted; and

(viii) All other matters pertaining to the working of this Act.

No. 4463.—The following is published for information in accordance with the provisions of section 42 of the Land Acquisition Act, 1894 :—

This agreement made on the 15th (fifteenth) day of February 1923 between the Secretary of State for India in Council (hereinafter called the Secretary of State) of the one part and the Punjab Coal Company, Limited, Chittidand (who and their successors and assigns are hereinafter called the Company) of the other part.

WHEREAS the Company has made an application to the Punjab Government to acquire under the provisions of the Land Acquisition Act land in the Jhelum District containing by admeasurement two and three-quarter acres or thereabouts situated near Mine No. 1, South of the Company and being part of the *Shamlat* land of the village of Dalwal and bounded and abutted as described in the schedule and delineated in the map* annexed hereto.

*Not printed

AND WHEREAS the Punjab Government on inquiry held under section 40 of the Land Acquisition Act is satisfied that the proposed acquisition is needed for the construction of a work, and that such work is likely to prove useful to the public.

AND WHEREAS the Punjab Government has called upon the Company to enter into an agreement with the Secretary of State regarding the matter laid down in section 41 of the Land Acquisition Act,

NOW THIS AGREEMENT WITNESSETH that in consideration of the premises the Company does hereby agree and covenant with the Secretary of State as follows :—

(1) That the Company shall pay to the Punjab Government or to such person or persons whom the said Government may appoint in this behalf all such sum or sums of money as shall be awarded under the provisions of the Land Acquisition Act as compensation to any person or persons who may be found on inquiry held under the provisions of the said Act to be interested in the land hereinbefore mentioned as required by the Company and also shall defray and pay to the said Government all charges of and incidental to and the cost of the acquisition of the aforesaid land under the provisions of the said Act.

(2) That on transfer by the Secretary of State to the Company of the aforesaid land the Company shall perpetually hold use and enjoy the same for the purposes following and no others that is to say :—The Company shall immediately on being put in proprietary possession of the aforesaid land lay out the said land and construct thereon a Tramway Line for the conveyance of coal from their Mine No. 1, South to the Hill Tramway Line (whence the coal is conveyed to Golpur for loading in wagons for public supply) and such buildings or structures as may be necessary or requisite for the purposes of the said Tramway Line or for the purposes subservient thereto or for the general purposes of the Company but always subject to such laws, rules and conditions as may be in force now or hereafter regulating the establishment and maintenance of installations of the character aforesaid and further that the Company shall construct the said Tramway Line within two years from the date of the possession of the aforesaid land being given to the Company by the Secretary of State or within such further time as may be agreed in writing between the Company and the Punjab Government.

(3) That the Company does hereby acknowledge and recognize the right now and hereafter of the Secretary of State to and in all mines, minerals, coals, earth oils, goldwashings and quarries of every description in or under the land aforesaid and also the right to do all such acts, deeds or things by the Secretary of State as may be necessary or requisite to be done for the purposes of enjoyment thereof.

And the Secretary of State does hereby agree and covenant with the Company that on the payments aforesaid having been made and defrayed by the Company, the Secretary of State shall forthwith in consideration of the repayment of the compensation money and cost of acquisition aforesaid convey and grant to the Company all that land aforesaid free from all incumbrances together with all rights, easements and appurtenances belonging or reputed to belong thereto to have and to hold the same in full proprietary possession unto and to the use of the Company but subject to the conditions hereinbefore mentioned :—

IN WITNESS whereof the parties to this Agreement have hereunto respectively subscribed their names on the dates and at the places hereinafter in each case specified :—

(g) subject to the provisions of any rule prescribing the conditions on which property vested in the committee may be transferred, may lease, sell or otherwise dispose of any property acquired by the committee under clause (f), or any land used by the committee for a public street and no longer required therefor, and in doing so may impose any condition as to the removal of any building existing thereon, as to the description of any new building to be erected thereon, as to the period within which such new building shall be completed, and as to any other matter that it deems fit."

45. After section 170, the following new sections shall be added, namely :—

New sections.

"170-A. (1) No person shall cut down any trees or cut off a branch of any tree, or erect or demolish any building or part of a building, or alter or repair the outside of any building, where such action is of a nature to cause obstruction, danger or annoyance, or risk of obstruction danger or annoyance, to any person using a street, without the previous permission in writing of the committee.

Power to require protection of streets during cutting down of trees, erection or demolition of buildings, etc.

(2) The committee may at any time by notice require that any person doing or proposing to do any of the acts referred to in sub-section (1) shall refrain from beginning or continuing the act unless he puts up, maintains, and provides from sunset to sunrise with sufficient lighting such hoardings or screens as are specified or described in the notice and may further at any time by notice require the removal, within a time to be specified in the notice, of any hoarding or screen erected in anticipation or in pursuance of any of the said acts.

(3) Whoever contravenes the provisions of sub-section (1) or fails to comply with the terms of a notice under sub-section (2) shall be punishable with fine which may extend to fifty rupees and when the contravention or non-compliance is a continuing one with a further fine which may extend to five rupees for every day after the first during which the contravention or non-compliance continues.

170-B. (1) No person shall lay out or make or commence to lay out or make a street without the sanction of the committee ;

Notice to be given and sanction obtained before making a street.

(2) Every person who intends to lay out or make a street shall give notice in writing to the committee of such intention ;

(3) Where a committee has issued an order under clause (b) of section 170-C no notice under sub-section (2) shall be deemed to be valid until the particulars required under such order have been furnished to the satisfaction of the committee.

170-C. The committee may, within one month of the receipt of the notice required by sub-section (2) of section 170-B, issue—

Order of committee on notice being given under section 170-B.

(a) an order directing that for a period therein specified, which shall not be longer than one month from the date of such order, the intended work shall not be proceeded with, or

(b) an order requiring further particulars.

170-D. Within two months after the receipt of the notice required by sub-section (2) of section 170-B the committee may refuse to sanction the proposed street, or may sanction it either absolutely or subject to such written directions as to level, metalling, paving, means of drainage, direction and width as the committee may deem fit to issue, and the person laying out or making such street shall comply with the sanction of the committee in every particular :

Sanction of committee with regard to new street.

Provided that should the committee neglect or omit for two months after the receipt of such notice, or if an order has been issued under clause (b of section 170-C, fail within the period specified in such order, to make and deliver to the person who has given such notice an order of sanction or refusal in respect thereof, it shall be deemed to have sanctioned the proposed street absolutely.

170-E. Every sanction for the laying out or making of a street which shall be given, or be deemed to have been given, by a committee, shall remain in force for one year only from the date of such sanction. Should the laying out or making of the street not have been commenced within the said period of one year, the sanction shall be deemed to have lapsed ; but such lapse shall not bar any subsequent application for fresh sanction under the foregoing provisions of this Act.

Power of sanction.

Explanation : A street shall be deemed to be made or laid out when it is demarcated on the ground by permanent boundary-marks.

170-F. Whoever begins, continues or completes the laying out or making of a street without giving the notice required by section 170-B or in contravention of any written directions made under section 170-D, or of any bye-law or provision of this Act, shall be liable to a fine which may extend to five hundred rupees.

Penalty.

170-G. In any case where the committee considers that any land is being or has been laid out as a street without the notice required by section 170-B having been given or in contravention of any written direction made by the committee under section 170-B, or of any bye-law or provision of this Act, the committee may, by notice in writing, require the owner of the land to alter the street in such manner as it deems necessary and the owner or occupier of any building which is being or has been built on or along the street to alter or demolish such building."

APPENDIX.

Casual Leave.

1. Casual leave may be granted to Government servants for short periods at the discretion of the authority competent to grant leave under Fundamental Rule 66, provided that—

(1) It must in no case exceed at a time 10 days or such longer period as may, by general or speical order be prescribed by the Local Government.

(2) Leave exceeding 4 days is not granted on more than two occasions during the year, unless a third period is allowed in special circumstances by the Local Government.

(3) The Government servant does not leave his district without permission.

Note.—As exceptions to the above rule—

(*a*) Members of the Indian Auxiliary Force who are required by their Commanding Officer to attend an annual camp may, if they can be spared, be granted casual leave up to a fortnight at a time. The Commanding Officer should arrange for this leave with the immediate departmental superior of the Government servant concerned.

(*b*) A Government servant who has been bitten by a rabid animal may be granted one month's casual leave to proceed to the Pasteur Institute at Kasauli for treatment, or when the appointment of a substitute is found necessary one month's extra leave on average pay. Any leave required in excess will be treated as leave on average pay or on medical certificate.

2. Except in cases where previous reference would cause real inconvenience an officer should not, without previous permission, come on casual leave to headquarters, or the place where the Governor is residing, for the purposes of making a representation to the Governor. the prohibition does ... intend to make any such repr... an officer who is on any other kind of leave or who does not

3. Government servants on casual ... they cannot return to their headquarters within ... within the period of their leave is likely to be prevented by ... from visiting any place whence of transport or other similar accidental cause. Heads of Departments ... exemption from this rule in special cases, as for example, where an officer wishes ... their known wife at Bombay, but in all ordinary cases the rule should be observed, especially in the case ... grant officers in charge of districts or sub-divisions.

4. The proposition that a Government servant may leave his district as a matter of course during gazetted holidays is not accepted by Government. Such a practice, if generally adopted, might often result in a district being left without any responsible Government servant at all. During gazetted holidays there is no objection to a Government servant leaving his district with the sanction of his immediate departmental superior, who must undertake the responsibility of granting such sanction.

5. Temporary leave in case of sudden illness may be granted on medical certificate, in anticipation of regular sanction, by the authority empowered to grant casual leave.

6. A Government servant on casual leave is not treated as absent from duty, and his pay and allowances are not intermitted. Casual leave, however, must not be given so as to cause evasion of the rules regarding —

(*i*) date of reckoning allowances ;

(*ii*) charge of office ;

(*iii*) commencement and end of leave ;

(*iv*) return to duty ;

or to so extend the term of other kinds of leave beyond the time admissible by rule.

7. Rule 6 is not to be read as precluding the treatment as casual leave of absence from duty following on leave granted under the rules, so long as such absence is due to reasons involving no evasion of the rules in regard to the matters above specified, as, for instance, when it is necessitated by—

(1) detention in plague camps on the way to rejoin office, or

(2) orders not to attend office in consequence of the presence of infectious disease in the family or household of the person concerned. When, however, absence from duty for reasons of the nature above indicated exceeds the period which may reasonably be treated as casual leave under the discretion of the authority referred to in rule 1, the Government servant may be granted leave with allowances of any kind which may be due to him and thereafter leave without allowances.

Note 1.—These examples are not meant to be in any way exhaustive.

Note 2.—The authority referred to in rule 1, may sanction a substitute for an absentee who is prohibited from attending his duties on account of some infectious disease in his family and whose duties cannot be arranged for without prejudice to his pay ; provided that the absence does not exceed 30 days.

INDUSTRIES.

PRESS *COMMUNIQUÉ.*

RAI BAHADUR SIR GANGA RAM, Kt., C.I.E., M.V.O., of Lahore, who has already given proof of his interest in the education of women, has recently offered to establish in Lahore City an Industrial School for Hindu and Sikh Girls to be managed and maintained by the Punjab Government.

The Punjab Government (Ministry of Agriculture) have gratefully accepted this munificent gift, which, it is hoped, will prove of great benefit, not only in providing for the instruction of pupils in the industries peculiarly suited to women, but in encouraging these industries generally among expert workers.

INDUSTRIES.

The 2nd May 1923.

No. 321—102—5784.—In exercise of the powers conferred by section 3 of the Punjab Fisheries Act, 1914, and with reference to Punjab Government notification No. 321—102-10778, dated the 13th December 1922, the Punjab Government (Ministry of Agriculture) is pleased to make the following rules for the regulation of fishing in the waters specified below :—

WATERS.

The portions of—

(1) the Chenab River and its tributaries such as Nalas Palkhu, Dhan, Sabskot, Gadgor, Lunda, etc., and the Ravi and its tributaries such as Basantar, Aik and Degh, situated in the Siálkot District ;

(2) the Chenab River and its tributaries such as Tawi, Bhimbar and Bhandar, etc., and the Jhelum River and its tributaries such as Jaba, etc., situated in the Gujrát District ;

(3) the Jhelum River and its tributaries such as Kahan Bunha, etc., the Sohan Nala and its tributaries Dharb, the two Ghabirs, etc., and the Choha Saidan Shah Stream, situated in the Jhelum District, excluding the portions of the Jhelum River from 1 mile upstream to ½ mile downstream of the Mangla Head Regulator and from 1¼ miles upstream to ¾ mile downstream of the weir at Rasul Canal Head Works ;

(4) the Chenab River and its tributaries, Palkhu Nala, etc., and the Aik Nala, situated in the Gujránwála District, excluding the portions of the Chenab River from 1 mile upstream to ½ mile downstream of the weir at Marála Head Works and from 1¼ mile upstream to ¾ mile downstream of the weir at Khanki Head Works :—

RULES.

1. No person shall fish in any of the waters specified above, except under a license to be granted by the Deputy Commissioner of the District concerned or by the Warden of Fisheries, Punjab.

2. Licenses shall remain in force from the 1st day of September in each year to 30th day of June in the year following. The months of July and August will be considered a close season during which no fishing shall be allowed.

3. A license shall entitle the holder to fish in any of the above specified waters situated in the district to which the license relates, except during the close time fixed in Rule 2.

Exception.—A license-holder from one district will be entitled to fish on both banks of the river or rivers up to the limits of his district, even though the other bank may lie in another district, *e.g.*, a licensee of the Siálkot District is entitled to fish on both banks of the Chenab River within the limits of the Siálkot District, and similarly a licensee from the Gujrát District is entitled to fish on both banks of the Chenab within the limits of the Gujrát District, though the opposite bank in each case lies in the other district. This concession does not apply where the opposite bank is within an Indian State.

Proviso.—Provided that nothing in these rules shall entitle a license-holder to fish in any water which may hereafter be closed to fishing by a rule notified under section 6 of the Indian Fisheries Act, 1897.

4. It shall be a condition of every license granted under these rules that the license-holder is permitted to fish with the following kinds of gear only :—

(*a*) Nets of all kinds, provided that no net shall have at any portion of it a mesh less than 1½ inch bar measure, *i.e.*, from knot to knot or 6 inches all round.

(*b*) Long Line with hooks,

(*c*) Rod and Line.

(*d*) Spear.

5. License fees shall be as follows :—

(*i*) For all kinds of fishing mentioned in Rule 4 = Rs. 6 per season.

(*ii*) For Rod and Line fishing only ... = Rs. 2 " "

Full fees shall be charged for any broken periods.

6. It shall be a further condition of every license that the licensee shall be bound to report to the Deputy Commissioner, Tahsildar, or any officer of the Fisheries Department any breach of the rules that comes to his notice.

7. The licensee shall not employ or engage any person (other than his own children under the age of 16) to help him with his nets, unless the person so employed is also a license-holder.

8. The licensee shall not be entitled to erect fixed engines (except in the case of stake nets when they are temporarily fixed in water for use in conjunction with drag nets) dams or weirs, or to divert water for catching any fish.

9. All apparatus erected or used for fishing in contravention of these rules may be seized and taken to the nearest Police Station by any person empowered under section 6 of the Act to arrest without warrant for offences under the Act, and all such apparatus may be forfeited on conviction of the offender under section 5 of the Act.

10. The Deputy Commissioner of the District concerned or the Warden of Fisheries, Punjab, may cancel the license of any person convicted of the breach of these rules or under any section of the Indian Fisheries Act, 1897.

No. 321-102-5785.—In exercise of the powers conferred by section 6 of the Punjab Fisheries Act, 1914, the Punjab Government (Ministry of Agriculture) is pleased to empower the following persons to exercise the powers conferred by the section upon Police Officers to arrest without warrant any person committing within their view a breach of any rule made under notification No. 321-102-5784, dated 2nd May 1923 :—

(*a*) if the name and address of the person are unknown to them

(*b*) if such person refuses to give his name and address

(*c*) if there is reason to doubt the accuracy of the name and address as given

and to detain him until his name and address have been correctly ascertained or until he has been brought before a Magistrate :—

All Magistrates, Justices of the Peace, Police Officers, Forest Officers, Officers of the Fisheries Department, Subordinate officials of the Fisheries Department wearing the badge of the Department, and village officers including Field Kanungos, Zaildars, Sufedposhes, Lambardars, Patwaries and village Chaukidars, within their respectives jurisdictions.

The 4th May 1923.

No. 331—56-B-5856.—In accordance with rule 10 of the rules for the grant of mineral prospecting licenses and mining leases published in Resolution No. 7552-7581—121, dated the 15th September 1913, of the Government of India in the Department of Commerce and Industry, it is hereby notified that the Punjab Coal Syndicate (Messrs. An Act to repeal the Punjab Loans Limitation Act, 1904.

Preamble.

WHEREAS it is expedient to repeal the Punjab Loans Limitation Act, 1904, it is hereby enacted as follows :—

Short title, extent and commencement.

1. (*1*) This Act may be called the Repealing (Punjab Loans Limitation) Act, 1923.

(*2*) It extends to the Punjab.

(*3*) It shall come into force on such date as the Local Government may, by notification, appoint in this behalf.

2. The Punjab Loans Limitation Act, 1904, is hereby repealed.

Revival of the Indian Limitation Act, 1908.

3. Save as provided under sections 4 and 5 from the date of the commencement of this Act, any suit falling under the description of suits given in the Schedule to the Punjab Loans Limitation Act, 1904, shall be governed in so far as the point of Limitation is concerned by the provisions of the Indian Limitation Act, 1908, and the provisions of the Indian Limitation Act, 1908, shall apply accordingly.

Saving of limitation as regards pending suits.

4. Notwithstanding anything herein contained, no suit, appeal or other proceeding pending in any court at the date of the commencement of this Act shall be dismissed on the ground that it is barred by limitation, provided that it would not have been so dismissed if the Punjab Loans Limitation Act, 1904, had been in force.

Saving of limitation as regards existing causes of action.

5. No suit instituted within two years of the date of the passing of this Act, which would not have been barred by limitation if the Punjab Loans Limitation Act, 1904, had been in force shall be held to be barred by limitation by reason of this Act only.

(Estabts.), dated 8th November 1921, it was announced that any officer of an All-India Service retiring on proportionate pension under the terms of that Resolution would be granted a gratuity equal to the actual cost of first class fares and passages from his last place of employment in India to his new home for the officer himself and for his wife and children, if in India, provided that he actually proceeds to some other part of the British Empire. No officer, however, is entitled to receive any gratuity if he is entitled to the maximum pension specified for his service. The gratuity is payable under the orders of the Local Government under whom the officer is serving, when he actually retires or proceeds on leave preparatory to retirement and after the Secretary of State has approved of his admission in due course to the benefits of the above-quoted Resolution.

2. Orders have since been issued by the Government of India that the amount of the passage gratuity payable under the Resolution to officers last employed in India is to be calculated as follows :—

First class railway or steamer fares to Bombay *plus* first class passages at the Peninsular and Oriental Steam Navigation Company's B rates.

No. 17141.—The following rules which have been made by the Governor in Council with the assent of the Governor-General in Council under the provisions of section 60 (*j*) of the Prisons Act, 1894, are hereby published for general information.

They will come into force with effect from the 1st March 1923 :—

RULES.

1. The following persons shall be liable to be classified as "habitual criminals," namely :—

(*i*) any person convicted of an offence punishable under Chapters XII, XVII and XVIII of the Indian Penal Code, whose previous conviction or convictions, taken in conjunction with the facts of the present case, show that he is by habit a robber, housebreaker, dacoit, thief or receiver of stolen property or that he habitually commits extortion, cheating, counterfeiting coin, currency notes or stamps, or forgery ;

(*ii*) any person convicted of an offence punishable under Chapter XVI of the Indian Penal Code, whose previous conviction or convictions, taken in conjunction with the facts of the present case, show that he habitually commits offences against the person ;

(*iii*) any person committed to or detained in prison under section 123 (read with section 109 or 110) of the Code of Criminal Procedure ;

(*iv*) any person convicted of any of the offences specified in (*i*) above when it appears from the facts of the case, even although no previous conviction has been proved, that he is by habit a member of a gang of dacoits, or of thieves or a dealer in slaves or in stolen property.

(*v*) A registered member of a criminal tribe who is convicted of any of the offences specified in rule 28 of of the rules under the Criminal Tribes Act, *viz* :—

(*a*) section 109 or 110 of Criminal Procedure Code,

(*b*) non-bailable offences described in Chapters XII and XVII of Indian Penal Code, and

(*c*) offences under the Criminal Tribes Act, 1911, unless the Convicting Magistrate otherwise directs ;

(*vi*) any person convicted of an offence and sentenced to imprisonment under the corresponding sections of the Indian Penal Code and the Code of Criminal Procedure as applied by order under the Indian (Foreign Jurisdiction) Order in Council, 1902, or by the authority of any Prince or State in India ;

(*vii*) any person convicted by a court or tribunal acting outside India under the general or special authority of His Majesty of an offence which would have rendered him liable to be classified as a habitual criminal if he had been convicted in a court established in British India.

Explanation.—For the purposes of this definition the word "conviction" shall include an order made under section 118, read with section 10 of the Criminal Procedure Code.

NOTE I.—The classification of a convicted person as a habitual criminal should ordinarily be made by the convicting court, but if the convicting court omits to do so, such classification may be made by the District Magistrate, or, in the absence of an order by the convicting court or District Magistrate and pending result of a reference to the District Magistrate, by the officer in charge of the jail where such convicted person is confined:

Provided that any person classed as a habitual criminal may apply for a revision of the order.

NOTE II.—The convicting court or the District Magistrate may, for reasons to be recorded in writing, direct that any convicted person or any person committed to or detained in prison, under section 123, read with section 109 or section 110 of the Code of Criminal Procedure, shall not be classed as a habitual criminal and may revise such direction.

NOTE III.—Convicting courts or District Magistrates as the case may be may revise their own classifications, and the District Magistrate may alter any classification of a prisoner made by a convicting court or any other authority provided that the alteration is made on the basis of facts which were not before such court or authority.

NOTE IV.—The expression "District Magistrate" wherever it occurs in notes I, II and III above mean the District Magistrate of the District in which the criminal was convicted, committed or detained. The expression includes a Presidency Magistrate.

NOTE V.—Every habitual criminal shall as far as possible be confined in a special jail in which no prisoner other than habitual criminals shall be kept :

Provided that the Inspector-General of Prisons may transfer to this special jail any prisoner, not being a habitual criminal, whom, for reasons to be recorded in writing, he believes to be of so vicious or depraved a character and to exercise or to be likely to exercise so evil an influence on his fellow prisoners that he ought not to be confined with other non-habitual prisoners, but a prisoner so transferred shall not otherwise be subject to the special rules affecting habitual criminals.

SCARCITY.

The 31st May 1923.

No. 7000.—On application under section 6 (*1*) (*a*) of the Charitable Endowments Act, 1890, by the administrator of the property scheduled in Punjab Government notification No. 12526, dated the 21st April 1920, the Governor in Council proposes, under section 5 (2) of the said Act, with the concurrence of Mr H. E. Jacomb of Northwick Hall, Worcester, to modify the scheme set out in Punjab Government notification No. 12527, dated the 21st April 1920, for the administration of the said property.

A draft of the scheme as modified is hereby published for information under rule 2 of the rules framed by the Government of India under section 13 of the Charitable Endowments Act, and will be taken into consideration on or before the 31st of July 1923, together with any objections or suggestions received in respect of it before that date :—

DRAFT.

1. The Commissioner of the Ambála Divison is hereby appointed to administer the property applied in trust under Punjab Government notification No. 12526, dated the 21st April 1920.

2. The interest accruing from the said property shall, after such deductions as are authorized under the rules framed under the Act, be payable by the Treasurer of Charitable Endowments to and upon the demand of the administrator.

3. The income from the said property shall be applied to the maintenance of a fund to be called the "Jacomb Scarcity Fund", and all income from the property shall as it accrues be placed to the credit of this fund for expenditure on any occasion when famine or scarcity occurs. Should the accrued income in hand at any time exceed the sum of Rs. 2,000, Rs. 1,000 thereof or less according to the discretion of the administrator may be made over to the Treasurer of Charitable Endowments to be added to property vested in him.

4. The occurrence of a state of famine or scarcity shall be declared by the Deputy Commissioner of Gurgaon, and until such declaration is made no expenditure shall be made from the fund.

5. On the declaration of a state of famine or scarcity expenditure may be made from the fund on a cheap grain shop, to be opened at Gurgaon in the Jacombpura Bazar where grain will be sold—

(*a*) to all persons at such rate as may be fixed by the administrator of the fund not being more than 2 seers in a rupee below the market rate ; and

(*b*) to the very destitute at a still cheaper rate or even free, as the administrator may decide.

NOTE.—The amount of grain disposed of under (*b*) shall not exceed ¼ of the amount disposed of under (*a*).

6. Notwithstanding anything contained in paragraph 4 of this scheme with the concurrence of the administrator and on the resolution of the District Board of Gurgaon the fund may also be expended—

(*a*) on the cleaning out of tanks in villages in the Gurgaon District certified by the Deputy Commissioner as impoverished, and

(*b*) on the relief of distress caused by the complete or partial destruction of villages in the said District by drought or fire.

7. The administrator shall make such arrangements as may be desirable for the maintenance of an account of all expenditure from the Fund.

No. 281-G.-S.—In exercise of the powers conferred by rule 44 and clause (*e*) of rule 45 of the Fundamental Rules and after consultation with the Finance Department, the Punjab Government (Ministry of Agriculture) is pleased to issue the following orders regulating the principles on which it will be prepared (*a*) to waive the amount of rent to be recovered for accommodation provided for visitors and police guards in Government buildings occupied as residences by certain classes of Government servants in the Punjab, or (*b*) to grant allowances for accommodation similarly provided in privately owned buildings occupied by such Government servants.

2. These orders will supersede the orders contained in Punjab Government, Finance Department, notification No. 24385, dated the 5th October 1922, paragraph 137 of the Punjab Treasury Manual, and, so far as it applies to the Punjab, paragraph 325, rule 1 (*f*) (as amended) of Public Works Department Code, 10th edition :—

ORDERS.

1. In leasing, acquiring or constructing an official residence for any one of the officers mentioned in column 1 of the attached statement the local Government will arrange to provide accommodation for visitors in the shape of a waiting room, and, for a Commissioner or Deputy Commissioner, quarters for a police guard. The accommodation so provided *plus* half the room set apart for the reception of visitors will not be taken into account in calculating the standard rent fixed for such residence under rule 45 (*b*) of the Fundamental Rules.

2. Superintending and Executive Engineers should see that a waiting room for visitors and quarters for a police guard are invariably included in the preliminary projects for residences for the above mentioned officers submitted by them for administrative approval.

3. As regards privately owned buildings hired directly by the officers mentioned in column 1 of the statement in order for use as residences, the local Government is prepared to grant the following concessions in the form of a house rent allowance when suitable accommodation (other than a mere open verandah) for visitors or (for Commissioner or Deputy Commissioner) for a police guard, as the case may be, is set aside to the satisfaction of the authority mentioned in column 2 of the statement :—

(i) The rent of the waiting room and half the rent of the room in which visitors are received and the rent of the quarters for the police guard will be borne by Government.

(ii) The portion of the rent which is thus to be borne by Government on account of the waiting and reception rooms and quarters for the police guard will be assessed by the Executive Engineer concerned on the value of the accommodation in question. Its amount will bear the same proportion to the rent of the premises occupied as the space occupied by the accommodation provided bears to the total plinth area of the building.

(iii) The portion payable for the waiting and reception rooms will be paid by the Executive Engineer to the landlord. He will also arrange with the Police Department for the portion payable for the quarters for the police guard being paid by that Department as a police contingent charge direct to the officer occupying the building :—

Statement.

For rule 22 the following shall be substituted :—

" The costs of and incidental to the audit and the examination of the Official Trustee's Accounts by the auditors shall be recovered from the trusts already vested in him, in the following manner :—

(*a*) There shall be charged or debited to each account opened in the books of the Official Trustee an audit fee calculated ordinarily at the rate of annas 4 per cent. on all monthly or half-yearly realisations, whether by way of corpus or income, or at any other rate that may be found necessary by the Local Government up to a maximum of annas 8 per cent. on such realisations as aforesaid : Provided that the Government of the Punjab may, after considering the report of the auditors, enhance or reduce the percentage on particular trusts in exceptional cases in which the audit has presented features of unusual simplicity or difficulty. But in no such cases should the enhancement exceed annas 8 per cent. In every such case any additional fee so payable shall be debited exclusively to the trust concerned : Provided also that where in any trust the realisations do not exceed Rs. 500 per half year by way of corpus, there shall be no audit charge debitable to such trust or account.

(*b*) The amount so recovered as audit fee shall from time to time be credited to an account to be styled and called 'The Audit Fee Account' and the sum standing at credit of this account shall be paid in full, and without any deduction to the credit of the Government of the Punjab."

AGRICULTURE.

Proceedings of the Punjab Government (Ministry of Agriculture), No. 6698, dated 23rd May 1923.

RESOLUTION.—In the Autumn of 1921 the Punjab Legislative Council appointed a Committee to consider what special measures should be taken to increase and improve milch cattle in the Province. The Committee was composed of the following members:—

1. Raja Narendra Nath, M.L.C.,—*President.*
2. Mr. Townsend, M.L.C., Director of Agriculture, Punjab.
3. K. B. Chaudhri Fazal Ali, M.L.C., M.B.E., Gujrat.
4. S. Dosandha Singh, M.L.C., Ludhiana.

5. Mr. K. L. Ralia Ram, M.L.C., Principal, Rang Mahal School, Lahore.

6. Chaudhri Bans Gopal, M.L.C., Pleader, Karnal.

7. K. B. Syed Mehdi Shah, M.L.C., O.B.E., Gojra, District Lyallpur.

8. L. Brij Narain, Professor, Sanatan Dharm College, Lahore.

9. T. F. Quirke, Esq., C. V. D., Chief Superintendent, Civil Veterinary Department, Punjab.

2. The following list of subjects was drawn up for consideration by the Committee :—

BREEDING.

(1) To review the measures which have already been taken by the Civil Veterinary Department towards improving the indigenous milking breeds of the Province.

(2) Admitted that the quickest way to improve the milk yield of Indian cattle is by cross-breeding with imported bulls of a renowned milking strain, *e.g.*, Ayrshire. How far does this Committee consider it advisable to support this system in view of the very great susceptibility of cross-bred cattle to disease in India and the large number of misfits which will be produced as the result of this system.

(3) To consider what steps should be taken by municipalities to improve the supply of milk and ghee.

(4) To consider the possibilities of inducing pious Hindus and others to let loose Brahmani bulls of a superior type for breeding purposes.

(5) To consider what steps should be taken to improve the present management of Gowshalas.

(6) To consider the scheme of bull-keeping grants in the Sheikhupura District for the encouragement of cattle-breeding.

(7) To consider the Hariana Cattle-breeding Scheme.

PROTECTION FROM DISEASE.

(8) To consider the possibilities of making certain contagious diseases of cattle, *e.g.*, Rinderpest and Hæmorrhagic Septicæmia, notifiable.

(9) To consider the possibilities of introducing legislation for dealing efficiently with actual outbreaks of contagious disease amongst cattle.

(10) To consider how the present system of reporting contagious disease through patwaris can be improved on.

FODDER.

(11) As the encouragement of cattle-breeding largely depends on the possibilities of securing a cheap and abundant fodder supply, to consider what steps should be taken to encourage the growing of fodder crops.

(12) To consider what steps are necessary to encourage the more general use of concentrated feeding stuffs for the feeding of milch cattle.

(13) To consider how the Forest Department can assist in the maintenance of grazing areas and the supply of grass in time of famine.

EXPORTS AND IMPORTS.

(14) To consider what restrictions, if any, should be placed on the export of milch cattle and buffaloes from the Punjab—

(*a*) to other provinces by road and by rail, and

(*b*) to outside countries.

3. The Committee then proceeded to deal *seriatim* with the 14 points enumerated in the preceding paragraph. With regard to the first point—namely, the review of the measures already taken by the Civil Veterinary

Department to improve indigenous breeds of milch cattle—the Committee arrived at a unanimous decision approving of the measures already taken. In addition they considered that pastures should be opened by Government in the large towns and other places where land may be available and where grazing should be allowed on payment of tirni. Bulls of suitable milk-giving capacity should be let loose in these pastures. In addition, the Committee were of opinion that cattle farms on the lines of a miniature Hissar Cattle Farm should be opened by Government in the new Lower Bari Doab Canal or in connection with the Sutlej Valley Project. At the same time it was considered advisable that the number of Veterinary Hospitals in the Province should be increased and subscriptions asked for from zemindars to equip and maintain them.

4. With regard to the second of the 14 points, Mr. Quirke explained in detail how particularly liable to disease cross-bred catte in India were, and the Committee were of opinion that the experiment of importing Ayrshire and similar bulls from Europe to cross with country cows would be dangerous and uncertain as it has not yet been tried on a large extent in India, and where it has been tried, it requires considerable care and involves grave responsibility. It was decided that the matter should be left to the discretion of the Civil Veterinary Department.

5. With regard to the third point—steps taken by municipal committees to improve the supply of milk and ghee—Mr. Townsend explained that the attention of municipal committees had more than once been drawn to the necessity of buying superior bulls, but the effect had not been considerable. It was mentioned that the best milk obtainable in Lahore contains 10 per cent. of water. It was resolved that the attention of municipalities should be invited towards the common adulteration of milk and ghee, and the necessity of making bye-laws in this respect, and enforcing them.

6. With regard to points 4 and 5, *viz.*, the letting loose of Brahmani bulls for breeding purposes and the management of Gowshalas the Committee recorded no definite recommendations.

7. With reference to point No. 6—the scheme of bull-keeping grants in the Sheikhupura District—the Committee were of the opinion that the system of grants for the improvement of cattle-breeding should be stopped: the system of pastures recommended in paragraph 3 of this Resolution should be introduced in the Sheikhupura District instead of the bull-keeping grants introduced in 1906, and since discontinued.

8. With regard to item No. 7, *viz.*, the Hariana Cattle-breeding Scheme the scheme was unanimously approved. It was mentioned that Government had been asked to make a grant of Rs. 5,000 each to the District Boards of Rohtak and Gurgaon in connection with the improvement of the Hariana breed.

9. The Committee were not in favour of making Rinderpest or Hæmorrhagic Septicæmia notifiable: nor did they see their way to recommend the introduction of legislation for dealing efficiently with actual outbreaks of contagious disease amongst cattle.

10. With regard to the tenth of the 14 points—the improvement of the present system of reporting contagious disease through patwaris—it was observed that rewards of Rs. 20 in each individual case have been sanctioned for patwaris particularly prompt in reporting the outbreak of disease. The Committee expressed a wish that any laches on the part of patwaris in this matter should be taken notice of, at the same departmental supervision in this matter should be increased.

11. With reference to items 11 and 12—fodder supply and use of concentrated feeding stuffs—the Committee resolved—

(*a*) that the railways should be asked to lower the freight on the carriage by rail of fodder and concentrated fodder crops. By

so doing it was expected that the amount of fodder carried by rail would increase and thus little eventual loss of revenue would accrue to the railway, and

(b) that municipal committees should be asked to abolish octroi on oil-cakes and cotton seed.

12. The Committee next considered the thirteenth item on the list, *viz.*, how the Forest Department can assist in the maintenance of grazing areas and the supply of grass in time of famine. After a full discussion at which the Chief Conservator of Forests was present, the Committee resolved that the Forest Department should be asked to consider what forests in or near the plains can be devoted, more than is at present the case, to the growth of grass instead of trees. The instance of the Pabbi Hills in the Gujrat District was quoted.

The Chief Conservator stated that he would consider the suggestion sympathetically.

The Committee further expressed the view that in the case of forests partially closed, only goats and camels should be excluded altogether, other animals so far as possible should not be excluded.

13. As regards item 14—the prohibition or restriction on the export of cattle—it was observed that at present the export is very small. It was generally agreed that all restrictions on export were undesirable. It is in the best interests of zemindars that no restrictions whatever should be placed on export.

14. The Committee further considered certain points which had been raised in the Council debate and during the course of their discussions. It was resolved—

(a) that the necessity for increasing the supply of Hissar bulls to districts should be impressed upon district boards and on Government;

(b) that the use of indigenous drugs should be encouraged as far as possible at Veterinary Hospitals;

(c) that the attention of the Registrar, Co-operative Societies, should be drawn to the desirability of encouraging Co-operative Societies for the purpose of opening dairies and farms;

(d) that attention of district boards should be invited to the desirability of giving prizes to cows which yield good milk.

15. The attention of Heads of Departments is being drawn to the various portions of this resolution with which they are separately concerned, with a view to their assisting towards the attainment of the objects on which the Committee have laid stress, at the minimum outlay which may be possible in view of the present financial stringency.

HOME DEPARTMENT.

LEGISLATIVE.

The 6th July 1923.

No. 18504.—His Excellency the Governor of the Punjab is pleased to accept the resignation of Mr. J. G. Beazley, I.C.S., of his seat in the Punjab Legislative Council.

No. 18505.—Under the provisions of Rule 24 (2) of the Punjab Electoral Rules, His Excellency the Governor of the Punjab is pleased to appoint Mr. E. A. Scott, O.B.E., being an official, as a member of the Punjab Legislative Council in the vacancy caused by the resignation of Mr. Beazley.

The 11th July 1923.

No. 18768.—In continuation of Punjab Government notification No. 6574, dated the 26th February 1923, the following statement showing the action taken by Government on further resolutions passed by the Council is published for general information :—

Serial No.	Terms of resolution passed.	Volume No. and page of the Punjab Legislative Council debates.	Action taken.
1	That this Council recommends to the Government to attempt an experiment on a unit of area of not less than one 'Rajbaha' of the amalgamation of the Canal and Revenue Patwari agencies and Zilladars with Naib-Tahsildars and Deputy Collectors with Tahsildars and Extra Assistant Commissioners according to the permanent salary which they would be drawing at the time; and place them all under the direct control of the Collectors.	Volume IV, No. 8, page 845.	Arrangements are being made for amalgamation on the lines suggested in the resolution on the Western Jumna Canal. Preliminary discussion has taken place between *Canal* and *Revenue* authorities and it is hoped that the staffs will be amalgamated by 1st January 1924.
2	That this Council recommends to the Government to keep all political prisoners in such jail or jails situate in healthy and temperate climate as it may set aside exclusively for this purpose, no ordinary culprits being detailed in such jail or jails.	Volume IV, No. 8, page 878.	Prisoners of the special class are segregated as far as possible in two District Jails. Owing to the crowded state of the jails it has found impossible so far to go beyond this in the direction recommended.
3	That this Council recommends to the Government that all persons arrested in connection with Guru-ka-Bagh affair, the Kirpan cases and Gurdwara movement be immediately released.	Volume IV, No. 10, pages 1124.	As explained in the course of the debate, Government were not able to accept this resolution as it stood. The remainder of the Guru-ka-Bagh prisoners, were, however, released about the end of April 1923, in circumstances that have already been made public.
4	That this Council requests His Excellency the Governor of the Punjab to convey that Council's respectful congratulations to His Most Gracious Majesty the King Emperor of India on the birth of a grandson, Princess Mary's son.	Volume IV, No. 14, page 1355.	The message was conveyed to His Majesty the King through proper channel.
5	That this Council do recommend to the Local Government that it should undertake to pay the cost, not exceeding Rs. 23 lakhs of a diversion of the Sutlej Valley Railway line between the stations of Pákpattan and Mailsi required in the interests of the development of Nili Bar colony.	Volume IV, No. 16, pages 1506.	The Government of India have been addressed by the Public Works Department in this connection and correspondence continues.

Serial No.	Terms of resolution passed.	Volume No. and page of the Punjab Legislative Council debates.	Action taken.
6	That this Council recommends to Government that the number of 'Muharram' holidays be increased from 3 to 5 days, *i.e.*, from the 6th to the 10th of 'Muharram' both inclusive.	Volume IV, No. 17, pages 1549.	The question is still under the consideration of Government.
7	That this Council recommends to the Government to appoint a Committee of official experts with a majority of non-official members of the Legislative Council under the presidency of the Hon'ble Minister for Agriculture, Punjab, to examine how far overlapping exists amongst the departments of Public Works Department, Roads and Buildings, Irrigation and District Boards, and how far the recommendations of the Sly Committee report, appointed by the Government of India for the same purpose can be given effect to in this province.	Volume IV, No. 17, page 1553.	The appointment of a Committee is still under the consideration of Ministry of Agriculture.

H. D. CRAIK,

Chief Secretary to Government, Punjab.

FINANCE DEPARTMENT.

GENERAL.

The 31st July 1923.

No. 19830.—The following rules framed by the Finance Department of the Government of the Punjab under rule 37 (*e*) of the Devolution Rules are issued for the guidance of all concerned :—

RULES RELATING TO EXPENDITURE IN THE BUILDINGS AND ROADS BRANCH OF THE PUBLIC WORKS DEPARTMENT (MINISTRY OF AGRICULTURE) IN CONNECTION WITH THE RESIDENCES OF HIS EXCELLENCY THE GOVERNOR OF THE PUNJAB.

1. There are two residences of His Excellency the Governor of the Punjab :—

(*a*) Government House at Lahore.

(*b*) Barnes Court at Simla.

2. The expenditure on original works as defined in paragraph 175 of the Public Works Department Code pertaining to Buildings and Electricity Water Supply and Sanitary Installations connected with these residences must not (without the previous sanction of the Secretary of State) exceed during any year the prescribed maximum limit of Rs. 50,000 or such lower limit as may have been passed therefor either by the vote of the Legislative Council or by an order of appropriation issued by competent authority. This limit of Rs. 50,000 will be exclusive of the expenditure on Establishment and Tools and Plant, but inclusive of the Rs. 5,000 reserved for emergent works,—*vide* rule 4. In cases of doubt the Governor-General in Council shall decide whether a charge falls under the head "Original Works" or not.

3. The expenditure on "ordinary" as well as "special" repairs must not exceed the appropriation sanctioned therefor.

4. All proposals relating to expenditure on Original Works should along with the report on the proposed estimates be forwarded by the Secretary to Government, Punjab, Public Works Department, Buildings and Roads Branch, and those relating to the ordinary and special repairs by the Superintending Engineer concerned to the audit office for preaudit as required by Government of India, Home Department, Circular letter No. 1734-Public, dated 1st July 1921, and no expenditure should be incurred until the sanction thereto has been accepted by the Accountant-General, except in case of works of an emergent nature to the extent of Rs. 5,000 per annum, administrative approval to which may be granted with preaudit.

This Rs. 5,000 may by withdrawn from the Reserve for which it is held at any time to be dealt with under preaudit thereby raising the maximum limit available for ordinary expenditure from Rs. 45,000 to Rs. 50,000.

5. Disbursements will be made by the following officers :—

(*i*) The Executive Engineer, 1st Lahore Provincial Division, at Lahore, working under the orders of the Superintending Engineer, 3rd Circle.

(*ii*) The Executive Engineer, Simla Provincial Division, at Simla, working under the orders of the Superintending Engineer, 2nd Circle.

(*iii*) The Electrical Engineer to the Punjab Government, at Lahore, working under the orders of the Chief Engineer.

(*iv*) The Executive Engineer, Sanitary Division, working under the orders of the Sanitary Engineer, Punjab.

6. The Secretary to the Government, Punjab, in the Buildings and Roads Branch, will be the co-ordinating authority in regard to all expenditure on original works and will be responsible to the Audit Department for keeping the aggregate expenditure within the limit mentioned in rule 2 above. The Audit Department will be responsible that administrative approval to the execution of works is not admitted in excess of the permissible limits.

7. The rules regarding the lapse of estimates will be the same as the ordinary ones contained in paragraph 263, Public Works Department Code. Care should therefore be taken in so regulating expenditure and sanctions as not to exceed the annual permissible outlay of Rs. 50,000.

8. The excesses over or savings in the limit of Rs. 50,000 per annum should not be carried on to the next year.

9. The administrative approval to each work will be accorded by the Secretary, Public Works Department, representing the Governor in Council, and such administrative approval will be preaudited.

10. The first charge against the grant for the year for original works will be the unexpended balance on 31st March of all uncompleted works of previous years. Provision for this charge should at once be made at the commencement of the year, and any subsequent changes in the figures thus taken, which may be necessitated by adjustment or correction in the supplementary account of the year, might be effected later on.

11. No authority giving the technical sanction to a detailed estimate should permit an excess over the amount of the administrative approval, either in the first instance when sanctioning the detailed estimate or subsequently when sanctioning revised estimates or passing an excess. Whenever excess is anticipated on any work, a report should at once be made to the Secretary, Public Works Department, Buildings and Roads Branch, who should refer the matter to the audit office for the preaudit of sanction to the excess in question. No disbursing officers should incur even the ordinary permissible excess (*vide* paragraph 464 (*b*) of the Public Works Department Code, 10th edition) over the amount of a technical sanction.

12. A completion report should be prepared in respect of each original work as soon as it is completed, and it should be transmitted through the Accountant-General for record in the office of the Secretary, Public Works Department, Buildings and Roads Branch.

13. All disbursing officers should give the earliest intimation to the Secretary, Public Works Department, Buildings and Roads Branch, of all anticipated savings, if they are in a position to surrender them definitely, so that, if necessary they may be utilised on other works. If the amount of the sanctioned detailed estimate is less than that of the administrative approval for the work the saving should at once be reported to the Secretary, Public Works Department, Buildings and Roads Branch, by the officers sanctioning the detailed estimates.

14. A collective record of the progressive expenditure on all original works will be supplied by the audit office to the Buildings and Roads Branch quarterly for the first half of the official year and bi-monthly for the second half, on 1st August, 1st November, 1st January, 1st March and 1st May.

REVENUE.

The 12th July 1923.

No. 161-3-B.-00-1-8678.—In supersession of Punjab Government notification No. 273, dated the 20th November 1909, and in accordance with the powers conferred upon him by section 38, clause (1), of the Punjab Land Revenue Act (XVII of 1887), His Excellency the Governor of the Punjab in Council is pleased to direct that, with effect from 1st October 1923, the following scale of fees shall be levied for every entry relating to the acquisition of any right in an estate made in a mutation register under sub-section (3) of section 34 or under section 35 (*b*) of the said Act, namely, —

(*a*) when the entry relates to the acquisition of a right or interest transferred by a registered deed or by a decree or order of a court or by an order of a revenue

officer making or affirming a partition under chapter IX of the Land Revenue Act, or directing the incorporation in the record of a private partition, a fee of 8 annas shall be charged on each proprietary holding: provided that when the land revenue does not exceed Rs. 5 the fee shall be 4 annas only ;

(*b*) in other cases when the entry relates to the acquisition of a right or interest by inheritance the fee shall be reckoned at the rate of Rs. 3-2-0 per cent. on the revenue assessed, provided that when the revenue does not exceed Rs. 5 the fee shall be 10 annas and when the revenue exceeds Rs. 5 but does not exceed Rs. 32 the fee shall be Re. 1 : provided also that in these cases not more than one fee shall be charged on the acquisition in one and the same village of a right or interest in one and the same capacity, although entries may have been made in more than one proprietary holding ; and

(*c*) when the entry relates to the acquisition of a right or interest otherwise than by inheritance, the fee shall be Rs. 9-6-0 per cent. on the revenue assessed on each proprietary holding, provided that when the revenue of any proprietary holding does not exceed Rs. 5 the fee on that holding, shall be Re. 1-4-0, and when the revenue exceeds Rs. 5 but does not exceed Rs. 21-5-4 the fee shall be Rs. 2 ;

(*d*) the above fee shall be charged on all mutations whether accepted or rejected ; provided that the attesting officer may remit the fee on any rejected mutation when in his opinion it would be unjust to recover the fee from the person in whose favour the mutation was entered.

One-fifth of the fee charged shall be paid to the Patwari making the entry in the register, the balance being credited to Government.

When more than the minimum fee under (*b*) or (*c*) is charged fractions of an anna shall be reckoned as a full anna.

In any case in which the fee payable under the foregoing provisions is found to be excessive in amount with reference to the value of the interests transferred, or for any other reason, the Commissioner may either remit the fee or reduce it to such amount as he may consider reasonable.

FINANCE DEPARTMENT.

GENERAL.

The 15th August 1923.

No. 20664.—In exercise of the powers conferred by rule 5 of the Fundamental Rules and in supersession of the rules issued in Punjab Government notification No. 1215-G., dated 19th April 1922, the Governor in Council and the Governor and Ministers hereby make the following rules under rule 45 (*d*) of those rules as to the rent which shall be assessed in the case of Government servants allotted one or more residences leased, acquired or constructed at Government expense. These rules shall apply to all Government servants under the administrative control of the Punjab Government and shall have effect from the 1st May 1923. They shall not apply to residences allotted to Hon'ble Members and Ministers in regard to whom separate rules will be issued :—

DEFINITIONS.

1. (*a*) The expression "allotted" means 'provided' and a Government servant residing in a Government residence before definite allotment may be regarded as having been alloted that residence.

(*b*) The expression "emoluments" bears the meaning attached to it under rule 45 (*b*) of the Fundamental Rules.

(*c*) The period of allotment is determined as follows :—

(*i*) for a non-migratory Government servant—

(*a*) if occupation of the house is a condition of tenure of his appointment, it is the period during which he is serving in that appointment.

(*b*) otherwise it is for twelve months at a time, but terminates on his departure on leave or transfer from the place where he is stationed.

(*ii*) for a migratory Government servant—

(*a*) if he is provided with a residence at Lahore or Simla it is from October 15th to May 14th and from May 15th to October 14th, respectively,

(*b*) if he is provided with a residence at any other hill station it is for the period for which he is permitted to recess in the hills.

(*d*) "Migratory Government servant" means (*a*) a Government servant who is required or permitted to move with the Local Government between Simla and Lahore, and (*b*) a Government servant who is permitted to recess in the hills under the rules in force.

(*e*) "Standard rent" means—

(*i*) For houses occupied for the first time *before* 19th June 1922 rent calculated at 3½ per cent. of actual capital cost of house, including site, or.

For houses occupied for the first time *after* 19th June 1922 rent calculated on actual capital cost of houses, including site, at such rate of interest as may from time to time be fixed by the Secretary of State in Council.

(*ii*) Plus charges prescribed for annual and special repairs.

EXPLANATION.

2. For purposes of rule 1 (*e*) so far as houses leased by Government are concerned the "standard rent" shall mean the rent paid by Government to the landlord, excluding special services where provided. The rent of such special services shall be estimated by the Executive Engineer and shall be paid for by the tenant in addition to the rent recoverable under the rules.

RULES.

3. The monthly rent that shall be assessed in the case of migratory Government servants is as follows :—

Simla Residences.

(*a*) For the residences provided for gazetted Government servants (including Assistant Secretaries) and European and Anglo-Indian clerks at Simla, $\frac{\text{the annual standard rent} \times 3}{12 \times 2}$ or 10 per cent. of the occupant's emoluments, whichever is less, for the period of allotment. For occupation outside the period of allotment the annual standard rent $\times \frac{1}{12}$ or 10 per cent. of emoluments, whichever is less.

(*b*) For the quarters provided for Indian clerks in Ellerslie, 10 per cent. of the occupants' emoluments or the standard rent of the quarters, whichever is less, for the period of allotment.

Lahore Residences.

(*c*) For the residences provided for gazetted officers at Lahore, $\frac{\text{the annual standard rent} \times 5}{12 \times 4}$ or 10 per cent. of the occupants' emoluments, whichever is less, for the period of allotment. For occupation outside the period of allotment the annual standard rent $\times \frac{1}{12}$ or 10 per cent. of emoluments, whichever is less.

(*d*) For the European Clerks Cottages on Multan Road, 10 per cent. of emoluments or the standard rent, whichever is less, for the period of allotment.

In Hill Stations other than Simla.

(*e*) For houses in hill stations other than Simla, 10 per cent. of emoluments, or the standard rent, whichever is less, for the period of allotment. This rent shall be paid in addition to the twelve months' rent assessable under the rules for a residence supplied at the Government Servants' Headquarters.

4. The monthly rent which shall be assessed in the case of non-migratory Government servants is the standard rent or 10 per cent. of the occupants' emoluments, whichever is less for the period of allotment.

General.

5. The limits of rent prescribed by rules 3 and 4, above have reference to the rent of the building only. Additional rent shall be charged for water-supply, sanitary and electrical installations, if these are supplied, and for amenities such as furniture, gardens, tennis courts, etc., supplied and maintained at Government expense. These charges shall be assessed for the period for which rent for the building is payable.

6. Rent shall be recovered monthly in arrears for the period of allotment.

7. The Government servant to whom a residence is allotted shall be responsible for the rent recoverable under the rules. Subletting will only be permitted when there is no other eligible tenant to whom it can be allotted, and then only by the Chief Engineer who should be addressed through the head of the tenant's department.

8. The Public Works Department will endeavour to let in the most advantageous way possible a residence for which a Government servant is not paying rent under the above rules.

Punjab Government Notifications and Orders.

LEGISLATIVE DEPARTMENT.

The 25th August 1923.

No. 25.—The Punjab Stamp (Amendment) Bill, 1923, is published by the order of the Governor under rule 18 of the Punjab Legislative Council Rules for general information :—

Bill to amend the Indian Stamp (Punjab Amendment) Act, 1922.

Preamble.

WHEREAS it is expedient to increase the revenues of the Punjab and for that purpose to amend the Indian Stamp (Punjab Amendment) Act, 1922, in the manner hereinafter appearing, and whereas the previous sanction of the Governor-General under clause (*f*) of sub-section (*3*) of section 80-A of the Government of India Act has been obtained :

It is hereby enacted as follows :—

Title and commencement.

1. (*1*) This Act may be called the Punjab Stamp (Amendment) Act, 1923.

(*2*) It shall come into force on such date as the Local Government may by notification appoint in this behalf.

Amendment of article 23 of Schedule I-A of the Indian Stamp (Punjab Amendment) Act, 1922.

2. In Schedule I-A to the Indian Stamp (Punjab Amendment) Act, 1922, in article 23, before the word "Exemptions" the following proviso shall be inserted, namely :—

Provided that a conveyance of immoveable property situated within a Municipality or Cantonment, shall be chargeable with a stamp duty at double the rate hereinbefore provided.

STATEMENT OF OBJECTS AND REASONS.

On account of the financial stringency it has been found necessary to devise further means of increasing the revenue of the Punjab, and the Governor in Council is, therefore, of opinion that it is desirable to impose special taxation on transfers of immoveable property in towns. The form which the proposal has taken is an amendment of the Indian Stamp Act, in accordance with which the duty on conveyance of such immoveable property in municipalities and cantonments will be increased by 100 per cent.

[Notes on clauses are annexed.]

NOTES ON CLAUSES.

None of the clauses of the Bill require special comment.

N. HANCOCK PRENTER,

Secretary to Government, Punjab,

Legislative Department.

The 25th August 1923.

No. 26.—The Court-Fees (Punjab Amendment) Bill, 1923, is published by the order of the Governor under rule 18 of the Punjab Legislative Council Rules for information :—

Punjab Act VIII of 1918. Punjab Act III of 1922.

A Bill to amend the Court-Fees Act, 1870, as amended by the Punjab Courts Act, 1918, and the Court-Fees (Punjab Amendment) Act, 1922.

Preamble.

WHEREAS it is expedient to revise the rate of valuation of suits relating to land paying annual revenue to Government provided in the Court-Fees Act as amended by the Punjab Courts Act, 1918, and to amend the Court-Fees (Punjab Amendment) Act, 1922, it is hereby enacted as follows :—

Short title, extent and commencement.

1. (*1*) This Act may be called the Court-Fees (Punjab Amendment) Act, 1923.

(2) It extends to the Punjab.

(3) It shall come into force on such date as the Local Government may by notification appoint in this behalf.

Application of Act.

2. The Court-Fees Act, 1870, shall be amended in its application to the Punjab in the manner hereinafter provided.

Amendment of section 7 of the Court-Fees Act, 1870.

3. In sub-clause (*b*) of clause (*v*) of section 7 of the Court-Fees Act, 1870, as amended by clause (*c*) of section 49 of the Punjab Courts Act, 1918, *for* the word " ten " the word " twenty " shall be substituted. VII of 1870

Repeal of section 3 of the Court-Fees (Punjab Amendment) Act, 1922.

4. Section 3 of the Court-Fees (Punjab Amendment) Act, 1922, is hereby repealed. Punjab Act VII of 1922.

STATEMENT OF OBJECTS AND REASONS.

In view of the financial stringency it is necessary to explore all possible means of increasing revenue and the Governor in Council consequently with the advice of the Finance Committee considers that it is desirable to raise the rate of valuation of land paying revenue for the purpose of the Court-Fees Act. At present land is valued for this purpose at ten years' purchase of the land revenue. This does not in the least correspond with the real facts, and it is considered that twenty years' purchase of the land revenue is an extremely moderate estimate.

R. A. MANT,

Member in charge.

NOTES ON CLAUSES.

1. Clauses 1, 2 and 3 provide for the above object, and do not require specia comment.

2. The opportunity is taken to repeal in clause 4, section 3 of the Court-Fees (Punjab Amendment) Act, 1922, which has been rendered superfluous by the enactment by the Imperial Legislature in Act XIX of 1922.

Punjab Government Notifications and Orders.

LEGISLATIVE DEPARTMENT.

The 29th August 1923.

No. 27.—The Punjab Local Option Bill is published by the order of the Governor under Rule 18 of the Punjab Legislative Council Rules for general information :—

A Bill to provide for the restriction of the sale of intoxicating liquor according to the wishes of Local Bodies.

Preamble.

WHEREAS it is desirable to enable Local Bodies to restrict the sale of intoxicating liquor within certain areas, and whereas the previous sanction of the Governor-General under sub-section (3) of section 80-A of the Government of India Act has been obtained, it is hereby enacted as follows :—

CHAPTER I.

PRELIMINARY.

Short title, extent and commencement.

1. (*1*) This Act may be called the Punjab Local Option Act, 192 .

(*2*) It extends to the Punjab.

(*3*) It shall come into force on such date as the Local Government may by notification appoint in this behalf.

Definitions.

2. In this Act unless there is anything repugnant in the subject or context—

(*1*) "Liquor" has the meaning assigned to it in the Punjab Excise Act, 1914.

(*2*) "Foreign liquor" means—

(*a*) all liquor imported by sea into British India other than rectified spirit, denatured spirit and perfumed spirit ;

(*b*) all beer manufactured in India.

(*3*) "Local Body" means a District Board established under the Punjab District Boards Act, 1883, or a Municipal Committee or Notified Area Committtee established or appointed under the Punjab Municipal Act, 1911, or a Small Town Committee established under the Punjab Small Towns Act, 1911.

(*4*) "Empowered Local Body" means a Local Body concerning which a declaration has been made under section 3 that it may exercise the powers therein specified.

(*5*) "Sale" includes any transfer other than by way of gift.

(*6*) "Licensed shop" means the business premises of a person licensed to sell liquor by retail under the Punjab Excise Act, 1914, as specified in the license, but does not include any of the following places in which only foreign liquor is sold, namely—

(*i*) a Club.

(*ii*) a Hotel.

(*iii*) a Restaurant Bar.

(*iv*) a Railway Refreshment Room.

(*v*) a Railway Restaurant Car.

(*7*) "Local Area" means the Area over which a Local Body has authority.

Application for extension.

3. The Local Government shall, on the application of a Local Body, within a period not exceeding three months from the date of such application, declare by notification that such Local Body may exercise the powers conferred under sections 4, 5 and 8 :

CHAPTER II.

POWERS OF AN EMPOWERED LOCAL BODY.

Restriction of liquor shop

4. (*1*) An Empowered Local Body may from time to time by resolution passed in accordance with its rules of business prescribe the maximum number of licensed shops at which liquor may be sold within its Local Area.

(*2*) Such number shall be not less, in the case of a Municipal Committee, than one-third, and in any other case, than one-half of the total number of shops licensed by the Collector for the retail vend of liquor on 31st March 192 within the limits of such Local Area.

(*3*) Such resolution shall take effect from the 1st day of April in the year next following the date on which it was passed.

Referendum.

5. (*1*) An Empowered Local Body may by resolution passed from time to time in accordance with its rules of business—

(*a*) prescribe a maximum number, which may be less than the proportion prescribed in sub-section (*2*) of section 4, of licensed shops at which liquor may be sold within its Local Area ; or

(b) direct that liquor may not be sold at any licensed shop within such Local Area:

Provided that no such resolution shall have effect under this Act until it has been submitted by way of referendum to the registered electors of such Empowered Local Body, and has been confirmed by a two-thirds majority of the total number of such electors.

(2) When a resolution has been confirmed under sub-section (1) it shall take effect from the 1st day of April of the year next following the date of such confirmation and shall thereafter remain in force, provided that at any time such Empowered Local Body may by further resolution declare that such resolution shall cease to have effect upon the 1st day of April in the year next following the date of such further resolution, and such resolution shall accordingly cease to have effect from such date.

Resolutions to be binding on Collector.

6. Notwithstanding anything contained in the Punjab Excise Act, 1914, and the Rules made thereunder with regard to the powers and functions of the Collector under the said Act a resolution passed under section 4 or passed and confirmed under section 5 shall be binding upon the Collector of the District in which the Local Area concerned is situated:

Provided that if the Collector is of opinion for reasons to be recorded in writing that within such local area illicit distillation of alcohol has been carried on or connived at, within the three years preceding the date of the passing of such resolution, by any of the residents of such Local Area, such resolution shall not be binding upon him, unless the Commissioner upon application of the Empowered Local Body concerned orders that it shall be so binding.

CHAPTER III.

POWER TO MAKE RULES.

By Local Government.

7. THE Local Government may make rules regulating the procedure for holding a referendum under section 5.

By Local Bodies.

8. (1) An Empowered Local Body may make rules prescribing—

(a) the portions of its Local Area in which licensed shops may be situated;

(b) the hours during which liquor may be sold at such shops;

(c) the minimum age, which shall not exceed 18 years, of the persons who may be served with liquor at such shops.

CHAPTER IV.

FOREIGN LIQUOR.

Special provision concerning Foreign Liquor.

9. Except as hereinafter provided the provisions of this Act shall not apply to the sale of Foreign Liquor, but when an Empowered Local Body has prescribed a maximum number of licensed shops under section 4 or section 5 or has prohibited the sale of liquor under section 5, and the Local Government is satisfied that the objection of such prescription or prohibition is being evaded by the sale of Foreign Liquor in the Local Area concerned, the Local Government shall by rule made under section 58 of the Punjab Excise Act, 1914, prohibit the Collector from granting a license for the sale of Foreign Liquor in the said Local Area except in accordance with the terms of such resolutions as such Empowered Local Body may have passed or may pass in respect of country liquor, or with the special sanction of the Local Government.

CHAPTER V.

GENERAL.

Penalties.

10. Any person who commits a breach of any rule made under section 8 shall be punishable with a fine which may extend to Rs. 50.

Saving of Punjab Excise Act, 1914.

11. Subject to the provisions of this Act, the provisions of the Punjab Excise Act, 1914, and the rules made thereunder shall have full force and effect in the Local Areas of all Empowered Local Bodies.

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to give effect to a Resolution passed in the Legislative Council on March 18th, 1921, to the effect that the "principle of local option, exercisable by Municipalities and District Boards, be applied as far as practicable to the sale of intoxicating liquors in the Province at an early stage."

Notes on clauses are annexed.

HARKISHAN LAL,

Minister in charge.

NOTES ON CLAUSES.

1. Although the Act is to extend to the Punjab, the Local Option clauses will have effect only in the areas of which the Local Bodies have been specially empowered.

2. Foreign Liquor has been specifically defined because it is not defined in the Punjab Excise Act, 1914, and under the Excise Rules only a very complicated definition is given. The definition of "licensed shop" provides for the exclusion of places where as a rule only foreign liquor is sold from the operation of the Act.

3. By this clause a Local Body may acquire power to exercise lo al option.

4. An Empowered Local Body may restrict the number of liquor shops by simple resolution.

5. An Empowered Local Body may still further restrict or prohibit entirely the sale of liquor by means of a resolution confirmed by referendum.

6. The resolutions passed under clauses 4 and 5 are made binding upon the Collector with a safeguard against illicit distillation.

7 & 8. Relate to rule-making powers.

9. By this clause the rights of the Government of India are intended to be preserved

10. Provides a penalty for breach of rules.

11. Saving of Punjab Excise Act, 1914.

The 29th August 1923.

No. 28.—The Punjab Opium Smoking Bill is published by the order of the Governor under Rule 18 of the Punjab Legislative Council Rues for general information :—

A Bill to provide for the control of the practice of opium-smoking in the towns of the Punjab.

WHEREAS it is desirable to control the practice of opium-smoking and to prevent the assembling of persons for the purpose of opium-smoking ; and whereas the previous sanction of the Governor-General under sub-section (3) of section 80-A of the Government of India Act has been obtained ;

It is hereby enacted as follows :—

Short title, extent and commencement.

1. (*1*) This Act may be called the Punjab Opium-Smoking Act, 192 .

(*2*) It extends to all municipalities and cantonments in the Punjab.

(*3*) It shall come into force on such date as the Local Government may by notification appoint in this behalf.

Definitions.

2. In this Act unless there is anything repugnant in the subject or context—

(*a*) "Opium" means chandu, madak, and every other preparation or admixture of opium which may be used for smoking.

(*b*) "Place" includes a building, house, shop, booth, tent, vessel, raft and vehicle and any part thereof.

Opium-smoking assembly.

3. An assembly of three or more persons is designated an opium-smoking assembly if the common object of the persons composing that assembly is to smoke opium or to prepare opium for smoking purposes.

Explanation.—An assembly which was not an opium-smoking assembly when it assembled may subsequently become such an assembly.

Member of opium-smoking assembly.

4. Whoever, being aware of facts which render an assembly an opium-smoking assembly, intentionally joins that assembly or continues therein is said to be a member of that assembly.

Presumption raised by presence of opium or opium-smoking appliances.

5. The presence of any opium or of any pipes for the smoking of opium or of any apparatus used in the preparation of opium in any place where three or more persons are assembled shall be held sufficient to raise a presumption that each member of such assembly is present at such place for the purpose of smoking opium or of preparing opium for smoking purposes.

Penalty for being member of opium-smoking assembly.

6. Whoever is a member of an opium-smoking assembly shall be punished with imprisonment for a term which may extend to six months, or with fine which may extend to one thousand rupees, or with both.

Penalty for opening, keeping or having charge of place used for such assembly.

7. Whoever opens, keeps or uses any place, or permits any place to be opened, kept or used, for the purposes of an opium-smoking assembly, or has the care or management of, or in any way assists in conducting the business of, any place used or kept for the purposes aforesaid shall be punished with imprisonment for a term which may extend to six months, or with fine, which may extend to one thousand rupees, or with both.

8. Whoever, being the owner of any place, and knowing or having reason to believe that such place, whether in his actual occupation or otherwise, is being or is about to be, used for the purposes of an opium-smoking assembly fails, either himself or through his agent or manager, to give the earliest possible notice of such knowledge or belief to the Collector or to the officer in charge of the nearest police station or to an Excise Officer, shall be punished with a fine which may extend to five hundred rupees.

Penalty when owner fails to give notice of use of place for such assembly.

9. Whoever, having been previously convicted of an offence under sections 6, 7 or 8, is again convicted of an offence under this Act, shall be liable on such subsequent conviction to an enhanced punishment not exceeding twice the amount which might be imposed on a first conviction for such offence.

Enhancement of punishment on second conviction.

10. If a District Magistrate, upon information received and after such inquiry (if any) as he considers necessary, has reason to believe that any place is being, or is likely to be, used for the purposes of an opium-smoking assembly, he may issue a warrant to an officer of the Excise Department, not below the rank of an Inspector, authorising him—

Search warrants and powers to search.

(*a*) to enter such place by day or night with any persons whose assistance such officer may consider necessary;

(*b*) to search all parts of such place in which such officer has reason to believe that any opium or any appliance for the preparation of opium or for opium-smoking is concealed and all or any persons whom he may find in such place;

(*c*) to arrest all persons whom such officer may find in such place, whether they are actually engaged in smoking opium or not;

(*d*) to seize all opium and appliances for opium-smoking or for the manufacture of opium which may be found in such place.

11. The provisions of the Code of Criminal Procedure, 1898, shall apply to the execution of warrants and to searches made under the foregoing section.

Application of the Code of Criminal Procedure, 1898, to warrants and searches.

12. Whenever any officer makes any arrest or seizure under this Act, he shall, within forty-eight hours next after such arrest or seizure, make a full report of all particulars thereof to his immediate official superior; and every person arrested and thing seized shall be forwarded without delay to the officer by whom the warrant was issued, or to the nearest police station.

Report to be made in case of arrest or seizure.

13. When any person arrested under this Act is prepared to furnish bail he shall be released on bail or, at the discretion of the officer making the arrest, on his own bond.

Bail and Security.

14. Every officer of the Police, Salt, Customs and Land Revenue Departments shall be bound to give reasonable aid to any Excise Officer in carrying out the provisions of this Act upon notice given and request made.

Aid to Excise Officers.

15. On the conviction of any person for an offence under this Act the Court may order that any opium or any instrument or appliance in respect of, or by means of, which such offence has been committed, or any receptacle, package or covering in which such opium, instrument or appliance was found, and any other contents of such receptacle, package or covering shall be confiscated or destroyed.

Confiscation and destruction of opium and things seized.

16. No Magistrate other than a Magistrate of the first class shall try any offence punishable under this Act.

Offences to be triable by first class Magistrates only.

17. No suit shall lie in any Civil Court against the Secretary of State for India in Council or any Excise Officer for damages for any act in good faith done or ordered to be done in pursuance of this Act.

Bar of certain suits.

18. (*1*) The Local Government may make rules to carry out the objects of this Act.

Power to make rules.

(*2*) In particular and without prejudice to the generality of the foregoing power such rules may—

(*a*) regulate the disposal of things confiscated under this Act,

(*b*) prescribe and regulate the payment of rewards out of fines imposed under this Act.

STATEMENT OF OBJECTS AND REASONS.

1. The object of this Bill is to check opium-smoking.

2. It will be enforced only in municipal and cantonment areas. It is believed that evil of opium-smoking is not prevalent in the rural areas of the Province.

3. Opium-smoking is indulged in in company. It is essential to control all gatherings for the purpose of smoking opium and to prohibit all manufacture of opium-smoking preparations save by an individual for his own private consumption. Smoking in company tends to attract new recruits to the habit.

4. Opium-smoking takes place in most cases with the connivance of owners of houses in the large cities in most of which opium-smoking dens exist and the existing law is inadequate to suppress this evil. Section 8 in the Bill is intended to give such owners a fair opportunity to clear themselves.

5. It is intended that the working of the proposed legislation should be entrusted, wherever possible, to Excise officials rather than to the Police.

6. It will not be necessary to amend the Opium Act, but if any amendment is needed it will be proceeded with separately.

7. The clauses of the Bill do not require further explanation in detail.

HARKISHAN LAL,
Member in charge.

N. HANCOCK PRENTER,
Secretary to Government, Punjab,
Legislative Department.

ERRATUM.

The 4th September 1923.

No. 3225-S. F.—In Punjab Government, Finance Department, notification No. 2914-S., dated 22nd August 1923, *substitute* the following *for* clauses (6) and (9), and omit clause (10)—

(6) *For* rule 28 (*a*) *substitute*—

" For journeys by road, mileage allowance is calculated at the following rates for each mile travelled subject, in the case of journeys on tour, to the provisions of rule 58 :—

A Government servant of the first grade	...	12 annas, or, if the journey is by motor cycle 6 annas ;
A Government servant of the second grade	...	6 annas ;
A Government servant of the third grade	...	3 annas ; and
A Government servant of the fourth grade	...	1½ annas. "

(9) *For* rule 58 *substitute*—

" (*a*) When a journey by road only is performed, mileage allowance may be drawn in addition to daily allowance for such portion of the journey as is in excess of (*a*) 25 miles if the journey starts from and ends with the same place on the same day, and (*b*) 15 miles in other cases.

(*b*) When a journey is performed by railway or steamer, or both, a Government servant in superior service may, subject to any conditions which a competent authority may by general or special order impose, exchange his daily allowance for mileage allowance on any day on which he travels by railway or steamer, or both, provided that, if a continuous journey extend over more than one day, the exchange must be made for all such days and not for a part only of them.

(*c*) When a journey by road is combined with a journey by railway or steamer under clause (*b*) of this rule a Government servant is not entitled to mileage allowance on account of such journey by road in addition to mileage allowance by rail or steamer, unless the journey by road exceeds 25 miles if it starts from and ends with the same place on the same day, and 15 miles in other cases. If these limits are exceeded he is entitled to mileage allowance for the excess in addition to the amount drawn under clause (*b*).

(*d*) As a partial exception to clauses (*b*) and (*c*) in the case of halts on tour the daily allowance ordinarily admissible under these rules may be drawn in addition to the mileage allowance on the day of arrival at the place of halt if the Government servant arrives before noon and on the day of departure if he leaves afternoon, provided that when the day of arrival and the day of departure are consecutive daily allowance can be drawn for one day only on these conditions.

NOTE.—Short journeys within a radius of 5 miles from headquarters may not be added to other journeys when calculating the distance travelled by road or the amount of mileage allowance admissible for road journeys."

The 10th September 1923.

No. 21854.—The following telegram from His Excellency the Viceroy to all Governors of Provinces is published for general information :—

"The most terrible calamity within the memory of the present generation has overtaken many millions of humanity in Japan. In a moment of time thousands have become widows or orphans : families have been deprived of their bread-winners : homes have been destroyed, and over a wide area property and possessions have been annihilated and ceased to exist. At such a time I feel confident that the sympathy of all classes and creeds in India

goes out to those who have been involved in these terrible disasters, and that proposals to alleviate their sufferings will make a wide appeal to many in India. I have accordingly decided to institute a fund which will be known as the Viceroy's Japanese Relief Fund. Donations may be paid to the Agents of the Imperial Bank of India at the head-quarters of Provinces in India and Burma. The names of newspapers which have been authorised to collect for the fund will be published in the press from time to time."

	25	To notify seasons during which the kindling, etc., of fire is not prohibited.
	45	To notify depôts for draft timber, etc.
	60	To direct release of property seized.
	82	To take possession of and sell forest produce for Government use.
II. All Deputy Conservators, Assistant Conservators and Extra Assistant Conservators.	46	To issue notice to claimants of drift timber, etc.
	47	To decide claims to drift timber, etc.
	50	To receive payments on account of drift timber, etc.
III. All Deputy Conservators, Assistant Conservators and Extra Assistant Conservators. Forest Rangers, Deputy Rangers and Foresters when specially authorised in that behalf by the Chief Conservator of Forests or Conservators of Forests.	25	To permit acts otherwise prohibited in reserved forests.
	33	To permit acts otherwise prohibited in protected forests.

3. The Chief Conservator of Forests and Conservators of Forests are empowered to exercise all or any of the powers conferred in the foregoing schedule.

4. The Chief Conservator of Forests and Conservators of Forests are empowered, under section 24 of the Act, with the previous sanction of the Commissioner of the Division, to stop ways and water-courses in reserved forests, subject to the provisions of that section.

5. All Revenue Officers below the rank of Tahsildar and all Police Officers up to and including Inspectors, all Forest Officers below the rank of Extra Assistant Conservators and Forest Office Clerks and messengers, as well as persons who are not public servants, are eligible for rewards under these rules.

6. On conviction of an offender, or on directing the confiscation of property under section 56, the Magistrate by whom the case has been decided is authorised to grant such reward, and in such proportions as he may think fit, to any person or persons who have contributed to the seizure of the property confiscated, or the conviction of the offender, provided that the total amount of the reward shall not exceed the estimated value of the property confiscated *plus* the amount of any fine imposed.

7. If in any case the fine and the proceeds of the property confiscated cannot be immediately realized, the Magistrate deciding the case shall at once pay the reward (provided that it does not exceed Rs. 100). If in any case the Magistrate considers that more than Rs. 100 should be distributed as rewards, he shall distribute Rs. 100 at once, and shall submit his recommendation for a larger reward, through the Conservator of Forests, concerned, for the orders of the Local Government, giving his reasons for the same.

8. In case the Magistrate has not at his disposal a fund out of which the reward can be paid, or in the case of an order of confiscation where by law the Forest Officer takes charge of the property, the Forest Officer of the Division shall on requisition furnish the Magistrate with the necessary funds.

9. In any case the rewards shall be paid within the limit and under the sanction provided in rule 6, even though the fine may not have been realized. In cases in which the Forest Officer has furnished the funds under the rule, the fine on recovery shall be paid over to him.

10. If after payment of the reward the conviction is reversed in appeal, the amount paid away in reward shall not be recovered from the persons to whom it has been paid unless it shall appear that they have acted fraudulently in the case.

11. In cases where, under section 67 of the Indian Forest Act, a Forest Officer has accepted a sum of money as compensation for any damage which may have been committed, the Conservator of Forests concerned may authorise the payment of a portion of the amount realized (not exceeding three-fourths) as a reward to any person or persons who may have contributed to the discovery of the offender.

(*a*) If such power is general	3	0	0
(*b*) If special	2	0	0

Article IX.—When under section 36 application is made to issue and serve a summons, process fees and remuneration of the person summoned, at the rate prescribed for the civil courts of the province, are to be levied from the person at whose instance, or in whose behalf the application is made, and forwarded with the application. When, however, the person summoned is the person who has executed the document, remuneration is not to be allowed him.

Article X.—For the safe custody of documents, remaining unclaimed after registration or after registration is refused—

	Rs.	A.	P.
When application for return of a registered document, or of a document, registration of which has been refused, is made more than one week, but not more than two weeks from the date of such registration or refusal	0	4	0
And for delay in applying for return of such document beyond two weeks, for each week or fraction thereof	0	4	0
Provided that the maximum fee leviable under this article in the case of a single document shall not exceed	5	0	0

NOTE (1).—A registrar is empowered in his discretion to remit, in whole or in part fees leviable under this article, by himself or by registration officers subordinate to him, in cases in which it appears to him that their exaction would be productive of injustice or hardship.

NOTE (2).—It must be understood that no custody fee is leviable when application for the return of a document is made *within one week after the date of registration.*

Thus, if the document be registered on the 31st March, no fee is chargeable if application for its return be made between 1st and 7th April; but if the application be made after 7th April, fees are leviable as follows :—
